DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 19th August 1926.

Summary.—During the week the rainfall was heavy in most districts of West and East Bengal. Elsewhere the fall was generally light to moderate. Transplantation of winter paddy seedlings is progressing favourably but more rain is still needed in some North Bengal districts. Cutting, steeping and washing of jute continue. Condition and prospects of standing crops are generally satisfactory except in Hooghly, Howrah and Midnapore, where excessive rain and flood have caused some damage. The average price of common rice for the province has risen by about 0·37 per cent. as compared with that of the previous week.

NOTIFICATION.

Test Examination of private candidates for the Matriculation Examination of 1927.

A Test Examination of private candidates will be held in the office of the Inspector of Schools, Presidency Division, Calcutta, from Monday, the 29th November 1926. *Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.* The term "private candidate" includes school-masters.

2. Private candidates are those who have not attended any school recognised or unrecognised for at least one year previous to the Matriculation Examination. They should produce proof that they have not attended any school for such period. They should also produce certificates of conduct and progress in studies from the authorities of the last school where they read, and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school. The transfer certificates granted to them by the authorities of the schools in which they studied last of the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation Examination, must be submitted in original along with the application for permission to appear at the Test Examination. A statement of the antecedents of the candidate should accompany his application. He should state whether he has read in any unrecognised school, and if so, in what school and in what year. A student, who failed to pass the annual examination for promotion to the first class at the end of the year 1925 and then left school, will in no circumstances be allowed to appear at the Test Examination of 1926.

3. *Bonâ fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination. They must produce certificates of service and character from their employers or from the Deputy Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation Examination unless he has completed the age of fifteen years on the first day of the month in which the Matriculation Examination is held.

5. Each candidate should submit to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, not later than the 2nd November 1926, his application for admission to the Test Examination, with the following particulars:—

(1) Age, (2) residence, (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation Examination, (5) second language besides English, (6) vernacular language, and (7) which two of the following optional subjects he has taken up:—

(*a*) Additional Mathematics.
(*b*) Additional paper in a classical language.
(*c*) History.
(*d*) Geography.
(*e*) Elementary Mechanics.

6. The admission fee for the examination is Rs. 6 for each candidate. This must be remitted with the application on or before the prescribed date, after which a fine of Rs. 2 will be imposed for each week's delay. **In no circumstances will the admission fee be refunded.**

7. No private student will be admitted to the Test Examination unless he is satisfactorily identified.

8. Candidates who are sent up by this office must appear at the Calcutta examination centre.

9. Those who reside at a distance from Calcutta may, as special cases, be permitted to sit at the Test Examination at the nearest Government High English School. They will be supplied with printed question papers from this office to which their answer papers should be sent by the Head Master concerned.

10. The date of the Matriculation Examination in 1927 will be notified hereafter.

11. Applications and fees for admission to the examination must reach the office of the Registrar on or before the date to be fixed by the University.

Intermediate and B. A. Examinations in 1927.

Deputy Inspectors, Sub-Inspectors and *bonâ fide* teachers of English schools in the Presidency Division, who have been employed as such for at least three years preceding the examination, will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. Laboratory assistants and demonstrators and librarians of affiliated colleges will be treated as teachers. *Their applications must reach this office on or before the 3rd December 1926.*

1. In accordance with section 9, Chapter XV, of the revised Regulations dealing with the registration of University students, all candidates who intend to appear at any of the ensuing examinations of the University of Calcutta otherwise than as students of affiliated institutions, and who have applied for or have obtained the special permission of the Senate for the purpose, are required to apply to the Registrar of the Calcutta University for the registration of their names as University students. No person will be deemed a "University students" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation. A registration fee of Rs. 2 must accompany every application.

2. Candidates for the B.A. Examination must send to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, their F. A., I. A., or I. Sc. certificates, and candidates for the Intermediate Examination their Entrance and Matriculation certificates, together with a letter in original from the Senate of the Calcutta University, permitting them to appear at the examination.

3. Candidates should carefully read the printed form of application and supply all the information required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The dates of the Intermediate and B. A. Examinations in 1927 will be notified hereafter.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must reach the *office of the Registrar on or before the dates to be fixed by the University*, and must be sent to that office by the candidates direct.

Rules for the guidance of private candidates for the Matriculation Examination of 1927.

THE following rules for the guidance of private candidates for the Matriculation Examination are published for general information.

2. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bona fide* school masters.

3. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned against it :—

Name of school	Date of examination.
(1) Comilla Zilla School	6th, 7th, 8th, 9th and 10th December 1926.
(2) Noakhali R. K. Zilla School	
(3) Chittagong Collegiate School	
(4) Rangamati High English School	

Female candidates are not required to undergo any Test Examination.

Each private student will pay a fee of Rs. 3 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some person known to the headmaster of the institution in which he appears.

4. Application for permission to appear at the Test Examination must be sent in time so as to reach this office not later than the 5th November 1926. The information to be given and the documents to be appended, in original, are the following :—

(*a*) Name of the school in which the candidate last studied.

(*b*) Transfer certificate, in original, granted to the candidate by the headmaster of the school in which he last studied ; or

(*c*) In the case of a candidate who previously appeared at the Matriculation Examination, Controller's receipt, in original, for the fee paid.

(*d*) Age of the candidate. No candidate, who will not have completed the age of 16 years on the first day of the Matriculation Examination, will be allowed to appear at it.

(*e*) In the case of school-masters, a certificate of good conduct from the secretary of the school in which he is serving or from the Inspector of the district or subdivision concerned.

(*f*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline and that he has not read in any school since the last Matriculation Examination.

(g) A statement by the candidate giving the following facts :—

(i) Residence.
(ii) Father's name.
(iii) Second language besides English.
(iv) Vernacular language for composition.
(v) Vernacular language from which translation is to be made into English in the first English paper.
(vi) Which of the following subjects he has taken up :—

(1) Additional mathematics.
(2) Additional paper in the classical language.
(3) History.
(4) Geography.
(5) Elementary mechanics.

(vii) The name of the school at the Test Examination of which the candidate wishes to appear must be stated. Candidates of the plains districts will not be allowed to appear at the Test Examination of the Rangamati High English School.

N B —A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1925 and then left the school can, under no circumstances, be allowed to appear at the Test Examination

5. The Inspector on being satisfied will countersign and return the application which will then be the candidate's passport for admission to the Test Examination.

6. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear, at least 15 days before the date of that examination. The headmaster will deposit the amount realized by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

7. The headmasters of the institutions named in paragraph 3 above should direct private students who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination and to sign them in their presence. They will then grant the necessary certificates and forward the applications to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

8. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

9. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

10. The Matriculation Examination will be held in March 1927, the exact dates of which will be notified by the University.

11. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

NOTIFICATION.

No. 2880 L., dated Calcutta, the 26th August, 1926.—The following Bill was introduced in the Bengal Legislative Council on the 19th August, 1926, and is hereby published for general information, together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL VILLAGE SELF-GOVERNMENT (AMENDMENT) BILL, 1926.

A

BILL

to amend the Bengal Village Self-Government Act, 1919.

WHEREAS it is expedient to amend the Bengal Village Self-Government Act, 1919, in the manner hereinafter appearing; Ben. Act V of 1919.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Bengal Village Self-Government (Amendment) Act, 1926.

Amendment of section 21.

2. In section 21 of the Bengal Village Self-Government Act, 1919—

(*1*) for sub-section (*1*), the following shall be substituted, namely:—

"(*1*) The number of dafadars and chaukidars to be employed in a Union and the salary to be paid to them shall be determined from time to time by the Union Board, subject to the approval of the District Magistrate:

Provided that if the District Magistrate withholds his approval he shall record his reasons for so doing.

(*2*) The nature and cost of equipment of dafadars and chaukidars shall be determined from time to time by the District Magistrate after considering the views of the Union Board."

(*2*) The existing sub section (*2*) shall be renumbered as sub-section (*3*).

STATEMENT OF OBJECTS AND REASONS.

The Union rate realized from the villagers and at present the number of chaukidars and their pay is very high; and in respect of the number and pay, etc., of chaukidars, opinions of the villagers should be highly taken into consideration. As the Government do not defray the expenses about the matter, the all-supreme power should not remain with the District Magistrate. So apparently this provision is made for the encouragement of some power of the Union Board. It is also practically important for the Government to reduce the Chaukidari Tax which will remove public discontent and make the people more loyal, and also such provision was made in the Chaukidari Amendment Act. Under the circumstances it is the most desirable that there can be no question that this Act is far more important than the Chaukidari Act.

NOTIFICATION.

No. 2881 L., dated Calcutta, the 26th August, 1926.—The following Bill was introduced in the Bengal Legislative Council on the 19th August, 1926, and is hereby published for general information, together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL LOCAL SELF-GOVERNMENT (AMENDMENT) BILL, 1926.

A

BILL

further to amend the Bengal Local Self-Government Act of 1885.

WHEREAS it is expedient further to amend the Bengal Local Self-Government Act of 1885, in the manner hereinafter appearing; Ben. Act III of 1885.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Bengal Local Self-Government (Amendment) Act, 1926.

Application of Act.

2. Save as otherwise hereinafter provided, the amendments made by this Act in the Bengal Local Self-Government Act of 1885 (hereinafter referred to as the said Act) apply to section, or portion of section, of the said Act which are in force throughout Bengal.

Amendment of section 13 of Bengal Act III of 1885.

3. In section 13 of the said Act, as in force in areas in which the Bengal Village Self-Government Act, 1919, is not in force, after clause (*c*) of proviso (*2*), the following shall be inserted, namely:—

"or

(*d*) is a graduate or licentiate of any University, or holds a certificate as a Pleader or Mukhtear or holds a certificate from a Government recognised Madrasha".

Amendment of section 65B.

4. At the end of clause (*c*) of section 65B the following shall be added, namely:—

"of whom at least one shall be a teacher of primary institutions or such other representative of teachers of primary institutions as the District Board may think fit".

STATEMENT OF OBJECTS AND REASONS.

The Local Self-Government Act requires many amendments. But if all amendments are brought, it will require public opinion and it shall have to be given to the Select Committee. By this time some full Amendment Bill was rejected. But in this Bill, graduates, Pleaders and Mukhtars, etc., to be voters and in section 65 B in clause (*c*) of members other than District Board members at least one shall be a teacher of primary institution or their representative. Because it is fundamental principle that major portion of District Board money shall be spent for primary education. But in spite of this there is no member from primary institution and for this primary education and the teachers of primary institutions suffer very much. To remove their sufferings this Bill is presented.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 7th August, 1926.

No. F.-115-I-26-A.C.—Under Rule 18 of the Indian Legislative Rules the Governor General has been pleased to order the publication in the *Gazette of India* of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and Statement of Objects and Reasons are accordingly published for general information:—

BILL NO. 35 OF 1926.

A Bill further to amend the Indian Coinage Act, 1906, and the Indian Paper Currency Act, 1923, for certain purposes, and to lay upon the Governor General in Council certain obligations in regard to the purchase of gold and the sale of gold or gold exchange.

WHEREAS it is expedient further to amend the Indian Coinage Act, 1906, and the Indian Paper Currency Act, 1923, for certain purposes, and to lay upon the Governor General in Council certain obligations in regard to the purchase of gold and the sale of gold or gold exchange; It is hereby enacted as follows:— III of 1906. X of 1923.

Short title, extent and commencement

1. (*1*) This Act may be called the Currency Act, 1926.

(*2*) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force on the 1st day of November, 1926.

Amendment of Act III of 1906.

2. In the Indian Coinage Act, 1906, section 11 and the word "and" at the end of clause (*d*) of sub-section (*2*) of section 21, and clause (*e*) of that sub-section, shall be omitted. III of 1906

Amendment of Act X of 1923

3. In the Indian Paper Currency Act, 1923— X of 1923

(*a*) to section 2, after the words "in this behalf" the following shall be added, namely :—

"and

"gold bullion" includes gold coin";

(*b*) in clause (*a*) of section 11 the words "or in gold coin which is legal tender under the Indian Coinage Act, 1906" shall be omitted ;

(*c*) in section 13—

(*i*) the words "for gold coin which is not legal tender under the Indian Coinage Act, 1906, or" shall be omitted ; and

(*ii*) for the figures "11·30016" the figures "8·47512" shall be substituted ;

(*d*) in section 18—

(*i*) in sub-section (*4*) the words "sovereigns, half-sovereigns" and the words "coin and" shall be omitted ; and

(*ii*) in clause (*a*) of sub-section (*8*) for the figures "11·30016" the figures "8·47512" shall be substituted ;

(*e*) in section 19—

(*i*) in sub-section (*3*), the words "sovereigns, half-sovereigns" shall be omitted, and in the *Explanation*, after the word "sub-section" the following words and figures shall be inserted, namely :—

"gold bullion shall be reckoned at the rate of one rupee for 8·47512 grains troy of fine gold, and"; and

(*ii*) in sub-section (*5*), the words "coin or" and the word "coin", where it occurs for the second time, shall be omitted.

Obligation upon Government to purchase gold bullion tendered for sale.

4. Any person who offers for sale to the Governor General in Council at the office of the Master of the Mint, Calcutta, or the Master of the Mint, Bombay, or at any other place notified in this behalf by the Governor General in Council in the Gazette of India, gold in the form of bars containing approximately four hundred fine ounces, shall, subject to such conditions as the Governor General in Council may, by notification in the Gazette of India, prescribe, be entitled to receive payment for the same at the rate of twenty-one rupees, three annas and ten pies per tola of fine gold.

Obligation upon Government to sell either gold or gold exchange on demand

5. (*1*) Any person on demand at the office of the Controller of the Currency, Calcutta, or of the Deputy Controller of the Currency, Bombay, shall be entitled to purchase, at the option of the Controller or Deputy Controller, as the case may be, either gold for delivery at the Bombay Mint at the rate of twenty-one rupees, three annas and ten pies per tola of fine gold or gold exchange at an equivalent rate payable in any country outside India specified by such person which maintains a free gold market and which has been notified in this behalf by the Governor General in Council in the Gazette of India :

Provided that no person shall be entitled to demand gold of less value than four hundred fine ounces or gold exchange payable in any one country of less than that value.

(*2*) For the purpose of determining the equivalent rate applicable to the sale of gold exchange under this section, twenty-one rupees, three annas and ten pies shall be deemed to be equivalent to such sum in the currency of the country in which the exchange is payable as represents the standard price of one *tola* of fine gold in that country after deduction therefrom of an amount representing the normal cost per tola of transferring gold bullion in bulk from Bombay to that country including interest on its value during transit.

(*3*) The Governor General in Council shall from time to time determine in accordance with the provisions of sub-section (*2*), the equivalent rate in respect of each country notified under sub-section (*1*), and shall notify the rates so determined in the Gazette of India.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to give effect to those recommendations of the Royal Commission on Indian Currency and Finance which relate to the immediate stabilisation of the Rupee in relation to gold and to the interim measures required during the transition period pending the bringing into operation of their proposals for the transfer to a Reserve Bank of India of the control of the Note issue and other functions at present performed by the Secretary of State and by the Government of India.

2. The Commission recommend in paragraph 175 of their Report that the Rupee should be stabilised in relation to gold at a rate corresponding to an exchange rate of 1*s.* 6*d.* gold for the rupee, that is, at the rate of one rupee for 8·47512 grains of gold. Clause 2 and all but the last portion of sub-clause (*e*) (*i*) of clause 3 are designed to give effect to this recommendation and at the same time to remove the legal tender quality of the sovereign and the half-sovereign, which are at present legal tender at the rate of 2*s.* for the rupee, in accordance with the Commission's recommendation in paragraph 66 of their Report that these gold coins must be demonetised in order to enable a real gold bullion standard to be established.

3. The Commission recommend in paragraph 166 of their Report that, until the Reserve Bank of India takes over the control of the Note issue, the Government of India must be under a statutory obligation to buy gold and to sell gold or gold exchange at its option at the gold points of the accepted gold parity of the rupee. Clauses 4 and 5 are designed to give effect to this recommendation and are based on the outline suggested in Schedule V to the Report.

4. Opportunity has been taken to amplify the *Explanation* to sub-section (*3*) of section 19 of the Indian Paper Currency Act, 1923, which contains the temporary provisions, so as to provide for the valuation of the gold bullion held in the Paper Currency Reserve on the lines of clause (*a*) of sub-section (*3*) of section 18 which refers to the permanent provisions which have not yet come into force.

5. It was announced in the press communiqué dated August the 4th, 1926, which accompanied the issue of the Commission's Report, that, pending legislation, the Government would take such steps as may be necessary to confine the movements of exchange within the approximate upper and lower gold points as calculated on the basis of a 1*s.* 6*d.* rupee, namely, 1*s.* $6\frac{7}{16}$*d.* and 1*s.* $5\frac{9}{16}$*d.*, respectively, and the Government undertook in the same communiqué to lay proposals before the Legislature during the forthcoming Session in order to give the Legislature the earliest possible opportunity of considering the matter. This Bill is designed to give effect to that undertaking.

CALCUTTA, *the 12th August 1926.*

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 25th August 1926.

Summary.—The rainfall during the week was generally light to moderate. Cutting, steeping and washing of jute continue, but want of sufficient water for steeping is being felt in some North Bengal districts. Transplantation of winter paddy seedlings is progressing favourably. The standing crops are thriving well except in Midnapore and Hooghly, where excessive rain and flood have caused some damage. The average price of common rice for the province has risen by about 1·10 per cent. as compared with that of the previous week.

LOCAL SELF-GOVERNMENT DEPARTMENT.

NOTIFICATIONS.

No. 2638L.S.-G.—The 1st September 1926.—In exercise of the power conferred by clauses (*a*), (*b*) and (*c*) of section 138 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), the Governor in Council is pleased to make the following amendments in the notification, dated the 11th February 1886, as subsequently amended by notification No. 4564L.S.-G., dated the 13th November 1924 :—

Amendments.

1. *For* clauses (*d*), (*f*) and (*h*) of rule 75E *substitute* the following :—

"(*d*) If there be more than one candidate for election as Chairman, the President shall hand to each member present a voting paper in the form appended to these rules, in which the names of the candidates who have been duly proposed and seconded have been entered, and shall ask each member to record his vote by placing the mark × in the place provided for the purpose in the voting paper, opposite the name of the candidate whom the member prefers, and to sign his name on the back of the counterfoil of the voting paper."

"(*f*) Each member after placing the mark × on the voting paper shall fold the counterfoil so as to conceal the votes recorded, sign his name on the back of the counterfoil and then hand the paper to the President. Without such folding of the counterfoil or signature the voting paper shall be invalid."

"(*h*) The President, as soon as all the voting papers have been delivered to him, shall, in the order hereinafter specified—

(1) reject any voting paper which is unsigned or of which the counterfoil is not properly folded ;

(2) tear off the counterfoils containing the signatures and place them apart from the voting papers proper ;

(3) reject any voting paper which is irregularly marked ;

(4) read out the names of the candidates against which the mark × has been validly made ;

(5) count the votes ; and

(6) declare the candidate to whom the largest number of votes has been given to be elected as Chairman of the District Board."

2. *Delete* clause (*i*) of rule 75E.

3. Re-number clauses (*j*), (*k*), (*l*) and (*m*) of rule 75E as clauses (*i*), (*j*), (*k*) and (*l*), respectively.

4. *For* the existing form of the voting paper *substitute* the following :—

No. 2086L.S.-G.—The 6th September 1926.—In exercise of the power conferred by section 5 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), and after consideration of the views of the Bogra District Board and the East Bogra Local Board the Governor in Council is pleased to direct that each of the following local areas in thanas Shariakandi, Gabtali, Dhunat, Sherpur and Bogra, in the district of Bogra, shall be declared a union for the purposes of the Act.

Bogra.

2. In exercise of the power conferred by sub-section (*1*) of section 6 of the said Act, the Governor in Council is further pleased to establish union boards for each of the unions hereby declared and to fix nine as the number of members of each such union board.

3. In exercise of the power conferred by sub-section (*3*) of section 6 of the said Act, the Governor in Council is pleased to direct that one-third of the total number of members of each union board shall be appointed by the District Magistrate on the grounds that the electors are inexperienced and that such appointment is necessary for the due representation of minorities :—

MISCELLANEOUS.

NOTIFICATION.

No. 1361 Mis.—The 28th August 1926.—In supersession of all previous rules issued on the subject the Governor in Council is pleased to make the following revised rules for the regulation of appointments in the clerical service of the Secretariat of the Government of Bengal and certain Government offices in future.

M. C. McALPIN,
Secretary to the Government of Bengal (Offg.).

Rules for the regulation of appointments in the clerical service of the Secretariat of the Government of Bengal.

The clerical service of the Secretariat of the Government of Bengal is divided into two divisions—the Upper Division and the Lower Division.

Upper Division.

2. The Upper Division of the clerical service in the Secretariat is graded as follows:—

(*a*) Rupees 125 a month on probation for two years.

(*b*) After confirmation a time-scale of pay, Rs. 150—10—250—15—400, with an efficiency bar at the stage of Rs. 250.

(*c*) Two selection grades, one of Rs. 325—25—400 alongside the above time-scale, and another of Rs. 425—25—500 beyond it. The former selection grade is limited to 15 per cent of the number in the Upper Division.

Special pay of Rs. 100 per mensem attaches to certain of the posts of Head Assistants.

3. Vacancies which occur in the Upper Division of each department will be filled by the following methods:—

(*a*) Direct recruitment of candidates by means of a competitive examination which will be the same as that prescribed for the recruitment of the Bengal Civil Service (Executive) and other services in Bengal. The rules regulating the recruitment of these services will apply in the case of direct recruitment of the Upper Division of the Secretariat. These rules may be obtained on application from the Appointment Department of this Government.

(*b*) Selection of suitable Europeans or Anglo-Indians. The educational attainments required of such candidates will be the Intermediate Examination, the Senior Cambridge Local Examination, the Cambridge Senior School Certificate Examination or a certificate that the candidate has passed the final examination of the advanced Commercial Classes. In this case preference will be given to graduates.

(*c*) Promotion from the Lower Division.

No clerk in the Lower Division, however, has, as a matter of right, any claim to promotion in the Upper Division, which will be given strictly according to merit.

One-third of the vacancies in the Upper Division will be filled by method (*c*). So long as all the assistants in the Lower Division, who were recruited previous to April 1910 and are considered fit for promotion to the Upper Division, have not been provided for, this proportion of one-third may be exceeded. The relaxation of this rule of one-third will not, however, override the provisions of rule 14 as regards the appointment of Muhammadans, nor will it affect the appointment of Anglo Indians to the special branch of the Political Department of this Government.

4. For the purpose of the selection of candidates under rule 3 (*b*), the Director of Public Instruction shall be asked to submit, in consultation with the authorities of European colleges and schools, the names of two or three candidates for each vacancy who possess the qualifications prescribed. From among these a selection will be made by the Secretaries at a meeting.

5. Candidates selected under rule 3 (*a*) and 3 (*b*) will be on probation for two years, during which they will draw pay at the rate of Rs. 125 per month. Candidates selected under rule 3 (*c*) will on confirmation commence at Rs. 170 in the time-scale of Rs. 150—10—250—15—400 for the Upper Division.

Lower Division.

6. The Lower Division of the clerical service of the Secretariat is graded as follows:—

(*a*) Rupees 60 a month on probation for two years.

(*b*) After confirmation a time-scale of pay, Rs. 65—4—145—145—150, with an efficiency bar at the stage of Rs. 105.

(*c*) Selection grade of Rs. 175—25—200 for clerk of special merit (limited to 10 per cent of the Lower Division in each Department) who have passed at least three years on the maximum of the time-scale.

The bar in the time-scale will apply in the case of those clerks who are employed on purely routine work, such as despatcher, sorter, recorder, indexer, diarist, inter-departmental clerk, file-keeper, etc.

7. The vacancies which occur in the Lower Division of the departments of the Secretariat will be filled up by means of a competitive examination. In special cases, as laid down in rules 13 and 14, appointments may be made by nomination.

8. The examination will be held in the month of August of each year. The arrangement for the examination will be made by the Central Examination Committee, Bengal, who will be assisted by paid examiners, and will act in communication with the Secretary to the Government of Bengal, Finance Department.

9. Candidates will be required to produce evidence that they have been through a complete secondary school course. In the case of Europeans and Anglo-Indians, applicants may be accepted who have obtained the elementary school certificate and have taken the supplementary commercial course prescribed by the European Schools Code. Every candidate must submit before the 15th July a written application for permission to appear at the examination.

10. The application under the last rule shall be in the form given below, and must be accompanied by a treasury receipt for the sum of Rs. 10. This sum the candidate is required to pay into the treasury nearest his place of residence by way of examination fee **and in no circumstances will this sum be refunded.**

FORM.

To

The Secretary to the Government of Bengal,
Finance Department.

Sir,

I request permission to present myself at the ensuing examination of the candidates for appointment in the Lower Division of the clerical service of the Secretariat of the Government of Bengal.

2. A treasury receipt for the fee of Rs. 10 is forwarded herewith.

I am, etc.

With the application must also be forwarded—

(*i*) The candidate's evidence that he has been through a complete secondary school course, and in the case of Europeans and Anglo-Indians, that he has obtained the elementary school certificate and taken the supplementary commercial course prescribed by the European Schools Code.

(*ii*) Evidence that the candidate, at the date of making the application, is not less than 18 and not more than 23 years of age. The date of the candidate's birth must be stated.

(*iii*) In case the candidate has been educated at a school in which students' good conduct registers are kept, and in case a year has not elapsed since he left school, an extract from the register relating to the candidate for the last year of his attendance at school, certified by the head master. In other cases a certificate that the candidate is of good moral character is required from the head of the institution in which he has last been educated, or from some respectable householder to whom he is well known in private life, and who is himself known to a District or Subdivisional Magistrate, or to the head of some Government office, this last fact being certified by the countersignature of the officer in question.

(*iv*) If the candidate is employed under Government, a certificate by the head of the office or department to the effect that in his opinion there is no objection to the candidate appearing at the ensuing clerkship examination.

(*v*) A statement whether the candidate has appeared at any previous clerkship examination, and, if so, in what year.

11. The syllabus of the examination for admission to the Lower Division of the Secretariat is as follows:—

(I) The preparation of a précis and an index of a series of official letters taken from a file (one paper of three hours)		100 marks.
(II) (*a*) The correction of a page of English containing mistakes of vocabulary, idiom and grammar and mis-spellings . .	One paper of three hours	100 ,,
(*b*) The preparation of a draft letter from a typical office note		
(III) A paper on general knowledge (one paper of three hours) ..		100 ,,
(IV) Algebra and Geometry, the same standard as that for the Matriculation Examination of the University (one paper of three hours) ..		100 ,,
(V) Arithmetic, including particularly Percentage, Compound Interest, Discount, also the use of logarithms, algebraic symbols and graphs (one paper of three hours)		100 ,,

A series of long sums in Addition, Subtraction, Multiplication and Division to be done within a limit time will also be set.

No candidate will be deemed to have qualified in the examination if he fails to secure the following *minimum marks*, namely:—

(*a*) 40 per cent. of the full marks allotted for subjects I and II, and

(*b*) 25 per cent. of the full marks allotted for each of the other three subjects III to V.

12. As soon as practicable after the examination, the Central Examination Committee, Bengal, will report the result to the Secretary to the Government of Bengal, Finance Department. The report will contain the names of all the candidates in order of merit, and subject to their being adjudged fit on the results of the examination, the exact dates of their births and the number of marks obtained by each candidate in each subject. The candidates will then be offered, in order of merit, their choice of the various vacancies, and they will be appointed accordingly, subject to any arrangement which the Finance Department may find necessary in consultation with the department concerned, with special reference to rule 14. Any vacancy occurring after the examination and before the first day of the following April will be offered through the Finance Department to the remaining candidates in the list in the same way. Vacancies occurring after the 1st April in any year will be reserved for competition at the examination in the ensuing August.

General.

13. The head of an office will retain the power of appointing men of special ability or aptitude to any post in the office when such a post cannot be filled in the ordinary way.

14. (*1*) The head of an office will also reserve the power of appointing suitable Muhammadans to either the Upper Division or the Lower Division. In the case of the Upper Division of the Secretariat every third appointment in each office made under rule 3 shall ordinarily be given to a Muhammadan, provided he has obtained qualifying marks in the competitive examination referred to in rule 3 (*a*). In the Lower Division of the departments of the Secretariat and attached offices every

third appointment in each office shall ordinarily be given to a Muhammadan who possesses the educational qualifications required by rule 9 and furnishes the evidence required by rule 10. The assistance of recognised Muhammadan Associations and that of the Assistant Director of Public Instruction for Muhammadan Education should be utilised in securing qualified candidates for appointments in the Lower Division. In this Division such selection shall be made only when there is no suitable Muhammadan candidate in the competitive examination to whom the post can be offered. This rule shall not operate to give preference in any vacancy to a Hindu candidate over a Muhammadan candidate who has secured higher marks at the examination.

(2) Until the proportion of Muhammadans in the various offices reaches one-third, the claims of qualified Muhammadan candidates shall be considered in filling up all vacancies.

15. If at any time during the period of probation, or at its close the probationer's work is not considered satisfactory by the head of the office in which he is employed, he may be discharged and will have no claim to either gratuity or compensation. If, however, he was admitted from another office he may be reverted to his former appointment, or if this is not practicable, transferred to another appointment on the same pay.

16. Every probationer, before appointment, will be required to produce a statement showing to whom he is related or connected in the office in which he desires to serve. He must state the precise relationship or connection and certify that his statement, so far as he knows, is correct and complete. If any wilful inaccuracy is subsequently detected in this declaration, the person making it will be liable to be discharged from Government service.

17. Promotion of clerks in the Upper Division is regulated by seniority and merit combined, but in the higher grades more importance will be attached to merit.

18. Every appointment is made subject to the production of a medical certificate from the Presidency Surgeon, who is entrusted with the duty of examining candidates for appointment in the particular office to which the probationer has been appointed.

19. Rules 7 to 12 and rule 14 will apply *mutatis mutandis* to the following offices:—

Board of Revenue, Bengal; Inspector-General of Prisons; Inspector-General of Police; Director of Public Instruction; Director of Land Records and Surveys; Director of Agriculture; Inspector-General of Registration, Surgeon-General with the Government of Bengal; Superintendent of Emigration and Protector of Emigrants; Commissioner of Excise and Salt, and Director of Public Health, Bengal.

20. Copies of these rules may be obtained on application at the office of the Secretary to the Government of Bengal, Finance Department.

NOTIFICATIONS.

No. 3769 Ind. The 24th August 1926.—The following Rules for the grant of State Technical Scholarships from Bengal and Rules for the Guidance of the Government of Bengal Technical Scholars in Europe are published for general information.

G. S. DUTT,
Secretary to the Government of Bengal.

RULES FOR THE GRANT OF STATE TECHNICAL SCHOLARSHIPS FROM BENGAL.

Prefatory Remarks.—Prior to the introduction of the Reforms, the Government of India controlled the grant of Technical scholarships tenable by statutory natives of India for study in Europe (which term also includes America) and four such scholarships were allotted to Bengal at one time. With the Reforms, these scholarships have been provincialised as far as they relate to provincial subjects as classified in the Devolution Rules. The Rules regulate the grant of such scholarships from Bengal and supersede all the previous Rules of the Government of India and this Government on the subject.

The following general principles will govern the grant of these scholarships:—

(*i*) Technical and practical training should be provided in India whenever possible, and training overseas should be reserved for students who have exhausted the facilities for such training in India and are in the best position to profit by further experience abroad.

(*ii*) Government scholars should only be sent out of India for a training in those subjects for which there is a real demand but no adequate provision in the country; and such scholars should be very carefully selected, only those being sent abroad who have been actually associated with practical industries in Bengal and are able to produce evidence that they have taken up such industries as their future career and, therefore, are likely to derive most advantage from such scholarships.

Rule 1.—The number of Technical Scholarships to be awarded by the Government of Bengal in a year will be decided with reference to the funds available during the year.

Rule 2.—The scholarships should ordinarily be for two years. This period may be extended up to five years, if the High Commissioner for India recommends that the extension is indispensably necessary for the completion of the scholar's training. The application for such extension should be made three months before the expiry of the existing scholarship. Where necessary, the period of scholarships will be preceded by a practical training in a Workshop, Factory or Mine in India, as the case may be, for not less than one year and succeeded, where feasible, by one year's practical work on return.

Rule 3.—The scholarships will ordinarily be tenable in Great Britain, but when necessary facilities for training in a particular subject cannot be obtained in that country, the scholarship may be made tenable elsewhere.

Rule 4.—These scholarships will not be given for Law, Medicine, Forestry, Veterinary Science, Agriculture, Civil Engineering (other than Sanitary and Municipal Engineering) or Geology. Enquiry should first be made from the office of the High Commissioner in advance as to the facilities available for training. Certain suggestions regarding the standard qualifications required for training in particular industries for which scholarships will be awarded are incorporated in Appendices I and IA to these Rules.

Rule 5.—The subjects for the award of scholarships will be selected by the Advisory Board of Industries, Bengal. After the subjects are approved by Government in consultation with the High Commissioner, the scholarships will be advertised with a view to secure the best available candidates. The Board will also perform the following functions in this connection, viz.—

(*i*) selection and recommendation to Government of candidates for appointment as Technical Scholars;

(*ii*) making of suggestions to Government regarding the course of training to be followed by the scholars in Europe or elsewhere;

(*iii*) advising Government, where necessary, as to the nature of preliminary training which the selected scholars shall undergo for one year before their departure, and of the practical training which it is advisable that they should receive after their return; and, finally,

(*iv*) endeavouring, with assistance of local manufacturers and employers, to find employment for the scholars on their return.

Rule 6.—The object for which the scholarships are given is to assist in developing the industries of Bengal. A list of industries for the study of which scholarships will ordinarily be awarded are given in Appendices I and IA.

Rule 7.—The selected candidates must produce—

(*i*) satisfactory evidence of good character;

(*ii*) medical evidence of physical fitness to undergo a course of study abroad;

(*iii*) evidence of educational qualifications of the standard prescribed in Appendices I and IA to these Rules for particular industries or as may be prescribed from time to time for subjects not mentioned therein; and

(*iv*) satisfactory evidence of age (which must not exceed 25 years).

NOTE.—In the case of a candidate already resident in the United Kingdom who has applied for a scholarship, the High Commissioner should be consulted before a selection is made and, if necessary, his views should be obtained by cable.

Rule 8.—In special cases, a scholarship of a value to be fixed by Government, not exceeding Rs. 100 per mensem, may be given for preliminary training in India, and in special cases also a scholarship not exceeding Rs. 150 per mensem may be given to a scholar on his return to India, in order to assist him in commencing work in India. When a scholar has had a preliminary training in India, a report on his work and progress should be sent to the High Commissioner.

Rule 9.—As soon as the selection of a scholar has been made by the Government, the Director of Industries as President of the Advisory Board should communicate to the office of the High Commissioner, in the form laid down in Appendix III to these Rules, the notification of award of the scholarships with the names of the scholars selected, their qualifications and proposed courses of study, together with all necessary certificates and testimonials including the students' applications. The special intention of the scholarships should also be mentioned as closely as possible and whether a definite degree or diploma is regarded as essential or not should also be definitely stated, the exact arrangements to be made in each case being left to the discretion of the High Commissioner. Instructions about scholars who begin their training with manual work should reach the High Commissioner by the 1st December and the candidates should reach England by March or April, of the following year. Where the scholar is to commence training with purely academic work, the intimation should reach the High Commissioner by May and the scholar should reach England not later than the middle of September.

Rule 10.—The scholarships carry with them no conditions as to any subsequent career or service under Government, and no expectations of such employment are held out The Advisory Board of Industries in selecting subjects should exercise care, in order to secure that scholarships are only given where there is some prospect of the scholar's obtaining employment in which it will be possible to utilise in India the experience and training he will have gained.

Rule 11.—When a scholar is given a scholarship after his return, the Board should settle the nature of his practical training while he is drawing the scholarship, and should, if they think this fit and practicable, obtain from the new employer a report on the way in which the scholar has progressed during his training, and his value as a technological specialist. In such a case, the scholar should at the end of his period of training receive from the Board a detailed statement of his training.

Rule 12.—The Local Government should receive an annual report from the office of the High Commissioner of the progress made by each scholar in his training.

Rule 13.—The Local Government should, in January of each year, send a return to the office of the High Commissioner, showing how all scholars from the province who have returned since 1910 are employed, and what salaries they are drawing.

RULES FOR THE GUIDANCE OF THE GOVERNMENT OF BENGAL TECHNICAL SCHOLARS IN EUROPE.

Rule 1.—All Government scholars are required to avail themselves of the information and advice which the High Commissioner and the local advisers at University centres are in a position to give them, and to apply to the High Commissioner or to the local advisers, as the case may be, for instructions as regards their studies and in circumstances of difficulty. The local advisers at Manchester, Edinburgh and Glasgow have charge of State scholars studying at those places, and the Secretary to the Delegacy for Oriental Students at Oxford and the Secretary to the Inter-collegiate Indian students' Committee at Cambridge (who, for this purpose, act as local advisers) have charge of scholars studying there. Scholars studying elsewhere than Manchester, Glasgow, Edinburgh, Oxford and Cambridge will be under the direct charge of the High Commissioner. The local advisers in the above centres are the proper persons to bring before the High Commissioner any matter requiring the sanction of the High Commissioner or of the Government of Bengal.

Rule 2.—Every scholar should, on reaching England, at once report himself to the office of the High Commissioner in London, 42 Grosvenor Gardens, S.-W. 1. Accommodation for new arrivals is provided at 21, Cromwell Road, South Kensington, S.-W. 7.

Rule 3.—Every scholar must obey all instructions which he may receive from the office of the High Commissioner—through the local advisers where scholars are under their charge—and must consult regularly the High Commissioner or the local adviser, as the case may be, in regard to his work. No course of study will ordinarily be sanctioned which does not provide for an adequate practical training. Any course which has received the sanction of the High Commissioner will not be changed without similar sanction. All scholars shall be required, at the discretion of the High Commissioner to join a suitable Technical or Professional Society or Institution, their entrance fees and subscriptions being defrayed by the High Commissioner.

Rule 4.—Every scholar must, from time to time, whenever the High Commissioner or the local adviser requires it, submit a certificate from the proper College or University authority or from any other authority under whom he is working, showing that his conduct and progress have been satisfactory.

Rule 5.—Every scholar must give a written undertaking that he will at once, and without discussion of possible alternatives, devote himself exclusively to the course of training laid down for him, and to do whatever work it may involve and also that on return to India he will devote himself to the industry which he has studied. Any scholar who neglects his studies, or endeavours to study for any other profession concurrently, will render himself liable to forfeiture of his scholarship. If a scholarship be forfeited, or if it be resigned before completion of its term, or if the holder of it, on completion of its term, declines to return to India when instructed to do so, the scholar will lose his claim to a free passage back to India.

Rule 6.—Every scholar will be required to keep a concise diary of his work, to be submitted to the High Commissioner or local adviser at the dates laid down in the Rules for the keeping of such diaries.

Rule 7.—Scholars will be expected to continue their studies during vacations, with the exception of three weeks in each year. Vacation study should, as far as possible, take the form of practical work.

Rule 8.—Plans for vacation work, accompanied by a complete estimate of any extra expenses for fees or travelling involved, should be sent in to the High Commissioner or the local adviser six weeks before the end of any academic term. Scholars are not entitled to any subsistence allowance in addition to the scholarship allowance during the time spent on vacation work, but a scholar who receives permission to visit the continent, may, if the High Commissioner considers that the circumstances render it desirable, be granted a subsistence allowance calculated at such rates as the High Commissioner may decide.

Rule 9.—Subject to a due compliance with the above conditions, the scholar's allowance will be paid quarterly in advance by the office of the High Commissioner—through the local adviser when the scholar is under his charge. It will begin from the date of the scholar's reporting his arrival in England, and the High Commissioner or the local adviser will disburse it to the scholar, in such instalments as convenience may dictate. Three months after the date of arrival, the amount to the ensuing official Quarter Day will be paid to the scholar—through the local adviser when the scholar is under his charge—and subsequent payments will be made in advance on or after each official Quarter Day.

NOTE.—The official Quarter Days are the 1st of January, the 1st of April, the 1st of July and the 1st of October.

Rule 11.—The scholarships will be of the value of £200 per annum missioner in London, before his arrival in England, the sum of £40 for initial expenses. He will have no claim to payment of any instalment of his scholarship until this deposit has been made.

Rule 11.—The scholarships will be of the value of £200 per annum *plus* a bonus of £40 per annum. The amount of this bonus may be varied from time to time in consultation with the High Commissioner and will be held subject to the observance by the scholar of the Rules laid down for him by the Government of Bengal and the High Commissioner. A scholar, who not being disabled by illness or prevented by any other cause which the High Commissioner may consider sufficient, fails to comply with the Rules here set forth will forfeit his scholarship. A scholarship may be terminated at any time if a scholar fails in health or conduct. The scholarship may be withdrawn by the High Commissioner at the end of any year, and it may be reduced by him while the scholar is being trained if the employer recommends such a course.

Rule 12.—Charges for University and College fees, premiums for practical training and the necessary travelling expenses of scholars by second class, or by third class if no second class be available, will, if sanctioned, be defrayed by the High Commissioner. Applications for payment of all these charges should be made to the High Commissioner—through the local advisers when scholars are under their charge. But charges for private tution unless specially sanctioned, for books, instruments, hotel bills and medical attendance, must be paid by the scholar himself.

Rule 13.—No claim can be admitted for the payment of any expenditure, unless the scholar has obtained previous sanction from the High Commissioner.

Rule 14.—On the expiry of a scholarship a scholar should, without delay, apply for his passage back to India to the office of the High Commissioner—through the local adviser when placed under his charge. He is not entitled to make his own passage arrangement and to claim an allowance in lieu of it from the office of the High Commissioner.

Rule 15.—The scholar will be required to execute a bond in a prescribed form (see Appendix II) undertaking to repay the amount of scholarship he has received if he fails to return to India when instructed by the High Commissioner to do so.

Rule 16.—A free second class passage from Calcutta to England will be provided, and the cost of the overland journey from Marseilles will in no circumstances be refunded to a scholar unless he is expressly instructed by Government to travel overland, and is provided with a

steamer ticket to Marseilles only. In the latter event the High Commissioner for India will refund the rail and baggage expenses on the direct instruction of the Local Government concerned. The same procedure will be followed in the case of return journey of a scholar, and unless the scholar has been provided with a ticket to Bombay only, his overland expenses from Bombay to Calcutta should in no circumstances be paid by Government.

A grant of £5 will also be made by the High Commissioner to each scholar to meet incidental expenses on his return voyage to India.

APPENDIX I.

Suggestions regarding Special Industries.

I. Engineering.—(*i*) All Engineering students of whatever branch should receive a year's preliminary workshop course in a mechanical engineer's shop in India.

(*ii*) Indians who come to the United Kingdom for their College Course should have taken the B. A., B. Sc., or B. Eng. degree and have received a training in Mathematics, Physics, Chemistry and Engineering Drawing of a sufficiently advanced character to enable them to join a second-year class at once; special instruction in Mechanical Drawing and Descriptive Geometry is required, and should be given in India.

II. Mining.—(*i*) Scholarships in Mining (as distinguished from Geology) shall only be given to men who intend to become Mine Managers or Mining Engineers.

(*ii*) In every case the candidate shall have actually worked for at least one year in an Indian mine—preferably in a paid position.

(*iii*) A specially strict test of physical fitness shall be imposed on candidates before selection.

(*iv*) The candidate shall have reached the B.A. or B.Sc. standard in Physics (Theoretical and Practical), Chemistry and Mathematics, Mechanics and Practical Geometry.

III. Mining Geology.—Candidates should possess a knowledge of Economic Geology and some experience of Surveying and Mining Methods.

IV. Metallurgy.—(*i*) Scholarships should be granted only to men who have had previous experience of metal industries, a knowledge even of primitive processes being valuable; and candidates who lack such experience should be sent for some months to metal works in India before coming to this country for their training.

(*ii*) If possible, notice should be given beforehand of the branch of Metallurgy that the scholar intends to take up on his return to India.

V. Spinning and Weaving.—Scholars should in all cases have had considerable experience in one or more Indian Mills, preferably through having served in a paid position.

VI. Bleaching and Finishing.—It is almost impossible for Indian students to obtain in England anything more than the training given in Technological Colleges and, in order that they may complete this by practical experience, efforts should be made to secure openings for a few carefully selected men in up-to-date bleaching establishments in India: but in the woollen industry facilities for practical training are now procurable to a limited extent in Europe.

VII. Dyeing.—No scholarship should be granted to a candidate who does not possess some knowledge of the dyeing industry as carried on in India, and who has not reached the B.Sc. standard in Chemistry.

VIII. Tanning.—(*a*) As regards students who aim at becoming owners or managers of tanneries—

(*i*) connection with the leather industry is desirable, and a knowledge of Indian methods is essential; and

(*ii*) where these conditions are satisfied, high academic qualifications need not for the present be insisted upon; a fair knowledge of Chemistry, Physics and some knowledge of Mathematics and acquaintance with the metric system of weights and measures will suffice.

(*b*) As regards those who intend to take up scientific research as applied to leather industries—

(*i*) the scholarship shall only be granted after the student has received the highest scientific training in India; and

(*ii*) he must have shown considerable aptitude for research work.

IX. Chemical Manufactures.—The grant of scholarships for the study of chemical industries in the United Kingdom is of doubtful utility; training in India would be preferable, and, before any such scholarship is granted, inquiry should be made as to the possibility of providing in Europe a complete training in the special branch of industry concerned, full particulars being furnished to the office of the High Commissioner as to candidates' qualifications and prospects of finding employment on their return to India.

APPENDIX IA.

Subject.	Standard required.
Glass-making.	Intermediate (Mathematics, Physics and Chemistry).
Grass-pulp Working.	B.Sc. (Chemistry).
Metallurgy of Iron and Steel.	B.Sc. standard in Chemistry, Physics (Theoretical and Practical), Mathematics, Mechanics and Practical Geometry.
Paper-making.	Intermediate (Mathematics and Chemistry).
Pottery.	Intermediate (Physics, including Heat and Electricity) Chemistry.
Railway Carriage and Wagon Building.	Bachelor of Engineering (Mechanical) or an examination considered by the Advisory Board of Industries as equivalent thereto
Spinning and Weaving, and Dyeing.	B.Sc. with Honours in Chemistry or Diploma of Serampore Weaving Institute.

N. B.—All candidates must, in addition, prove that their general education is such that they will be able to take full advantage of a course of study abroad.

APPENDIX II.

Know all Men by these presents, that we (undergoing a course of instruction in connection with a Government Technical Scholarship) and do hereby bind ourselves, and each of us, our and each of our heirs, executors, and administrators, to pay to the Secretary of State for India in Council the penal sum of £1,000.

ACCOUNTS AND FINANCE.

Simla, the 19th August 1926.

No. D.-1943-A.—In exercise of the powers conferred by section 96D (*1*) of the Government of India Act, the Secretary of State in Council, with the concurrence of the majority of votes at a meeting of the Council held on the 13th day of April 1926, has made the following rules to regulate the pay, powers, duties and conditions of employment of the Auditor-General :—

STATUTORY RULES AND ORDERS, 1926.

No. 436.

INDIA.

THE AUDITOR-GENENAL'S RULES, DATED APRIL 13TH, MADE BY THE SECRETARY OF STATE FOR INDIA IN COUNCIL, UNDER SECTION 96D (*1*) OF THE GOVERNMENT OF INDIA ACT.

1. (1) These rules may be called the Auditor-General's Rules.
(2) They shall be deemed to have come into force on January 4, 1921.

2. In these rules—

(*a*) "Accounts" includes accounts of stores and stock, as well as accounts of money transactions ;

(*b*) "Audit Officer" means any officer of the Indian Audit Department who exercises audit functions ;

(*c*) "Finance and Revenue Accounts of India" means the accounts prescribed in section 26 of the Act ;

(*d*) "Indian Audit Department" means the officers and establishments subordinate to the Auditor-General, which are employed upon the compilation and audit of accounts of Government transactions in India ;

(*e*) "Principal Auditor" means the head of an office of accounts or of audit or of both who is immediately subordinate to the Auditor-General ;

(*f*) "The Act" means the Government of India Act.

CONDITIONS OF EMPLOYMENT.

Pay and General.

3. The pay of the Auditor-General shall be Rs. 5,000 a month.

4. The Auditor-General, on vacating his office, shall not be eligible to hold any other post under the Crown in India

Leave.

5. The Auditor-General shall be entitled to leave on the conditions laid down in section 96B of the Act and the rules in force thereunder for other officers in the civil service of the Crown in India, or, if he was not prior to his appointment, in the service of the Crown in India, on such conditions as may be prescribed at the time of his appointment by the Secretary of State in Council.

Pension.

6. The Auditor-General's service for pension shall be calculated in accordance with the provisions of section 96B of the Act and the rules in force thereunder for other persons in the civil service of the Crown in India.

7. The amount of the Auditor-General's pension shall, if he was, prior to his appointment, in the service of the Crown in India, be calculated in accordance with the provisions of section 96B of the Act and the rules in force thereunder for the service to which he belonged, and otherwise in accordance with such terms as the Secretary of State in Council may fix in the case of each person appointed.

PROVISION FOR A TEMPORARY VACANCY OR ABSENCE FROM DUTY.

8. In the case of a temporary vacancy in the post of Auditor-General, or of the absence of an Auditor-General from duty, the Governor-General in Council shall have power to appoint an officiating Auditor-General. The salary of such officer shall be fixed in accordance with the rules in force under section 96B of the Act regulating the salary of an officiating officer.

DUTIES AND POWERS.

General.

9. Subject to any general or special orders of the Secretary of State in Council, the Auditor-General shall be—

(*i*) the final audit authority in India ; and
(*ii*) responsible for the efficiency of the audit of expenditure in India from the revenues of India.

He shall further be, to the extent authorised by these rules, the administrative head of the Indian Audit Department.

10. The Auditor-General shall have authority—

(*i*) to inspect, either personally or through any audit officer, any Government office of accounts in India ;

(*ii*) to arrange for test audit in any Government office of accounts ;

(*iii*) subject to any orders of the Secretary of State in Council prescribing the nature and extent of the audit to be applied to specified classes of expenditure, to frame rules in all matters pertaining to audit, particularly in respect of the method and extent of audit and the raising and pursuance of objections.

Duties and Powers as regards Audit.

11. (*a*) The Auditor-General, without prejudice to his other audit functions, is responsible that audit is conducted with reference to the following canons, namely :—

(1) Every public officer should exercise the same vigilance in respect of expenditure incurred from Government revenues as a person of ordinary prudence would exercise in respect of the expenditure of his own money.

(2) Money borrowed on the security of allocated revenues should be expended on those objects only for which, as provided by rules made under the Act, money may be so borrowed. If the money is utilised on works which are not productive, arrangements should be made for the amortisation of the debt.

(3) No authority should exercise its powers of sanctioning expenditure to pass an order which will be directly or in directly to its own advantage.

(4) Government revenues should not be utilised for the benefit of a particular person or section of the community unless—

(*i*) the amount of expenditure involved is insignificant, or
(*ii*) a claim for the amount could be enforced in a court of law, or
(*iii*) the expenditure is in pursuance of a recognised policy or custom.

(5) No authority should sanction any expenditure which is likely to involve at a later date expenditure beyond its own powers of sanction.

(6) The amount of allowances, such as travelling allowances, granted to meet expenditure of a particular type, should be so regulated that the allowances are not on the whole sources of profit to the recipients.

(*b*) The Auditor-General, or any principal auditor should bring to the notice of the Governor-General in Council or the Local Government as the case may be, any breach of one of these canons.

12. The Auditor-General shall, if so required by the Governor-General in Council—

(*i*) arrange for the audit of the accounts of the receipts of revenue of any Government department, the accounts, of any public or *quasi*-public body, or any other accounts, although they may not relate directly to the receipt and expenditure of Government moneys ; and

(*ii*) arrange for the audit of stores or stock in the possession of an officer or a department of Government, and for the audit of grants of land and alienations of land revenue.

13. If the Auditor-General considers it desirable that the whole or any part of the audit applied to Government accounts shall be conducted in the offices in which these accounts originate, he may require that these accounts, together with all books, papers and writings having relation thereto, shall at all convenient times be made available in those offices for inspection by his audit officers.

14. When an objection taken in the course of audit cannot be adjusted by a principal auditor in consultation with the authorities concerned, the Auditor-General may either instruct the principal auditor to withdraw the objection or require the Governor-General in Council or the Local Government concerned to obtain the requisite sanction, or in default, to recover the amount under objection :

Provided that—

(*i*) if the objection to any expenditure is based solely on the ground that such expenditure contravenes one of the canons set out in Rule 11 above, the Auditor-General or principal auditor shall withdraw such objection at the request of the Finance Department of the Government concerned if the Finance Department states that the breach of the canon and the action taken thereon by the Government will be reported as soon as possible to the Committee on Public Accounts and

(*ii*) if the Governor-General in Council or the Local Government, as the case may be, orders in writing that the recovery of the amount under objection shall be foregone, the Auditor-General or principal auditor shall withdraw such objection, but may require that the action taken shall be reported as soon as possible to the Committee on Public Accounts.

15. (*1*) The Auditor-General shall, on such dates as he may prescribe, obtain from each principal auditor, and from any officers of the Indian Audit Department to whom he may entrust this duty, Audit and Appropriation Reports reviewing the results of the audit conducted by and under such officer during the past official year. Any officer of Government may be called upon to provide any information necessary for the preparation of these reports, which shall be in such form and shall deal with such matters as the Auditor-General may prescribe. On receipt of those reports the Auditor-General shall transmit them to the Governor-General in Council or to the Finance Department of the Local Government concerned with such comments as he may think fit.

(2) The Auditor-General shall forward to the Secretary of State through the Governor General in Council the several reports dealing with the total expenditure in India in each year with his detailed comments on each report, and may also offer such further comments of a general nature as he may think fit

16. (1) The Auditor-General may on his own motion, and shall on reference being made to him by the Governor-General in Council or by a Local Government, review any audit decision of any audit officer, and, if he thinks fit, overrule it.

(2) The Auditor General may dispense with a previous reference to the Secretary of State in Council, otherwise required by the rules regarding sanction to expenditure from time to time in force, in cases where, in his opinion, the failure to obtain the sanction of the Secretary of State in Council involves a breach of the letter rather than of the spirit of the rules.

17. The Auditor-General shall have power to require that any books, papers or writings relating to the accounts audited by the Audit Department shall be sent for inspection by him or by any other officer of the Indian Audit Department : provided that—

(*i*) if the Governor-General in Council or the Local Government, as the case may be, certifies that the documents in question are secret, the Auditor-General or officer, as the case may be, shall accept, in lieu of such documents and as a correct account of the facts stated therein, a statement certified by the Governor-General in Council or the Local Government ; and

(*ii*) if the documents are confidential, the officer, to whom they are made over shall be responsible for preventing disclosure of their contents.

Duties and powers as regards accounts.

18. The Auditor-General shall compile the Finance and Revenue Accounts of India in such form as may from time to time be prescribed by the Secretary of State in Council and shall send them to the Governor-General in Council for transmission to the Secretary of State in Council. He may call upon any Government] officer to furnish any information in such form as may be required for the completion of these accounts.

19. The Auditor-General shall have power to prescribe the forms in which accounts shall be kept in audit offices : provided that no change which will affect the form of the Finance and Revenue Accounts shall be made without the previous sanction of the Secretary of State in Council.

Minor changes of detail, such as the opening of new minor heads, alterations affecting minor or detailed heads, and the like, are not changes "affecting the form of the Finance and Revenue Accounts" within the meaning of this rule.

20. If a doubt or a dispute arises as to the major head under which a particular minor head, or as to the minor head under which a particular detailed head should be included, it shall be decided by the Auditor-General.

21. The Auditor-General shall prepare in each year a review of the balances in the books maintained by the audit departments and shall send it to the Governor-General in Council for submission to the Secretary of State in Council.

22. The Auditor-General shall have power to determine the form in which officers rendering accounts to the Indian Audit Department shall render such accounts and in which the initial accounts, from which the accounts so rendered are compiled or on which they are based, shall be maintained.

23. The Auditor-General shall supply, or shall arrange that officers subordinate to him supply, any information required by the Governor-General in Council or by a Local Government which can be derived from the accounts maintained in the offices under his control.

24. The Auditor-General shall arrange that such assistance as may be required shall be rendered by the officers of the Indian Audit Department to the Governor-General in Council, the Local Governments and other authorities in the preparation of their annual budget estimates.

25. If in any case the Secretary of State in Council has declared that the maintenance of the provincial accounts of a specified province or of the accounts of any department of the central Government is transferred to an authority other than the Auditor-General, the duties and powers of the Auditor-General in relation to the accounts of such province or department shall be as follows :—

(*i*) The officers and establishments employed upon such maintenance shall not be subordinate to him.

(*ii*) He shall be responsible for the inclusion of the accounts in the Finance and Revenue Accounts of India.

(*iii*) He shall have power to prescribe the form in which and the time or times at which the accounts shall be submitted to him for audit and for inclusion in the Finance and Revenue Accounts of India.

(*iv*) He shall exercise the powers and perform the duties prescribed by Rules 20 and 21.

(*v*) He shall not be bound by the provisions of Rules 23 and 24.

Powers of Expenditure.

26. The Auditor-General shall exercise no powers of incurring expenditure without previous sanction other than such powers as may be delegated to him by the Governor-General in Council.

27. The Governor-General in Council shall arrange that sanctions to expenditure accorded by the Auditor-General shall be audited by some officer unconnected with the audit departments in India.

Administrative Powers over the Indian Audit Department.

28. The Auditor-General may—

(*i*) in the case of officers of the Indian Audit Department of any class lower than Class I, transfer, suspend or degrade any such officer, withhold from him any increment or increments of pay, and grant him any leave that may be admissible under rule, and may delegate to any officer of the Indian Audit Department the power of granting such leave ;

(*ii*) in the case of officers in Class I of the Indian Audit Department, grant any such officer any leave that may be admissible under rule, and, subject to the control of the Governor-General in Council, transfer any such officer.

29. The Auditor-General may sanction the grant to any officer of the Indian Audit Department of such pension as is admissible under section 96B of the Act and the rules in force thereunder.

30. The Auditor-General may dismiss from service any officer of the Indian Audit Department other than an officer appointed thereto by the Secretary of State in Council or the Governor-General in Council.

31. Nothing in this Part shall be deemed to affect any right of appeal which any officer of the Indian Audit Department may possess under the Act or rules made thereunder or under any general or special orders of the Secretary of State in Council or the Governor-General in Council.

REPEAL.

32. The Rules made by the Secretary of State in Council under section 96D of the Act on January 4, 1921, as subsequently amended, are hereby repealed.

J. E. C. JUKES,
Secretary to the Government of India (offg.).

RESOLUTIONS.

Simla, the 13th August 1926.

No. F.-182-C.S.R.-26.—With reference to Finance Department Resolution No. F.-276-Ex.-25, dated the 1st April 1926, it is hereby declared that the current rate of exchange, as defined in article 343, Account Code, will be adopted for the conversion of sterling overseas pay into rupees for the purpose of calculating average emoluments for pension. This decision will take effect from the 1st April 1924.

Ordered that the Resolution be published in the *Gazette of India.*

The 19th August 1926.

No. F.-252 C.S.R.-26.—With reference to the ruling embodied in this department Resolution No. 1260-C.S.R., dated the 21st December 1921, the question has been raised as to the extent to which leave on average pay alternating with deputation out of India counts for pension. The Governor General in Council has decided that the leave on average pay in such circumstances should not be split up into different periods separated by deputation but treated as one continuous spell of leave and not more than four months in all should count for pension.

Ordered that the Resolution be published in the *Gazette of India.*

NOTIFICATION.

CUSTOMS.

Simla, the 21st August 1926.

No. 29.—In exercise of the powers conferred by section 23 of the Sea Customs Act, 1878 (VIII of 1878), the Governor General in Council is pleased to exempt from the import duty leviable thereon under the Indian Tariff Act, 1894 (VIII of 1894), all articles of merchandise, not being goods produced or manufactured in British India, which have been taken out of the country by *bona fide* commercial travellers on behalf of firms doing business in British India or sent by post or otherwise, by such firms "on approval", without obtaining a drawback of duty, and are subsequently re-imported; and further, to exempt from one-eighth of the duty leviable thereon under the Indian Tariff Act, 1894, all such articles which, being of foreign production or manufacture, have been taken or sent out of British India in the manner and for the purpose aforesaid, after obtaining a drawback of seven-eighths of the duty, and subsequently re-imported; Provided, in either case—

(*i*) that prior to export such goods have been submitted to the customs authorities for examination and a list giving such particulars as the Collector of Customs may require has been deposited in the Custom House,

(*ii*) that the goods have been re-imported within one year from the date of their exportation, or within such further period not exceeding three years from such date as the Collector of Customs, on sufficient cause being shown, may in any case determine, and

(*iii*) that the goods are identified to the satisfaction of the Collector of Customs with reference to the list above mentioned.

This notification will take effect from the 23rd August 1926.

A TOTTENHAM,
Joint Secretary to the Government of India.

DEPARTMENT OF COMMERCE.

RESOLUTION.

SHIPPING.

Simla, the 16th August 1926.

No. 169-S. (3).—The following Order in Council, dated the 28th June 1926, providing for a recognition of the tonnage particulars shown on the Certificates of Registry or other national papers issued to Portuguese ships, is published for general information :—

At the Court at Buckingham Palace, the 28th day of June 1926.

PRESENT :

The King's Most Excellent Majesty in Council.

Whereas by sub-section (*1*) of section 84 of the Merchant Shipping Act, 1894 (57 & 58 Vict. c. 60), it is enacted that whenever it appears to His Majesty the King in Council that the tonnage regulations of the said Act have been adopted by any foreign country and are in force there, His Majesty in Council may order that the ships of that country shall, without being remeasured in His Majesty's Dominions, be deemed to be of the tonnage denoted in their certificates of registry or other national papers, in the same manner, to the same extent, and for the same purposes, as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

And whereas it appears to His Majesty that the tonnage regulations of the said Act have been adopted by the Government of Portugal and are now in force in that country :

Now, therefore, His Majesty, is pleased, by and with the advice of His Privy Council to order, and it is hereby ordered, as follows :—

1. This Order may be cited as the Portuguese Tonnage Order, 1926.

2. Portuguese ships, the certificates of registry or other national papers of which are dated on or after the 5th July 1924, shall be deemed to be of the tonnage denoted in such certificates of registry or other national papers in the same manner, to the same extent and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

M. P. A. HANKEY.

No. 13810A.—The 6th September 1926.—The following is published for general information.

A. N. MORERLY,
Chief Secretary to the Government of Bengal (offg.).

INDIAN POLICE FORCE.

Regulations, etc., for admission to the Indian (Imperial) Police by competitive examination of selected candidates to be held in 1926.

1. A competitive examination for admission to the Indian (Imperial) Police Force will be held on the 22nd November 1926. The examination will be confined to candidates selected by a Selection Committee from those nominated by District Officers * with reference to the conditions of eligibility stated below.

2. The syllabus for the examination is given as Appendix I.

3. *Place of examination.*—The examination will be conducted by the Educational Commissioner with the Government of India. The centre of examination for candidates from Bengal will be Calcutta. The examination will be held in the Presidency College at Calcutta, commencing at 10 A.M. on the 22nd November 1926.

4. *Examination fee.*—A fee of Rs. 5 is required from all candidates on submission of their applications to the District Officers* for nomination. The fee payable must be paid by means of postage stamps of the specified amount affixed to the application. A further fee of Rs. 50 is to be paid in cash by candidates chosen for admission to the examination.

5. *Number of appointments.*—One candidate will be selected on the results of the competitive examination, provided he is found suitable in all respects for appointment to the Imperial Police. A second candidate will be appointed by nomination after the results of the competitive examination have been seen, if possible from among those who have qualified in the examination.

6. *Conditions of eligibility.*—(*a*) Every candidate must be a person domiciled in British India and born in British India of parents habitually resident in India and not established there for temporary purposes only.

He must, moreover, be a Native of Bengal or definitely settled in the Province.

A ruler or subject of a State in India in respect of whom the Governor-General in Council has made a declaration under section 96A of the Government of India Act may be admitted to the examination.

(*b*) Every candidate must ordinarily be not less than 21 or more than 24 years of age on the 1st August 1926, but the Local Government may admit candidates of more than 19 and less than 21 years for special reasons.

(*c*) The minimum educational qualification is the possession of a University degree, but the Local Government may, in special cases, allow nomination of candidates who have passed the F.A. standard or the Cambridge Senior Examination, or the Diploma examination from Chiefs' Colleges in the first or second division.

(*d*) Candidates must be of respectable antecedents and must submit references from two responsible persons as to character and testimonials of good behaviour and of suitability for the Indian Police.

7. *Form of application.*—An application to compete at the examination must be made on a printed form (*vide* Appendix II) which may be obtained from the Chief Secretary to the Government of Bengal or from the District Officer *. A ruler or subject of a State in India should apply, through his Durbar, to the Chief Secretary of the Governor's province in which he wishes to serve or of the Governor's province included in the area in which he wishes to serve, *vide* margin. No candidate shall make more than one application in any year. The application must be forwarded, with the necessary documents, to the District Officer * not later than the 25th September 1926.

1 Madras Presidency and Coorg
2 Bombay Presidency.
3 Bengal Presidency.
4. United Provinces and Ajmer-Merwara.
5 Punjab, the North-West Frontier Province and Delhi
6 Burma.
7. Bihar and Orissa
8. Central Provinces
9 Assam

No application received after that date will be considered.

8. *Canvassing.*—Any candidate attempting to canvas either by himself or through the agency of relatives, friends, patrons or officials will be disqualified.

*The term District Officer includes the Chief Presidency Magistrate, Calcutta, for candidates in Calcutta

9. *Medical examination.*—Those candidates who are successful in the literary examination will be required shortly after the result of that examination is declared to undergo a strict examination by a Medical Board * (*vide* Appendix III) in Calcutta as to their physique and capacity for active out-door work. They will be required to pay a fee of Rs. 16 for such examination. Instructions as to the date and time of this examination will be issued to successful candidates by the Government of Bengal.

10. *Appointment of probationers.*—The Secretary of State will nominate as probationers persons who are selected or nominated by the Local Government.

11. *Riding.*—A knowledge of riding is not insisted on as an essential qualification before nomination. But probationers will be subjected to a riding test at the termination of their probationary period ; failure to pass this test will disqualify the candidate for confirmation in the service.

12. Successful candidates will ordinarily be allotted as probationers to their own provinces. The allotment will be subject to the right of the Government of India to make transfers in the interest of the public service.

13. (*a*) *Uniform.*—It is an ordinary condition of appointment that a successful candidate shall provide himself or be provided by his parents or guardians with his uniform or the cost thereof. The Government of Bengal will make a contributory grant of Rs. 400 towards the cost of uniform.

(*b*) *Horse and saddlery.*—A successful candidate must when required to do so provide himself with a suitable horse and saddlery at his own expense. Government will make to a newly appointed officer a grant of a sum not exceeding Rs. 600 towards the cost of such horse and saddlery.

14. *Salary.*—A probationer will draw pay at the rate of Rs. 350 and Rs. 375 a month during the first and second years of probation, respectively, and on confirmation will draw pay according to the time-scale of pay sanctioned for the Indian Police Service. This is set out in Appendix IV.

15. *Period of probation.*—Probationers will be required to qualify by passing the necessary departmental examinations as well as the riding test (*see* rule 11) within two years of their selection.

16. *Liability of probationers to removal.*—Any probationer who may fail to pass the prescribed examinations within two years, or be found unfit for Police duties, will be liable to removal from the service.

17. *Promotion after probation.*—No probationer will be entitled to confirmation until he has passed the prescribed departmental examinations, including the riding test.

18. *Seniority.*—Probationers recruited in India at the examination held in or about December will be placed below the probationers recruited in the United Kingdom at the examination held in the preceding month of June, and probationers appointed from the same examination will be arranged in the order of passing the examination.

19. *Leave, Pension and Provident Fund.*—Officers joining the Indian Police under these conditions will find a summary of information regarding leave, pension and provident fund in Appendices V, VI and VII. Subscription to the provident fund is not compulsory in the case of Indians.

20. *Articles of agreement.*—Probationers will be required to sign articles of agreement, describing the terms and conditions of their appointment before the appointment is made.

---

* With a view to prevent parents and guardians from incurring the inconvenience and expense of preparing candidates who may be physically unfit for the Police Service, it is suggested that, before any such preparation is begun, candidates be submitted to examination by the medical adviser of the family, or any other qualified medical practitioner, with regard to the points which are indicated in Appendix III

It is to be understood that this private examination is merely suggested to lessen the chances of disappointment and that it is by no means intended to take the place of, or to influence in any way, the official medical examination.

APPENDIX I.

10. General survey of Constitutional Law.
11. Criminal Law, including Criminal Procedure.

2. The following rules will be observed in determining the result of the examination :—

(*a*) The maximum number of marks obtainable for each subject will be 2,000.

(*b*) In order to qualify a candidate must obtain 400 marks in Elementary Mathematics, 666 marks in each of the remaining obligatory subjects, and 5,000 marks in the aggregate.

Provided that a candidate who has obtained not less than 6,000 marks in the aggregate but has failed in one obligatory subject by not more than five marks shall be declared to qualify in the examination.

) If any candidate fails to obtain 666 marks in any optional subject, the marks which he has obtained in that subject will not be included in his aggregate.

(*d*) Deductions for handwriting, which it is at all difficult to read, will be made up to ten per cent. of the maximum marks in each paper

(*e*) The place of a successful candidate in the final list will be determined by the aggregate number of marks obtained by him at the examination.

ANNEXURE.

COMPULSORY MATHEMATICS.

The course is as follows :—

(1) *Arithmetic.*—The whole of Arithmetic. (The use of Algebraical symbols and processes will be permitted.)

(2) *Algebra.*—The four simple rules, Fractions, Greatest Common Measure, Least Common Multiple, Factors, Remainder Theorem, Proportion, Simple Equations of one or more unknown quantities with easy problems, Quadratic Equations, with easy problems and theory of Quadratic Equations, Graphs and their applications.

(*Candidates should be provided with squared paper.*)

(3) *Geometry.*—Practical and Theoretical Geometry.

The questions on Practical Geometry will be set on the constructions contained in the annexed Schedule A, together with easy extensions of them. All figures should be drawn accurately, for which purpose every candidate should provide himself with a graduated scale, a pair of set squares, a protractor, a compass and a hard pencil.

NOTE 1.—The standard in subjects of Part I (except Mathematics) will be that of an Intermediate Examination The standard in Mathematics will be below that of an Intermediate Examination as explained in the annexure The standard in subjects of Part II will be that of the B.A (pass) Examination of an Indian University.

NOTE 2.—Papers sent for the Indian (Imperial) Police Examination in India in previous years from 1921 are obtainable at a price of 8 annas per year from the Superintendent, Government Printing, India, Calcutta.

The questions on Theoretical Geometry will consist of Theorems contained in the annexed Schedule B, together with easy extensions and deductions with numerical illustrations. Any proof of a proposition will be accepted which appears to the Examiners to form part of a systematic treatment of the subject; the order in which the Theorems are stated in Schedule B is not imposed as the sequence of their treatment. In the proof of the Theorems hypothetical constructions will be permitted.

(Candidates will be provided with squared paper.)

SCHEDULE A.

Bisections of angles and of straight lines.

Construction of perpendiculars to straight lines.

Construction of an angle equal to a given angle.

Construction of parallels to a given straight line.

Sample cases of the construction from sufficient data of triangles and quadrilaterals.

Division of straight lines into a given number of equal parts or into parts in any given proportions.

Construction of a traingle equal in area to a given polygon.

Construction of tangents to a circle and of common tangents to two circles.

Simple cases of the construction of circle from sufficient data.

Construction of a fourth proportional to three given straight lines and a mean proportional to two given straight lines.

Construction of regular figures of 3, 4, 6 or 5 sides in or about a given circle.

Construction of a square equal in area to a given polygon.

SCHEDULE B.

Angles at a point.

If a straight line stands on another straight line, the sum of the two angles so formed is equal to two right angles; and the converse.

If two straight lines intersect, the vertically opposite angles are equal.

Parallel straight lines.

When a straight line cuts two other straight lines, if—

(*i*) a pair of alternate angles are equal, or

(*ii*) a pair of corresponding angles are equal, or

(*iii*) a pair of interior angles on the same side of the cutting line are together equal to two right angles,

then the two straight lines are parallel; and the converse.

Straight lines which are parallel to the same straight line are parallel to one another.

Triangles and rectilineal figures.

The sum of the angles of a triangle is equal to two right angles.

If the sides of a convex polygon are produced in order the sum of the angles so formed is equal to four right angles.

If two triangles have two sides of the one equal to two sides of the other, each to each, and also the angles contained by these sides equal, the triangles are congruent.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

If two sides of a triangle are equal, the angles opposite to these sides are equal; and the converse.

If two triangles have the three sides of the one equal to the three sides of the other, each to each, the triangles are congruent.

If two right-angled triangles have their hypotenuses equal, and one side of the one equal to one side of the other, the triangles are congruent.

If two sides of a triangle are unequal, the greater side has the greater angle opposite to it ; and the converse.

Of all the straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

The opposite sides and angles of a parallelogram are equal ; each diagonal bisects the parallelogram and the diagonals bisect one another.

If there are three or more parallel straight lines and the intercepts made by them on any straight line that cuts them are equal then the corresponding intercepts on any other straight line that cuts them are also equal.

Areas.

Parallelograms on the same or equal bases and of the same altitude are equal in area.
Triangles on the same or equal bases and of the same altitude are equal in area.
Equal triangles on the same or equal bases are of the same altitude.
Illustrations and explanations of the geometrical theorems corresponding to the following Algebraical identities :—

$$k(a + b + c + \ldots) = ka + kb + kc + \ldots$$

$$(a + b)^2 = a^2 + 2ab + b^2.$$

$$(a - b)^2 = a^2 - 2ab + b^2.$$

$$a^2 - b^2 = (a + b)(a - b).$$

The square on a side of a triangle is greater than, equal to, or less than, the sum of the squares on the other two sides, according as the angle contained by those sides is obtuse, right, or acute. The difference in the case of inequality is twice the rectangle contained by one of the two sides and the projection on it of the other.

Loci.

The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.

The locus of a point which is equidistant from two intersecting straight lines consists of the pair of straight lines which bisect the angles between the two given lines.

The Circle.

A straight line drawn from the centre of a circle to bisect a chord which is not the diameter is at right angles to the chord ; conversely, the perpendicular to a chord from the centre bisects the chord.

There is one circle, and one only, which passes through three given points not in a straight line.

In equal circles (or in the same circle), (*i*) if two arcs subtend equal angles at the centres, they are equal ; (*ii*) conversely, if two arcs are equal they subtend equal angles at the centres.

In equal circles (or in the same circle), (*i*) if two chords are equal, they cut off equal arcs ; (*ii*) conversely, if two arcs are equal the chords of the arcs are equal.

Equal chords in a circle are equidistant from the centre ; and the converse.

The tangents at any point of a circle and the radius through the point are perpendicular to one another.

If two circles touch the point of contact lies on the straight line through the centres.

The angle which an arc of a circle subtends at the centre is double that which it subtends at any point on the remaining part of the circumference.

Angles in the same segment of a circle are equal ; and if the line joining two points subtends equal angles at two other points on the same side of it, the four points lie on a circle.

The angle in a semi-circle is a right angle, the angle in a segment greater than a semi-circle is less than a right angle, and the angle in a segment less than a semi-circle is greater than a right angle.

The opposite angles of any quadrilateral inscribed in a circle are supplementary ; and the converse.

If a straight line touch a circle and from the point of contact a chord be drawn, the angles which this chord makes with the tangent are equal to the angles in the alternate segment.

If two chords of a circle intersect either inside or outside the circle, the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

Proportion ; Similar Triangles.

If a straight line is drawn parallel to one side of a triangle, the other two sides are divided proportionally ; and the converse.

If two triangles are equiangular, their corresponding sides are proportional ; and the converse.

If two triangles have one angle of the one equal to one angle of the other and the sides about these angles proportional, the triangles are similar

In any right-angled triangle the perpendicular to the hypotenuse from opposite vertex divides the triangle into two triangles which are similar to the whole triangle and to each other.

The internal bisector of an angle of a triangle divides the opposite sides internally in the ratio of the sides containing the angle and likewise the external bisector externally.

The ratio of the areas of similar triangles is equal to the ratio of the squares on corresponding sides.

APPLICATION FORM FOR THE INDIAN (IMPERIAL) POLICE SERVICE.

Before filling up this Form you should consult the accompanying Regulations, in which are laid down the conditions of eligibility for appointment to the above service.

To be filled up and returned to the District Officer or the Chief Presidency Magistrate, Calcutta (for candidates resident in Calcutta). If the space provided here for any answer is insufficient, a separate sheet should be used.

If a candidate who fills up and returns this Application Form does not receive an acknowledgment of it within a reasonable time, he should inform the District Officer concerned or the Chief Presidency Magistrate, Calcutta.

Should any of the particulars furnished be found to be false within the knowledge of the candidate, he will, if appointed, be liable to be dismissed. The wilful suppression of any material fact will be similarly punished.

	ANSWER.
1. Name in full, surname first.	
2. Postal address *in full* (any change of address should at once be communicated to the Chief Secretary to the Government of the Province concerned.)	
3. Affix here postage stamps of the value of Rs. 5. *No part of this fee will be returnable to any applicant whatever the result of his application. Applications unaccompanied by the fee will be ignored.*	
4. Exact date of birth, and age last birthday.	
5. Place of birth.	
6. Your nationality at birth.	
7. Your father's name, place of birth and nationality at birth.	
8. His postal address and profession (if dead, give last address).	
9. Your mother's place of birth and nationality at birth.	
10. Is a declaration under section 96A necessary to your eligibility? If so, have you taken steps to have it made?	

	ANSWER.
11. Schools— Name your schools in order, giving dates of entering and leaving. State any position of authority you held, any distinction you attained in school work, games, school societies, etc., any University scholarship you won. Age on finally quitting school.	
12. University— Name your University with dates of entering and leaving. State degree, the subjects taken for it and any other distinctions. Give also information as to your games and athletics, teams you have captained or played in and athletic distinctions. Name your College and College Tutor or Head of your College.	
13. Name any Government office in which you have served, with dates of service and the name and official address of your superior officer.	
14. Any time since entering school not otherwise accounted for should be accounted for here.	
15. Are you free from pecuniary embarrassments?	
16. Give the names, postal addresses and professions of two referees, who should be responsible persons, well acquainted with you in private life, but not relatives, and unconnected with your School or University.	
17. Name any subject or subjects in which you can supply proof of special proficiency.	
18. Name the optional subjects in which you wish to be examined.	
19. Give particulars of any physical impairment which you have suffered through the war (if any war service has been rendered).	
20. State whether you have or have not been rejected by a Medical Board on any previous occasion.	
21 Signature and date.	

APPENDIX III

EXTRACT FROM THE REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENTS UNDER THE GOVERNMENT OF INDIA.

[*These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after having the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.*]

N.B.—As regards candidates who have been wounded, a candidate who has lost one hand, fore-arm, or arm, or one leg *below* the knee might be accepted, but the following classes of wounds must be regarded as disqualifications, viz., (1) Injury to head; (2) Loss of an eye; (3) Loss of leg above or through the knee.

GENERAL PHYSICAL REQUIREMENTS.

I. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

II. Measurements will be recorded of the candidate's height and chest girth.

III. *Measurement of Height.*—A minimum height of 5 ft. 4 ins. is imposed. The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar and the height will be noted in parts of an inch to eights.

IV. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded.

V. The candidate's weight will be taken and recorded in pounds.

VI. (A) The examination for determining the acuteness of vision includes two tests, one for distant, the other for near vision. Snellen's test types will be used for the test for distant vision, without glasses at a distance of 20 feet, and for the test for near vision without glasses, at any distance selected by the candidate. The standards of the minimum acuteness of vision which will be used for guidance in the examination of a candidate are as follows:—

STANDARD I.

Right eye.	Left eye
Distant vision—V=6/6.	V=6/6.
Near vision—Reads 0, 6.	Reads 0, 6.

STANDARD II.

Better eye.	Worse eye.
Distant vision—V=6/6.	V, without glasses=not below 6/60; and after correction with glasses=not below 6/24.
Near vision—Reads 0, 6.	Reads 1.

STANDARD III.

Better eye.	Worse eye.
Distant vision—V, without glasses = not below 6/24* ; and after correction with glasses = not below 6/6.	V, without glasses = not below 6/24* ; and after correction with glasses = not below 6/12.
Near vision—Reads 0, 8.	Reads 1.

* Temporarily lowered to 6/60

(B) Each eye must have a full field of vision as tested by hand movements.

(C) Squint or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence, will cause the rejection of the candidate.

(D) Each eye will be examined separately and the lids must be kept wide open during the test.

(E) Inability to distinguish the principal colours will not be regarded as a cause for rejection but the fact will be noted in the proceedings and the candidate will be informed.

(F) The degree of acuteness of vision of all candidates for appointments will be entered in the proceedings in the following manner :—

V R.= ; with glasses= ; Reads

V L = ; with glasses= ; Reads

(G) In cases of serious abnormality the opinion of an ophthalmic specialist should be obtained.

VII. The urine (passed in presence of the examiner) should be examined and the result recorded.

VIII. The following additional points should be observed :—

(*a*) that the candidate's hearing in each ear is good and that there is no sign of disease of the ear ;

(*b*) that his speech is without impediment ;

(*c*) that his teeth are in good order ; that he is provided with dentures where necessary for effective mastication (well filled teeth will be considered as sound) ; and that he is free from pyorrhœa or other morbid condition of the mouth or gums ;

(*d*) that his chest is well formed and his chest expansion sufficient, and that his heart and lungs are sound ;

(*e*) that there is no evidence of any abdominal disease ;

(*f*) that he is not ruptured ;

(*g*) that he does not suffer from hydrocele, a severe degree of varicocele, varicose veins or piles ;

(*h*) that his limbs, hands and feet are well formed and developed and that there is free and perfect motion of all his joints ;

(*i*) that he does not suffer from any inveterate skin disease ;

(*j*) that there is no congenital malformation or defect ;

(*k*) that he does not bear traces of acute or chronic disease pointing to an impaired constitution ;

(*l*) that he bears marks of efficient vaccination.

When any defect is found it must be noted in the certificate and the medical examiner should state his opinion whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate If the condition is remediable by operation it should be so stated.

APPENDIX IV.

The following rates of pay for the Indian (Imperial) Police Service have been approved.

1. Time scale§ :—

Year of Service	Basic Pay		Overseas Pay	
	Junior	Senior	If drawn in sterling	If drawn in rupees
	Rs.	Rs.	£	Rs.
1st ...	350	...	...	100
2nd ...	375	...	...	100
3rd ...	400	...	...	100
4th ..	425	...	...	125
5th ...	450	...	15	150
		(Or any earlier year.)		
6th ...	475	650*	15	150
7th ...	500	675	15	150
8th ...	525	700	15	150

25th ...	...	1,300	30	300
26th ...	...	1,350	30	300

NOTE.—All officers enter on the "junior scale" but when they attain certain posts of higher responsibility they are classed as coming under the "senior scale" and draw basic pay thereunder for so long as they hold such posts (whether officiating in them or appointed substantively to them)

* *In sixth or any earlier year in which officers may come under Senior Scale*

§ *Officers recruited at the competitive examinations held in the United Kingdom count service for increments of pay from the date of reporting arrival in India, or from 1st November of the year of appointment, whichever is the earlier, provided that the officer reports his arrival in India not later than the 31st December of that year In the case of officers who for whatever reason, do not report their arrival in India until after the 31st December, service for increment will count from the date of such report*

2. † Appointments above the time-scale :—

Posts.	Basic pay Rs. per mensem.	Overseas pay
Selection grade of Superintendents ...	1,450	£ 30
Deputy Inspectors-General and Commissioner of Police, Bombay	1,750—100—2,150	
Commissioner of Police, Calcutta	2,000—100—2,500	
Ditto, Rangoon	1,800—100—2,000	
**Inspectors-General of Police :—		
Madras, Bombay, Bengal, United Provinces, Punjab, Burma, Bihar and Orissa ...	2,500—125—3,000	£ 13-4
Central Provinces	2,250—125—2,750	
Assam	2,250—125—2,500	
North-West Frontier Province	2,250—125—2,500	

3. The time scale in paragraph 1 above will cover the appointments of Assistant Superintendent of Police and Superintendent of Police. Separate scales of pay have been sanctioned for officers appointed in India as Deputy Superintendents.

4. The overseas pay set out above (which will reckon as pay for all purposes of the Civil Service Regulations) will be admissible only to officers of non-Indian domicile.

† *The number of appointments above the time scale held by officers of the Indian Police Service will not exceed 20 per cent of the cadre of each province.*

** *These appointments are not set apart exclusively for members of the Police Department, and the Government reserves discretion to fill them by the selection of any officers who are considered best fitted for them, whether in the Department or outside it*

APPENDIX V.

[NOTE—Appendices V and VI are merely intended to show the principal leave and pension rules at present applicable to the Indian (Imperial) Police Service without going into minute details, and do not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Fundamental Rules in the case of leave, and of the Civil Service Regulations in the case of pensions for the time being.]

ORDINARY LEAVE RULES FOR OFFICERS POSSESSING NON-EUROPEAN DOMICILE.

I.

Leave is calculated in terms of "leave on average pay," and the amount of "leave on average pay" for which an officer is eligible is $\frac{9}{11}$ths of the period spent on duty.

Subject to certain maxima and minima and to the limitations noted below, an officer may draw, at his option, leave salary equal to the average pay of the last 12 months of completed duty or to half such average pay. All leave on average and half the period on half average pay is counted against the leave earned. An officer may take his leave on average pay or half average pay, or on a combination of the two, provided that his continuous absence from duty does not exceed 28 months, and that the amount of leave taken on average pay does not exceed four months at any one time. The maximum amount of leave admissible during an officer's career expressed in terms of leave on average pay for $2\frac{1}{2}$ years *plus* $\frac{1}{11}$th of the period spent on duty, of which not more than $\frac{1}{11}$th of the period spent on duty may actually consist of leave on average pay.

II.—GENERAL.

Leave not due and carrying half average pay may be granted on medical certificate and within certain limits, for other reasons, but an officer will not again commence to earn leave until the expiration of a fresh period of duty sufficient to earn a credit of leave equal to the leave he has taken before it was due. After 28 months' absence from duty an officer of the Indian Imperial Police Service draws quarter average salary subject to certain maxima and minima.

Leave salary is ordinarily payable in rupees if the officer spends his leave in India or Ceylon, and in sterling if he spends it elsewhere. The rate of exchange for the conversion of leave salary is prescribed from time to time by the Secretary of State. At present it is the current rate of exchange subject to a minimum of 1*s*. 4*d*. during the first four months of leave and 1*s*. 6*d*. during the remainder.

It should be noted that leave can never be claimed as of right, but is given or refused at the discretion of Government.

APPENDIX VI—(*See Note at commencement of Appendix V.*)

PENSIONS.

1. The following is the summary of the pension rules applicable to officers of the Indian (Imperial) Police Service appointed by the Secretary of State from the United Kingdom.

2. Subject to the absolute right, which will not ordinarily be exercised, of the Government of India to decline to permit any officer to retire before reaching the age for superannuation, should it be necessary in the public interest to retain his services, officers will be allowed to retire optionally after twenty-five or more years' service.

3. Retirement is ordinarily required at the age of 55 years, but for special reasons an officer is sometimes retained after attaining that age.

4. An officer becomes eligible for full retiring pension on completing 30 years' qualifying service.

5. If before completing this period of service an officer is permitted to retire voluntarily after completion of 25 or more years' qualifying service (paragraph 2) or is compelled to retire on attaining the age of 55 (paragraph 3), or through ill-health not occasioned by irregular or intemperate habits, he will be eligible for a pension on the following scales or, if invalided with less than 7 years' qualifying service, for a gratuity.

6. The amount of pension or gratuity is regulated as follows :—

(*a*) Retiring and superannuation pension—

Completed years of qualifying service	Sixtieths of average Emoluments.	Maximum limit of pension
		Rs.
25	25	6,000 a year.
26	26	6,200 „
27	27	6,400 „
28	28	6,600 „
29	29	6,800 „
30	30	7,000 „

(*b*) Invalid gratuity and pensions—

(*i*) After a service of less than 7 years.—A gratuity not exceeding one month's emoluments for each completed year of service.

(*ii*) After a service of not less than 7 years.—A pension as follows :—

Completed years of qualifying Service.	Scale of Pension	Maximum.
		Rs.
7	7-sixtieths of average emoluments	2,000 per annum.
8	8 „ „	2,350 „
9	9 „ „	2,700 „
10	10 „ „	3,000 „
11	11 „ „	3,200 „
12	12 „ „	3,400 „
13	13 „ „	3,600 „
14	14 „ „	3,800 „
15	15 „ „	4,000 „
16	16 „ „	4,200 „
17	17 „ „	4,400 „
18	18 „ „	4,600 „
19	19 „ „	4,800 „
20	20 „ „	5,000 „
21	21 „ „	5,200 „
22	22 „ „	5,400 „
23	23 „ „	5,600 „
24	24 „ „	5,800 „
25	30 „ „	6,000 „
26	30 „ „	6,200 „
27	30 „ „	6,400 „
28	30 „ „	6,600 „
29	30 „ „	6,800 „

Average emoluments are calculated over the last three years of service.

Pensions drawn in the United Kingdom are converted into sterling at a minimum rate of exchange of 1*s.* 9*d.* the rupee.

7. Government may retire any officer after he has completed 25 years' service without giving reasons, and without admitting any claim to compensation in addition to pension, and in that event the pension admissible to him will ordinarily be regulated on a scale not exceeding that laid down above. The right reserved to Government under this rule will not be exercised except when it is in the public interest to dispense with the further services of an officer. Government also reserves the general power to reduce the pension ordinarily admissible in all cases where an officer's service has been unsatisfactory.

ADDITIONAL PENSION.

8. The Government of India have classified certain high appointments into two grades, the lower comprising those posts which involve high but intermediate responsibility, the higher consisting of those which require a marked degree of independent administrative and professional capacity. Officers who have held appointments in the lower grade may be granted an additional pension at the rate of Rs. 300 per year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 1,500 in respect of service classed in the lower grade. Officers who have held appointments classed in the upper grade will be entitled to an additional pension at the rate of Rs. 500 for each completed year of effective service rendered in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

9. These additional pensions will be awarded only to officers who have given proof of special energy and efficiency, and will be subject to the condition that an officer must in the event of voluntary retirement have completed 28 years qualifying service.

The upper grade includes :—

Inspectors-General of Police (except Inspector-General, Railway Police, Rajputana).
Director, Central Intelligence Department.
Commissioners of Police, Calcutta and Bombay.

The lower grade includes :—

Inspector-General, Railway Police, Rajputana.
Deputy Inspectors-General of Police.
Commissioners of Police, Madras and Rangoon.
Superintendents of Police, in the Selection Grade.
Deputy Director, Central Intelligence Department.

APPENDIX VII.

PROVIDENT FUND.

A General Provident Fund, to which contribution is compulsory in the case of Anglo-Indians or Domiciled Europeans and optional in the case of Indians, has also been established on the following basis :—

(1) The contribution is compulsory up to 6¼ per cent. on salaries, with voluntary contributions of not more than a further 9⅜ per cent. Subscriptions on leave of any kind are optional.

(2) Compound interest on such payments is annually credited by Government to each officer subscribing.

(3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the fund, and is handed over to him, unconditionally, on quitting the service ; or in the event of his death before retirement, to his legal representatives or such other person or persons as under and subject to the rules of the Fund for the time being in force may be entitled thereto.

NOTIFICATION.

Test Examination of private candidates for the Matriculation Examination of 1927.

A Test Examination of private candidates will be held in the office of the Inspector of Schools, Presidency Division, Calcutta, from Monday, the 29th November 1926. *Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.* The term "private candidate" includes school-masters.

2. Private candidates are those who have not attended any school recognised or unrecognised for at least one year previous to the Matriculation Examination. They should produce proof that they have not attended any school for such period. They should also produce certificates of conduct and progress in studies from the authorities of the last school where they read, and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school. The transfer certificates granted to them by the authorities of the schools in which they studied last of the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation Examination, must be submitted in original along with the application for permission to appear at the Test Examination. A statement of the antecedents of the candidate should accompany his application. He should state whether he has read in any unrecognised school, and if so, in what school and in what year. A student, who failed to pass the annual examination for promotion to the first class at the end of the year 1925 and then left school, will in no circumstances be allowed to appear at the Test Examination of 1926.

3. *Bonâ fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination. They must produce certificates of service and character from their employers or from the Deputy Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation Examination unless he has completed the age of fifteen years on the first day of the month in which the Matriculation Examination is held.

5. Each candidate should submit to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, not later than the 2nd November 1926, his application for admission to the Test Examination, with the following particulars:—

(1) Age, (2) residence, (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation Examination, (5) second language besides English, (6) vernacular language, and (7) which two of the following optional subjects he has taken up:—

(*a*) Additional Mathematics.
(*b*) Additional paper in a classical language.
(*c*) History.
(*d*) Geography.
(*e*) Elementary Mechanics.

6. The admission fee for the examination is Rs. 6 for each candidate. This must be remitted with the application on or before the prescribed date, after which a fine of Rs. 2 will be imposed for each week's delay. **In no circumstances will the admission fee be refunded.**

7. No private student will be admitted to the Test Examination unless he is satisfactorily identified.

8. Candidates who are sent up by this office must appear at the Calcutta examination centre.

9. Those who reside at a distance from Calcutta may, as special cases, be permitted to sit at the Test Examination at the nearest Government High English School. They will be supplied with printed question papers from this office to which their answer papers should be sent by the Head Master concerned.

10. The date of the Matriculation Examination in 1927 will be notified hereafter.

11. Applications and fees for admission to the examination must reach the office of the Registrar on or before the date to be fixed by the University.

Intermediate and B. A. Examinations in 1927.

Deputy Inspectors, Sub-Inspectors and *bonâ fide* teachers of English schools in the Presidency Division, who have been employed as such for at least three years preceding the examination, will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. Laboratory assistants and demonstrators and librarians of affiliated colleges will be treated as teachers. *Their applications must reach this office on or before the 3rd December 1926.*

1. In accordance with section 9, Chapter XV, of the revised Regulations dealing with the registration of University students, all candidates who intend to appear at any of the ensuing examinations of the University of Calcutta otherwise than as students of affiliated institutions, and who have applied for or have obtained the special permission of the Senate for the purpose, are required to apply to the Registrar of the Calcutta University for the registration of their names as University students. No person will be deemed a "University students" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation. A registration fee of Rs. 2 must accompany every application.

2. Candidates for the B.A. Examination must send to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, their F. A., I. A., or I. Sc. certificates, and candidates for the Intermediate Examination their Entrance and Matriculation certificates, together with a letter in original from the Senate of the Calcutta University, permitting them to appear at the examination.

3. Candidates should carefully read the printed form of application and supply all the information required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The dates of the Intermediate and B. A. Examinations in 1927 will be notified hereafter.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must reach the *office of the Registrar on or before the dates to be fixed by the University*, and must be sent to that office by the candidates direct.

M. AHMAD,
Inspector of Schools, Presidency Division.

CHITTAGONG DIVISION.

Rules for the guidance of private candidates for the Matriculation Examination of 1927.

THE following rules for the guidance of private candidates for the Matriculation Examination are published for general information.

2. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bona fide* school masters.

3. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned against it:—

Name of school	Date of examination.
(1) Comilla Zilla School	6th, 7th, 8th, 9th and 10th December 1926.
(2) Noakhali R. K. Zilla School	
(3) Chittagong Collegiate School	
(4) Rangamati High English School	

Female candidates are not required to undergo any Test Examination.

Each private student will pay a fee of Rs. 3 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some person known to the headmaster of the institution in which he appears.

4. Application for permission to appear at the Test Examination must be sent in time so as to reach this office not later than the 5th November 1926. The information to be given and the documents to be appended, in original, are the following :—

(*a*) Name of the school in which the candidate last studied.

(*b*) Transfer certificate, in original, granted to the candidate by the headmaster of the school in which he last studied ; or

(*c*) In the case of a candidate who previously appeared at the Matriculation Examination, Controller's receipt, in original, for the fee paid.

(*d*) Age of the candidate. No candidate, who will not have completed the age of 16 years on the first day of the Matriculation Examination, will be allowed to appear at it.

(*e*) In the case of school-masters, a certificate of good conduct from the secretary of the school in which he is serving or from the Inspector of the district or subdivision concerned.

(*f*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline and that he has not read in any school since the last Matriculation Examination.

(g) A statement by the candidate giving the following facts :—

(i) Residence.
(ii) Father's name.
(iii) Second language besides English.
(iv) Vernacular language for composition.
(v) Vernacular language from which translation is to be made into English in the first English paper.
(vi) Which of the following subjects he has taken up :—

(1) Additional mathematics.
(2) Additional paper in the classical language.
(3) History.
(4) Geography.
(5) Elementary mechanics.

(vii) The name of the school at the Test Examination of which the candidate wishes to appear must be stated. Candidates of the plains districts will not be allowed to appear at the Test Examination of the Rangamati High English School.

N.B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1925 and then left the school can, under no circumstances, be allowed to appear at the Test Examination

5. The Inspector on being satisfied will countersign and return the application which will then be the candidate's passport for admission to the Test Examination.

6. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear, at least 15 days before the date of that examination. The headmaster will deposit the amount realized by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

7. The headmasters of the institutions named in paragraph 3 above should direct private students who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination and to sign them in their presence. They will then grant the necessary certificates and forward the applications to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

8. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

9. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

10. The Matriculation Examination will be held in March 1927, the exact dates of which will be notified by the University.

11. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Bengal Act IV of 1926.

THE HOWRAH BRIDGE ACT, 1926.

An Act to provide for the construction, maintenance and control of a new bridge across the river Hooghly between Calcutta and Howrah.

Preamble.

WHEREAS it is expedient that a new bridge across the river Hooghly between Calcutta and Howrah be constructed and maintained;

And whereas the previous sanction of the Governor General under sub-section (*3*) of section 80A of the Government of India Act has been obtained to the passing of this Act; 5 & 6. Geo V, c. 61; 6 & 7, Geo V, c 37; 9 & 10, Geo V. c. 101

It is hereby enacted as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Howrah Bridge Act, 1926.

(*2*) It shall come into force on such date as the Local Government may, by notification, direct.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "Calcutta" has the same meaning as in clause (*11*) of section 3 of the Calcutta Municipal Act, 1923; Ben. Act III of 1923

(*2*) "the Commissioners" means the Commissioners for the new Howrah Bridge, hereinafter incorporated under the provisions of section 3;

(*3*) "notification" means a notification published in the *Calcutta Gazette*;

(*4*) "the existing bridge" means the floating bridge across the river Hooghly, the construction of which was authorised by the Howrah Bridge Act, 1871; and Ben. Act IX of 1871

(*5*) "year" means a financial year.

Provisions of Act to be carried out by body of Commissioners

3. (*1*) The duty of carrying out the provisions of this Act shall, subject to such conditions and limitations as are hereinafter contained, be vested in a body of Commissioners to be called "the Commissioners for the new Howrah Bridge."

(*2*) Such body shall be a body corporate and have perpetual succession and a common seal, and shall by its corporate name sue and be sued.

(*3*) The Commissioners for the Port of Calcutta for the time being shall be the Commissioners for the new Howrah Bridge.

(*4*) The Commissioners shall be entitled to receive such fees for the performance of their duties under this Act as the Local Government may, by rule, prescribe. Such fees shall be paid from the new Howrah Bridge Trust Fund created by this Act.

Repeal of Ben. Act IX of 1871.

4. (*1*) The Howrah Bridge Act, 1871, shall be repealed on and from such date as the Local Government may, by notification, specify in this behalf; but this repeal shall not affect the past operation of that Act, or anything done or suffered, or any right, privilege, obligation or liability acquired, accrued or incurred thereunder.

Property and moneys of existing bridge to vest in the Commissioners in trust.

(*2*) All properties, funds and dues which on the said date are vested in the Commissioners for the Port of Calcutta in trust for the purposes of the Howrah Bridge Act, 1871, shall from such date vest in them as the Commissioners under this Act in trust for the purposes of this

The Howrah Bridge Act, 1926.

(*Sections 5—8.*)

Act and for such purposes may be disposed of by the Commissioners in such manner as they think fit.

(*3*) All contracts and liabilities which on the said date have been made or incurred by the Commissioners for the Port of Calcutta for the purposes of the Howrah Bridge Act, 1871, may, so far as they are outstanding on such date, be enforced by and against them as the Commissioners under this Act. Ben. Act IX of 1871

(*4*) All suits and other legal proceedings instituted before the said date by or against the Commissioners for the Port of Calcutta under the Howrah Bridge Act, 1871, may be continued by or against them as the Commissioners under this Act.

Power to construct a new bridge and to take order with existing bridge.

5. The Commissioners may—

(*a*) cause a new bridge to be constructed across the river Hooghly between Calcutta and Howrah of such design, and of such materials of such quality, and at such place and with such approaches as the Commissioners, subject to the approval of the Local Government, consider suitable;

(*b*) notwithstanding anything contained in the Howrah Bridge Act, 1871, take such order with the existing bridge as the Commissioners, subject to the approval of the Local Government, consider essential in connection with the construction of the new bridge; and

(*c*) cause the new bridge and its approaches to be maintained and controlled.

Power to raise loans.

6. (*1*) The Commissioners may borrow any sum necessary for carrying out the works specified in clauses (*a*) and (*b*) of section 5, at such rate of interest, and for such period, and upon such terms as to the time and method of repayment, and on such other terms and conditions, as the Local Government may approve:

Provided that no loan exceeding in amount twenty-five lakhs of rupees shall be taken by the Commissioners, unless the terms including the date of flotation of such loan have been approved by the Government of India.

(*2*) The Local Government shall have power to guarantee the service and repayment of any loan raised under the provisions of sub-section (*1*) or any part of such loan.

Power of Local Government to order Commissioners to undertake works and raise loans.

7. (*1*) The Local Government may, by notification, order the Commissioners to undertake the works referred to in section 5 and to raise the loan referred to in section 6 within such period as the Local Government shall fix, and the Commissioners shall comply with such order.

(*2*) The Local Government may, by notification, for reasons to be recorded therein, extend the period fixed under the provisions of sub-section (*1*).

Power to levy taxes.

8. It shall be lawful for the Local Government at any time after the commencement of this Act, to cause to be levied for the purposes of this Act all or any of the following taxes:—

(*i*) a tax of not more than one-half *per cent.* on the annual valuation of all lands and buildings in Calcutta as determined by the Corporation of Calcutta under Chapter X of the Calcutta Municipal Act, 1923; Ben. Act III of 1923.

(*ii*) a tax of not more than one quarter *per cent.* on the annual rateable value of holdings situated within the municipalities of Howrah and Tollygunge and within the South Suburban municipality as determined by the Municipal Commissioners, under section 96 of the Bengal Municipal Act, 1884; Ben. Act III of 1884

The Howrah Bridge Act, 1926.

(*Section 9.*)

(*iii*) a tax of not more than two pies on every maund of goods except salt, manganese ore, coal and coke, conveyed on the East Indian Railway and the Bengal Nagpur Railway into or from Howrah Station;

(*iv*) a tax of not more than three pies on every passenger on those railways brought to or taken from the said station:

Provided that the said tax may in the case of passengers taking suburban season tickets be calculated at the rate of four annas *per mensem* for each such ticket or at such lower rate as the Local Government may, by notification, prescribe;

(*v*) a tax at the rate of six pies in the case of a first class passenger, and at the rate of three pies in the case of a second class passenger travelling by the ferry service established by the Commissioners for the Port of Calcutta under the provisions of clause (*7a*) of section 35 of the Calcutta Port Act, 1890, in respect of each single journey so made by him, the fare of which is one anna or more; and Ben. Act III of 1890.

(*vi*) a tax on all or any classes of vehicle within Calcutta and the municipalities named in clause (*ii*) after consideration of the views of the Corporation of Calcutta or the Commissioners of the municipality concerned, as the case may be, at such rates as the Local Government may, by notification, prescribe.

Collection of taxes.

9. (*1*) The taxes leviable under clauses (*i*) and (*ii*) of section 8 shall be treated as if they were a part of the consolidated rate imposed under section 124 of the Calcutta Municipal Act, 1923, or of the rate leviable under section 85 of the Bengal Municipal Act, 1884, as the case may be, and shall be collected by the Corporation of Calcutta and the Commissioners of the municipalities named in clause (*ii*) of section 8 in the manner provided in the Calcutta Municipal Act, 1923, and the Bengal Municipal Act, 1884, respectively. Ben. Act III of 1923. Ben. Act III of 1884.

(*2*) The tax leviable under clause (*iii*) of section 8 shall be collected on goods imported or exported by rail, by means of a surcharge on freight, by the administration of the railway by which the goods are carried.

(*3*) The tax leviable under clause (*iv*) of section 8 shall be collected by means of a surcharge on fares, by the administration of the railway by which the passengers are carried.

(*4*) The tax leviable under clause (*v*) of section 8 shall be collected by means of a surcharge on fares, by the Commissioners for the Port of Calcutta.

(*5*) The tax leviable under clause (*vi*) of section 8 shall be collected by the Corporation of Calcutta and the Commissioners of the municipalities referred to in that clause as if they were taxes and fees levied under sections 165 and 184 of the Calcutta Municipal Act, 1923, or taxes and fees levied under sections 131 and 143 of the Bengal Municipal Act, 1884, as the case may be.

(*6*) The taxes collected as prescribed in this section shall be paid direct to the Commissioners by the collecting agency at such times as may be prescribed by the Local Government after making such deduction as the Local Government may approve to meet any expenses incurred in connection with the levy and collection of the said taxes.

Explanation.—The word "administration" as used in sub-sections (*2*) and (*3*) has the same meaning as in clause (*6*) of section 3 of the Indian Railways Act, 1890.

The Howrah Bridge Act, 1926.

(Sections 10—14.)

Construction of tramway and contribution therefor

10. (*1*) Subject to the approval of the Local Government, the Commissioners may authorise any person to construct, maintain and use a tramway or tramways over the new bridge and its approaches on such terms as the Commissioners may consider suitable.

(*2*) When any person is authorised under sub-section (*1*) to construct, maintain and use a tramway or tramways over the new bridge and its approaches, he shall pay to the Commissioners at such time and in such manner as the Commissioners may, by notification, prescribe, such sum or sums as the Commissioners may, from time to time, require as his contribution for the purposes of sub-section (*1*):

Provided that if any disagreement arises between the Commissioners and such person, in regard to any of the matters referred to in this sub-section, the question shall be determined by the Local Government.

Contribution by Local Government.

11. The Local Government shall pay a sum of four lakhs of rupees per annum towards the service and repayment of the loan raised under the provisions of section 6:

Provided that, if the Local Government in accordance with the provisions of section 12 reduce the rate of the taxes leviable under clauses (*i*) and (*ii*) of section 8 or under either of those clauses, they may also reduce the amount of the said contribution by a sum proportionate to the amount by which the total yield of the taxes levied under those two clauses during the year following such reduction is less than the total yield of the said taxes during the preceding year.

Power to Local Government to vary taxes, etc., and make exceptions.

12. The Local Government may, by notification, subject to the provisions of section 8—

(*i*) vary the rates at which the taxes and other payments leviable under that section are to be paid;

(*ii*) exempt all or any classes of persons on whom, or of vehicles or goods on which, taxes are leviable under that section from payment thereof:

Provided that the Local Government may by notification cancel or modify any order made under this section.

Property and moneys to vest in the Commissioners in trust

13. (*1*) All property, movable and immovable, acquired or in any way otherwise procured for the construction, improvement, maintenance and control of the new bridge and its approaches, and the new bridge and its approaches and all moneys received by the Commissioners under this Act shall vest in the Commissioners in trust for the purposes of this Act.

(*2*) All moneys received by the Commissioners for the purposes of this Act shall form a separate fund which shall be known as the new Howrah Bridge Trust Fund.

(*3*) The Local Government may by rule provide for the payment of moneys into the new Howrah Bridge Trust Fund, for the investment by the Commissioners of moneys received into that fund and for the custody and disbursement of such moneys.

Accounts.

14. The Commissioners shall keep such accounts as the Local Government may prescribe of all expenditure in or about the construction or maintenance of the new bridge and its approaches, and of the collection of taxes and contributions in relation to the new bridge, and also of the income derived from taxes and contributions. The accounts shall be examined from time to time by auditors appointed in this behalf by the Local Government.

The Howrah Bridge Act, 1926.

(Sections 15—21.)

Estimates of income and expenditure.

15. The Commissioners shall for each year prepare an estimate of income to be received and expenditure to be incurred by them in accordance with, and for the purposes of, this Act in the manner set forth in sections 69, 70, 71 and 72 of the Calcutta Port Act, 1890. Ben. Act III of 1890.

Procedure on failure of local authorities to make payment.

16. If the Commissioners for the Port of Calcutta or the Corporation of Calcutta or the Commissioners of any of the municipalities named in clause (*n*) of section 8 fail to make any payment as required by section 9, the Local Government may attach the funds of the Commissioners for the Port of Calcutta or the Municipal Funds, as the case may be, or any of them, or any portion thereof, and the provisions of section 118, sub-section (*2*) of the Calcutta Municipal Act, 1923, shall, with all necessary modifications be deemed to apply. Ben. Act III of 1923.

Recoveries.

17. Any sum due to the Commissioners under the provisions of this Act shall be recoverable by the Commissioners in the manner provided for the recovery of a public demand.

Powers in case of default by Commissioners.

18. If in the opinion of the Local Government the Commissioners have made default in the performance of their duties under this Act, the Local Government may, by notification, dissolve the body established by section 3 and may, by notification, establish another body of trustees for the purpose of this Act, or take under their own management the construction, maintenance, improvement and control of the new bridge and its approaches and the arrangements for the service and repayment of the loan raised under the provisions of section 6; and thereafter for all the purposes of this Act the powers conferred and duties imposed by this Act upon the Commissioners and all contracts entered into or liabilities incurred by the Commissioners under this Act shall be deemed to be transferred to the trustees so appointed or to the Local Government, as the case may be, and the said trustees or the Local Government, as the case may be, may enter on the new bridge and its approaches and may take possession of the same and of all properties and moneys vested by this Act in the Commissioners.

Power to Local Government to make rules.

19. (*1*) The Local Government may make rules for carrying out the purposes of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power the Local Government may make rules—

(*a*) regulating the collection of taxes which may be imposed under this Act and the payment thereof to the Commissioners, and

(*b*) prescribing the method of examination by auditors under section 14 of the accounts kept by the Commissioners.

Power to Local Government to make by-laws.

20. The Local Government may, after previous publication, by notification, make by-laws for carrying out the purposes of this Act, and in particular—

(*a*) for the safe and convenient use of the new bridge and the approaches thereto and any tramway constructed thereon, and

(*b*) for the passage of boats and vessels under or through the new bridge.

Indemnity.

21. No person shall be entitled to any compensation for any loss or injury which he may sustain by reason of any obstruction to the navigation of the river Hooghly which may be caused by operations connected with the dismantling or removal of the existing bridge and its approaches or the construction or repair of the new bridge and its approaches, or for any interference with

The Howrah Bridge Act, 1926.

(Sections 22, 23.)

any rights vested or otherwise, which may result from operations connected with the dismantling or removal of the existing bridge and its approaches or the construction or repair of the new bridge and its approaches.

Penalty for infringement of by-law.

22. No penalty for any one infringement of a by-law shall exceed one hundred rupees, nor in case of a continuing infringement shall any penalty exceed fifty rupees *per diem* for every day after notice of such infringement shall have been given by or on behalf of the Commissioners to the person guilty of such infringement.

Offences and penalties.

23. The offences mentioned in column 1 of the following table shall be punishable to the extent mentioned in column 2 thereof with reference to such offences respectively :—

1	2
(*1*) Contravening any rule made under section 19.	Fine not exceeding five hundred rupees.
(*2*) Wilfully evading or attempting to evade payment of any contribution, or tax payable under this Act.	Fine which may extend to fifty rupees or imprisonment which may extend to 14 days or both.

NOTIFICATION.

No. 2955 L., dated the 2nd September, 1926.—The following Bill was introduced in the Bengal Legislative Council on the 18th August, 1926, and is hereby published for general information, together with the Statement of Objects and Reasons annexed thereto.

THE CALCUTTA MUNICIPAL (AMENDMENT) BILL, 1926.

A

BILL

to amend the Calcutta Municipal Acts, 1923.

Preamble

WHEREAS it is expedient to amend the Calcutta Municipal Acts, 1923, in the manner hereinafter appearing, so as to separate Wards Nos. 26, 30, 31 and 32, *i.e.*, the Garden Reach and the Cossipore-Chitpur areas, from the limits of the Calcutta Corporation and to reconstitute Ward No. 26 as Garden Reach Municipality and Wards Nos. 30, 31 and 32 as the Cossipore-Chitpur Municipality. III of 1923. XI of 1923.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Calcutta Municipal (Amendment) Act, 1926.

Amendment of section 7 of Act XI of 1923.

14. In section 7 of the Calcutta Municipal (No. II) Act, 1923, *for* the words and figures "Sub-clauses (*i*) to (*iv*)" *read* "Sub-clauses (*i*), (*iv*) and (*v*)". XI of 1923.

Re-constitution of the Cossipore-Chitpur Municipality.

15. The area excluded from the limits of the Corporation of Calcutta and included within Wards Nos. 30, 31 and 32 of the Corporation of Calcutta is re-constituted a separate Municipality under the Bengal Municipal Act, 1884, and is hereby named the "Cossipore-Chitpur Municipality". III of 1884.

Re-constitution of the Garden Reach Municipality

16. The area excluded from the limits of the Corporation of Calcutta and included within Ward No. 26 of the Corporation of Calcutta is re-constituted a separate Municipality under the Bengal Municipal Act, 1884, and is hereby named the "Garden Reach Municipality". III of 1884.

(Sections 17—21.)

Formation of a committee to give effect to this Act.

17. A committee consisting of the elected Councillors of the Corporation of Calcutta representing Ward No. 26, *i.e.*, the Garden Reach area, and Wards Nos. 30, 31 and 32, *i.e.*, the Cossipore-Chitpur area, at the time of passing of this Act, two other Councillors or Aldermen from the general body of the said Corporation to be nominated by it within two weeks of the passing of this Act, and three Members of the Bengal Legislative Council nominated by it at the time of passing of this Act, shall be formed to determine and give effect to, as soon as possible, all particulars and arrangements necessary for, and incidental to, the re-constitution of the said area into separate Municipalities, and their action in this respect shall be final.

Election of Commissioners for, and commencement of working of, the Cossipore-Chitpur and Garden Reach Municipalities.

18. The election of Commissioners for the Garden Reach and Cossipore-Chitpur Municipalities hereby re-constituted shall take place, and the working of the said Municipalities shall commence, and the elected Councillors representing Wards Nos. 26, 30, 31 and 32 of the Corporation of Calcutta at the passing of this Act shall cease to be such, at such time and in such manner as the committee mentioned in section 16 above shall determine, and until such time the administration of the Corporation of Calcutta over the said Wards Nos. 26, 30, 31 and 32 shall continue as before the passing of this Act.

Loans or other engagements by the Corporation of Calcutta not to affect the operation of this Act.

19. Any loans taken or engagements entered into by or on behalf of the Corporation of Calcutta, whilst the aforesaid Wards Nos. 26, 30, 31 and 32 were under its administration, shall not in any way affect the operation of this Act and the re-constitution of the aforesaid areas into separate Municipalities as hereby contemplated.

Cancellation of assessment made by the Corporation of Calcutta.

20. The assessment to rates, taxes and fees made or proposed to be made by the Corporation of Calcutta, in respect of Wards Nos. 26, 30, 31 and 32, under Part IV of the Calcutta Municipal Act, 1923, whilst those areas were under the jurisdiction of the said Corporation, is hereby cancelled. III of 1923.

Powers of the Commissioners of the Cossipore-Chitpur and Garden Reach Municipalities

21. Notwithstanding anything to the contrary contained in the Calcutta Municipal Act, 1923, or the Bengal Municipal Act, 1884, or any other Act, it will be competent for the Commissioners of the Cossipore-Chitpur and Garden Reach Municipalities hereby re-constituted to alter, modify, revise, cancel, or give effect to, any act done, or resolution passed, or assessment made or proposed to be made by the Corporation of Calcutta, in respect of, or in any way concerning, Wards Nos. 30, 31 and 32 and Ward No. 26 respectively, whilst those areas were under the jurisdiction of the said Coroporation. III of 1923. III of 1884.

STATEMENT OF OBJECTS AND REASONS.

The Calcutta Municipal Act, III of 1923, as it was originally framed, did not include in its local extent the area under the former Cossipore-Chitpur and Garden Reach Municipalities, and the Bill, even when it emerged from the Select Committee, did not include the Cossipore-Chitpur area or the major portion of Garden Reach area. Those areas were amalgamated with Calcutta in the teeth of vehement opposition by the rate-payers and against the deliberate and considered recommendation to the contrary made by the Amalgamation Commission appointed by Government. The motion for amalgamation was carried by a very narrow majority in the Bengal Legislative Council. It was generally thought that the step of increasing the liabilities and obligations of the Corporation of Calcutta, by adding to the already extensive city the vast areas of Cossipore-Chitpur and Garden Reach, comprising many mills, factories and business houses, was a menace to the health and population of the city. Even before the amalgamation of these areas the Corporation of Calcutta was not in a position to meet its statutory obligations in a proper and satisfactory way. And this has been

much more the case after the amalgamation, as it was bound to be, both in respect of the city proper and the added areas, and the position has been rendered worse on account of the financial difficulties of the Corporation. For this reason, many good schemes have either been abandoned or postponed, and there is very little hope of the said scheme being ever carried out if the vast areas are any longer kept within the limits of the Corporation of Calcutta. On the other hand, the people of the added areas will not certainly for many years to come enjoy the amenities which are now being enjoyed by the residents of the city, though the former have been called upon to pay rates and taxes, many times more than their former assessment, ignoring the salutary provision made by the Legislative for levying a lower rate under section 7 of the Calcutta Municipal (No. II) Act XI of 1923, thus causing universal dissatisfaction amongst the rate-payers of that area. Moreover, the administration by the Calcutta Corporation is costlier than that by the old Municipality, which was highly spoken of and commended in successive Government Reports, and under which the people enjoyed many privileges and facilities of which they have now been deprived. The Garden Reach area, which comprises 4½ square miles, is mostly undeveloped, and consists extensively of jungle, ditches, tanks and paddy lands, without lights, roads, water or conservancy.

I desire to acknowledge my indebtedness to Rai Harendra Nath Chaudhuri, of whose Draft Bill the present Bill is a reproduction, with necessary additions and alterations, so as to include the Garden Reach area.

A

BILL

further to amend the Code of Civil Procedure, 1908, for a certain purpose.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purpose hereinafter appearing; It is hereby enacted as follows:— V of 1908.

Short title.

1. This Act may be called the Code of Civil Procedure (Second Appeals) Act, 1926

Amendment of Order XLII in the First Schedule to Act V of 1908.

2. In Order XLII in the First Schedule to the Code of Civil Procedure, 1908,— V of 1908.

(*a*) in rule 1, before the words "The rules" the words "Subject to the provisions of this Order" shall be inserted; and

(*b*) after rule 1, the following rule shall be added, namely:—

Security for costs in certain second appeals

"2. Where the decree from which a second appeal is preferred affirms the decision of the Court by which the original decree was passed, the High Court shall, unless it dismisses the appeal under the procedure prescribed in rule 11 of Order XLI, require the appellant to deposit, in cash or Government securities, security to such amount as the Court thinks fit for the costs of the appeal and shall not call upon the respondent to appear and answer the appeal until such security has been furnished, and, if such security is not furnished within such time as the Court orders, the Court shall reject the appeal:

Provided that the High Court may dispense with such security in any case in which it is of opinion that the decision from which the appeal is preferred is on the face of it contrary to law or some usage having the force of law."

STATEMENT OF OBJECTS AND REASONS.

In order to protect the interests of a respondent in a second appeal in the matter of recouping his costs, the Civil Justice Committee recommended that in every second appeal to the High Court the appellant should deposit in Court by way of security for the respondent's costs, in cash or in Government promissory notes, a definite sum being the amount of any costs awarded against him in the lower Courts *plus* the amount at which the respondent, if successful, could tax his pleader's fee under the High Court rules. The opinions of Local Governments and High Courts and of the authorities consulted by them vary from complete acceptance of the Committee's recommendation to complete rejection, but a considerable body of opinion is in favour of restricting the proposal to second appeals from concurrent judgments only, subject to the following conditions:—

(1) that the High Court should have power to dispense with security for costs when the judgment appealed from is on the face of it erroneous in law, or when a subsequent decision of the High Court or of the Privy Council has modified or altered the law;

(2) that security should be required only on admission of the appeal under Order XLI of the Code of Civil Procedure;

(3) that security should be limited to costs of the second appeal in the High Court; and

(4) that security should be furnished only in cash or Government securities.

These restrictions appear to be desirable, and it is considered that the proposal in its restricted form will ensure sufficient protection to a respondent in a second appeal. The Bill gives effect to the proposal

CALCUTTA, THE 5TH SEPTEMBER 1926.

RESOLUTION—No. 4182Pl.

READ—

The Report on the Police Administration in the Bengal Presidency for the year 1925.

Mr. T. C. Simpson held the post of Inspector-General of Police throughout the year.

2. **Eastern Frontier Rifles.**—The strength of the Eastern Frontier Rifles remained unchanged. The standard of efficiency was well maintained, and mobility was increased by the formation of a flying column of three platoons for service at short notice wherever required. As in previous years the battalion rendered valuable service in maintaining or restoring peace at different places in the Hooghly, 24-Parganas and Dacca districts, and the thanks of the Governor in Council are due to the Commandant, Major Macpherson and the officers under him for their good work.

3. **Strength and Recruitment.**—Further measures of retrenchment were carried out during the year. Twenty-one police-stations were abolished involving a reduction of 121 men in the sanctioned strength of the force. In the majority of cases there was local opposition to the abolition and the Governor in Council is doubtful whether this policy is in the best interests of the rural population but having regard to the assurances that the recommendation of the Retrenchment Committee would be carried out to the utmost possible extent he felt bound to proceed with it. The permanent sanctioned strength of the subordinate police at the close of the year stood at 23,938 against 24,039 in the previous year, the number actually employed being 23,533. Though there was some falling off in the number of constables recruited —2,154 against 2,461 of the previous year—recruitment was on the whole satisfactory Of those recruited, 77·4 per cent. were Hindus and 22·6 per cent. Muhammadans. Local recruits numbered 640, of whom 44·2 per cent. were Muhammadans. An analysis of the figures shows that a fair number of local Muhammadans—but not many upcountry Muhammadans—offered themselves for enlistment. As in the Calcutta Police, however, a large number of the local candidates had to be rejected as unfit. In the ranks of non-gazetted police officers, the proportion of Hindus was 62·4 per cent. against 33·2 per cent. Muhammadans, 2·6 per cent. Europeans and 1·8 per cent. other castes. Taking the ranks of assistant sub-inspectors, head-constables and constables together, the proportion of Hindus to Muhammadans was 69·1 per cent. to 29·1 per cent.

The post of assistant sub-inspector continued to afford an attractive field for employment of men with good educational qualifications. One reason for this probably is that the door to promotion to higher ranks has been widened by reserving half the vacancies in the rank of sub-inspector for assistant sub-inspectors. More candidates with good educational qualifications are enlisting as constables but they are not entirely a success in this rank because they prefer clerical duties to the ordinary duties of the rank and file.

In connection with the strength of the armed force, the Inspector-General of Police has drawn attention to the necessity of a reserve beyond the ordinary reserve for leave and training in order to provide men for unforeseen and temporary duties. In many districts this force has to be drawn upon unduly to find men for miscellaneous work which has increased considerably in recent years and for which there is no cadre provision. The call for miscellaneous duties renders it impossible to grant the leave to which the men are entitled under the rules and to restrict it to cases in which a medical certificate makes it impossible to withhold it. The Inspector-General of Police considers that this has resulted in a deterioration in the health of the force.

4. **Health of the Force.**—The total admissions into hospital during the year were 16,746 men. The figure is higher by 22 per cent. than the previous year, and the Inspector-General ascribes this apparent deterioration in the health of the force not only to the arduous nature of the duties that the men are called upon to perform without adequate leave, but to the absence of satisfactory buildings, lack of mosquito nets and beds. The necessity of a building scheme for housing the police in the mufassil districts of Bengal has long been recognised, but the normal resources of the province are inadequate to finance it from revenue. It is hoped that it may be practicable to meet the cost by raising a loan, and the preparation of a scheme has been taken in hand recently which will include not only thana buildings and police lines, but also quarters for those entitled to free quarters. Considerable savings would be effected in house rents and in the annual provision made in the police budget for departmental works. As regards measures of protection against malaria it is satisfactory that in the current year's budget provision has been made both for iron cots and mosquito nets, and there is every reason to hope that necessary provision will be made in future years.

5. **Discipline.**—Including cases from the preceding year the number of complaints brought against the police by members of the public was 416; and though this is more than the number in 1924, it is considerably below the figures of any of the six preceding years. Of 347 cases disposed of during the year, there were convictions only in 30 cases—the lowest on record—but no less than 197 were dismissed under section 203, Criminal Procedure Code, and as many as 120 ended in acquittal or discharge. It may be hoped that the figures afford an indication that people are getting over the inclination to bring frivolous charges against the police. There must, however, still be too many such charges, when 50 per cent. of the total complaints cannot survive a preliminary judicial enquiry. It is satisfactory that no member of the force above the rank of constable was judicially punished for any offence under the Penal Code, and that there were only two constables against whom bribery was proved and only six who were found guilty of extortion. It is also satisfactory that not a single civil suit instituted against the police in connection with their official duties was decreed against them. The Governor in Council agrees with Inspector-General of Police in regarding these facts as evidence of the steady improvement in the discipline and conduct of the force.

6. **Figures of Crime and Detection.**—The total volume of crime shows a remarkable drop during the year under report. The figures for burglary (30,027) are the lowest on record since 1912 and for theft (19,515) since 1914 while the figures for dacoity are the lowest since 1920. As compared with the previous year there was a decrease of 199 dacoity cases, the figures being 619 against 818 of the previous year and 762 the average of the quinquennium. To this decrease all the Ranges contributed, the largest decrease being shown by the Rajshahi Range, where there was a decrease of 69 cases. The decrease is attributed generally to more intensive patrols, sustained enquiries in areas where dacoity was formerly prevalent, careful supervision of preventive measures and also in a great measure to the increasing spirit of self-reliance of the people. It is gratifying to note that resistance was offered to dacoits in no less than 64 cases, in several of which substantial rewards were sanctioned by Government. This is a

large increase over the number of such cases (18) recorded in the previous year. As regards detection of crime, 89·9 per cent. of the police cases which were decided ended in conviction and 76·2 per cent. of the accused sent up were convicted. Though there is still room for improvement it may be noted that the figures compare very favourably with those of other provinces. The re-opening of the Detective Training School will, it is hoped, gradually bring about an increased supply of trained detective officers, and so strengthen the detective staff. Meanwhile the instructions of the Inspector-General of Police about investigation of crime, if carefully followed, are well calculated to maintain if not to improve upon the existing standard. These instructions are directed towards the prompt location of crime centres and the adoption of special concerted measures with the object of disorganising and breaking up the gangs. The policy has borne excellent fruit, and the circle inspectors are to be commended on the manner in which they have acted on these instructions, the carrying out of which not infrequently involved great personal inconvenience and hardship. The system of efficient night patrols has met with marked success and has been responsible for no less than 600 arrests of thieves red-handed.

7. **Defence Parties.**—It is impossible with the limited number of regular police posted to police stations, covering an area of 100 square miles or more, to do anything much in the way of regular patrols without assistance from the public, and the increase in the number of defence parties affords gratifying proof of the realisation of this fact and of the growth of self-reliance on the part of the villagers. There are now 1,450 defence parties in the province who effected during the year, 179 arrests of which 144 were made without the aid of the police. It is reported that wherever these parties have been formed, active crime has decreased to a great extent, and the Governor in Council is glad to be able to acknowledge the assistance rendered by the public-spirited persons composing the defence parties whose good work has been brought to the special notice of Government by the Inspector-General of Police. He trusts that the movement will grow and will, under proper guidance and control, be able to show a better record of prevention of crime and arrest of criminals as time goes on. He attaches great importance to the development of the system not merely on account of the actual work done but on account of the promise which it offers of solving the problems of the satisfactory policing of Bengal and the development of that co-operation between the puplic and the police which is so essential to the welfare of both.

8. **Criminal Investigation Department—Revolutionary Crime.**—The multifarious duties arising out of the application of the Criminal Law Amendment Act proved a heavy strain on the Department, which nevertheless succeeded in bringing about practically a cessation of crimes of violence during the year. Some of the cases dealt with were of considerable interest and importance. A highly inflammatory leaflet under the signature of "Vijoy Kumar, President, Central Council R. P. of India" which was circulated broadcast in Bengal and other provinces was traced to the well-known revolutionary Sachindra Nath Sanyal, who was placed on trial under section 124 A, Indian Penal Code and sentenced to two years' rigorous imprisonment. The fact that copies of the leaflet appeared simultaneously in distant parts of India and that the search of certain of the houses to which these leaflets had been posted resulted in the finding of arms and ammunition indicates an inter-provincial organization. In the Dacca district, two known revolutionaries were arrested in the course of a house search with a large number of forged Rs. 10 currency notes, including a block, and were tried and sentenced to 5 years' reigorous imprisonment. Towards the close of the year, papers and correspondence seized at a house at Dakshineswar and at Sovabazar Street disclose the existence of a widespread conspiracy to import arms into Bengal from the Far East. At the house in Dakshineswar, nine young men were arrested, and among the articles found were a live bomb, a loaded revolver, a pistol, about 100 cartridges and a quantity of chemicals and apparatus for the manufacture of explosives. The accused were placed on trial before a Special Tribunal

constituted under the provisions of the Criminal Law Amendment Act and were sentenced to various terms of imprisonment and transportation.

Although overt actions of the terrorist party have been successfully combated by the use of the Criminal Law Amendment Act, there are good reasons to believe that efforts to maintain the organisation continue unceasingly; and there is evidence to show that certain influential and well-organised groups have by no means abandoned the idea of resorting to violence. In particular, there is definite information of the existence of organised conspiracies for importing arms. The situation, therefore, is not without anxiety and demands unremitting vigilance.

The section of the Criminal Investigation Department which deals with organised groups of criminals enquired into many important cases. As instances of the participation of young men of the *bhadralok* class in dacoities of the ordinary criminal type may be mentioned the capture of a gang of young *bhadraloks* which included an ex-detenu and some congress volunteers at Chandernagore in the act of preparing to commit a dacoity; another gang case in which 23 dacoits, many of whom are young *bhadraloks*, are concerned was still under trial in the Dacca Sessions at the close of the year, while, in a third case of *bhadralok* dacoits in the Faridpur district pending from the previous year, six persons were convicted. Other activities of the department included the detection of cases of note forgery and of arms smuggling, and of a telegraphic money order fraud, the capture of two professional coiners and an enquiry into systematic pilfering of tea from tea chests while in transit on steamers and on the railways. During the year under report the failure of the Karwal Nut Settlement at Saidpur to achieve the object for which it was established—viz., the reformation of the settlers and their final absorption into the general body of the community—was again pressed upon the notice of Government. The Karwals do not appear to have shown any tendency towards reformation or to improvement in their conduct and behaviour; on the other hand, many use their local knowledge to make thieving expeditions in Northern Bengal. The whole question as to whether the Settlement should be continued and, if so, how the object in view can be achieved is under examination, and Government are now awaiting a report from the Commissioner of the Rajshahi Division on the subject.

9. **Rural Police.**—In reviewing the work of the rural police last year it was stated that instances in which village chaukidars had participated in crime showed that the Inspector-General's plea for careful selection of chaukidars was well founded. In his present report while mentioning instances of good work done by individual chaukidars the Inspector-General has again quoted several cases in which dafadars and chaukidars were either definitely proved or strongly suspected to have been concerned in dacoities and other crimes against property. The Governor in Council wishes to invite the attention of District Officers to the importance of careful selection at the time of making appointments. He realises that one difficulty in the way of getting good men is the inadequacy of salaries. Union Boards now have the power to increase salaries, and he is glad to observe that some union boards have exercised their power in this respect, and he hopes that other union boards will give the matter their careful consideration. The Inspector-General has drawn attention to the fact that the thana police receive considerably less information of importance now-a-days than they used to before, because chaukidars now attend parades less frequently, whilst many union boards have yet to realise that if criminals are to be controlled effectively it is essential that the police should be promptly and regularly supplied with information about their movements. The weakening of co-operation between regular and rural police has resulted in the already overworked thana staff being unable to effect the necessary surveillance. A certain amount of difficulty and possibly friction is perhaps unavoidable in the transitional period. The chaukidars are the servants of the union boards, but they have many police duties to perform for which the control and co-operation of the thana staff is required, and the Governor in Council thinks that if the position is frankly accepted both by the union boards and the police in a spirit of give-and-take there is no reason why full co-operation between them should not be possible.

A special officer was placed on duty during the year under report for the preparation of a Chaukidari Manual for union boards. The work has been completed, and it is hoped that its publication will help to make the position and responsibilities of the Presidents of union boards clearer.

10. **Cost of the Department.**—The budget grant for the year 1925-26 was Rs. 1,48,78,000 against an actual expenditure of Rs. 1,44,13,068. As has been shown before, the strength of the executive force was actually reduced, but the expenditure under the head "District Executive Force" was greater owing to the normal increments of the force, the opening of the Detective Training School, the strengthening of the District Intelligence Branch staff and the arrangements necessitated for the visit of foreign royalty. The Inspector-General points out that the cost of policing 40 million people in England and Wales was £ 20 million sterling in 1923 against the equivalent of £1 million sterling in Bengal which has a larger population He can, therefore, fairly claim that he has been able to run the department as economically as possible consistent with efficiency. There are, however, many schemes of improvement essential to the proper administration of the force which have been kept pending for better financial conditions, but cannot be postponed indefinitely. Since the close of the year two schemes designed to improve the scale of pay of sub-inspectors and to provide house rents for those entitled to free housing have been put into effect and have helped to increase the contentment of the force, but the question of adequate housing still remains unsolved. It is not possible to work out a scheme which will prove to be financially remunerative, but it is hoped that it may be possible in the near future to place before the Council a comprehensive building scheme to be financed by a long-term loan and that the Council will receive it in a sympathetic spirit.

11. The Governor in Council has read with pleasure the list of officers whose good services have been brought to his notice and desires to congratulate the Inspector-General on the excellent record which he has been able to show of the service rendered by him and his subordinates. In particular, he wishes to congratulate him on the success of his measures for the prevention of crime.

ORDER.—Ordered that copies of the resolution be forwarded to the Inspector-General of Police, Bengal, the Commissioner of Police, Calcutta, and all Commissioners of Divisions, for information.

CANTONMENTS—REGULATIONS.

No. 1151.—In exercise of the powers conferred by section 280 of the Cantonments Act, 1924 (II of 1924)), the Governor General in Council is pleased to direct that the following amendments shall be made in the Cantonment Land Administration Rules, 1925, the same having been previously published as required by section 281 of the said Act :—

Amendments.

(*a*) In rule 4—

(*i*) in clause (*ii*) omit "and",
(*ii*) to clause (*iii*) add "and", and
(*iii*) after clause (*iii*) *insert*

"(*iv*) every transfer of occupation between departments of the Government of India, Local Governments and railway administrations."

(*b*) In clause (2) of rule 8 after "occupied or used by" *insert* "or is under the control of".

(*c*) In rule 10 after the words "in the cantonment" add "except land in Class B (2) which is used or occupied or under the control of a local Government".

(*d*) In the proviso to rule 12 for "any Department of the Government" *read* "any Department of the Government of India", and at the end of the rule alter the full stop into a semi-colon and add :—

"provided also that the management of any land in Class B (2) which is used or occupied or under the control of a local Government shall vest in the local Government."

(*e*) Insert the following clause after clause (24) of rule 13 :—

"Miscellaneous Leases	...	(24-A) A Cantonment Authority may grant a lease of land in Class 'B' (4) or (5) for any purpose not otherwise covered by these rules, provided that the previous sanction of the Government of India, or of such other authority as the Government of India may appoint for this purpose, be obtained to the terms on which the land is offered and to the form of the lease."

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 8th September 1926.

Summary.—During the week heavy rain fell over greater part of the province, especially in North and East Bengal. Reaping of autumn paddy is almost finished, while that of jute is proceeding. Transplantation of winter rice still continues in places; weeding has commenced. Its prospects are generally reported to be satisfactory except in the water-logged tracts. The average price of common rice for the province has slightly fallen as compared with that of the previous week.

B. L. SUBARWAL,

Personal Assistant to the Secretary to the Government of Bengal.

CALCUTTA, *the 14th September 1926.*

Annual Report of the Royal Botanic Garden and the Gardens in Calcutta and of the Lloyd Botanic Garden, Darjeeling, for 1925-26.

ROYAL BOTANIC GARDEN.

1. **General.**—Climatic conditions throughout the period under review may be described as normal for horticultural operations. Spells of scorching weather during the early part of the year were balanced by a period giving occasional showers towards the end of the hot season. Exotics benefited by the timely rains and again on account of the well distributed monsoon though there was a slight set back to this class of plant in August and September when the monsoon weakened and became irregular. All classes of plants stood the dry cold weather well although the absence of any rain of consequence during this season involved additional care in watering the beds of annuals in the open and foliage plants in the shade houses. The display of orchids was enriched by a timely arrival of a consignment of these plants from Assam and was quite up to the standard; visitors have learned to expect and appreciate. There is no part of the garden so popular as the orchid house when its somewhat sombre background is relieved by the brilliant sprays of *Coelogyne, Phaluenopsis, Vandas* and especially *Dendrobium* that the end of the season brings out.

While no additional vistas have been opened out the policy of lopping the low hanging or unsightly under branches of trees and shrubs in denser parts of the garden has been carried on. The benefit is apparent in a more open park like aspect to the garden and in glimpses of distant lawns, palm clumps and lily strewn waterways. Although the garden cannot be called rich in respect of the number of species contained it still presents in many directions a dense crowded appearance and the rearrangement planned and carried out for some years by its late head is being followed to completion now with marked improvement in the general scenic effect. A counterpart to this work has been the addition of species unrepresented in the garden. Numbers of new species have found permanent sites in their proper geographical areas and the additions will continue as the work of eliminating superfluous specimens goes on.

With finances in such unfortunate conditions as those of the garden no special work of any magnitude could be carried out but a very commendable attempt on the part of the Curator was made to bring certain roads into a safe and pleasurable state for traffic. In furtherance of the policy of curtailing expenditure a demand was made that such avenues as could most conveniently be closed to the public should be turned into grass ways and their metal and soling utilized to complete repairs on the main and more frequented roads. Materials from the Mann, Royle and parts of Brandis, Wight and a path near the Dyer avenues all of which were abolished as public ways allowed, with such fresh road making material as could be bought, of the renovation of parts of the Griffith, Dyer, Kurz, Kyd, Anderson, Clarke, Brandis and King avenues. In general the garden roads may now be said to be in a fair state of repair although none of them are in a condition or indeed constructed to stand for any length of time the wear and tear that modern traffic entails.

No fresh revetment works apart from patching was possible on the river bank, but some 14,000 cubic feet of soil was excavated from the lake near the Overseer's quarters and dumped in river side wash-outs. Reference was made in last year's report to the decaying state of the great Banyan tree and proposals for dealing with it indicated. The young Banyans planted in the excised centre of the main growth are thriving well but are still too small to make possible the delicate operation of grafting to the old stock.

2. **Plant and seed exchange.**—Some 41,916 plants were distributed of which 21,095 were trees for roadside and other planting, 11,455 were shrubs and 6,916 palms and surplus annuals. As usual these went to Government institutions, district boards, railways and municipalities. The balance was made up of climbers, bamboos, ferns and orchids. Receipts number some 2,703 plants. Eighty-six packets and 80 lbs. of seeds were distributed and 60 packets received in addition to barrels of Mahogany seed from Kew. Requests for *Taraktogenos* and *Hydnocarpus* seed, of use in Leprosy, are particularly numerous and special arrangements have been made to secure supplies of the latter from South India as garden supplies fall far short of the demand. Seeds of both these genera rapidly lose their power of germination unless

carefully collected and packed and at present experiments are under trial to test the value of different methods of packing. The range of distribution of the seeds sent out has, as usual, been practically world-wide.

3. **Herbarium and Library.**—As a direct result of the combination of appointments of Curator of the Herbarium with Systematic Assistant in the Botanical Survey of India all the more technical duties in this department fell to Mr. V. Narayanaswami. Collections have been enriched by the incorporation of some 5,228 sheets of named duplicates of which roughly one-third was Indian and two-thirds foreign species. The Indian portion consisted of plants from the Rampa Agency, the N.-W. Himalaya, Assam and Burma while foreign accessions comprised material from Africa, America, China, the Malay Archipelago and Siam. The Curator's herbarium also received further additions during the year making it more representative of the flora of the garden. Space in the existing cabinets is becoming a question of pressing importance and only a limited amount of further incorporation can go on. Some thousands of specimens were identified for correspondents and the herbarium was visited during the year by several interested correspondents and students wishing to consult particular plants or collections contained therein. Distributions include some 3,642 named sheets to the University of Allahabad and to correspondents in Japan. About 2,361 sheets were out on loan to Mr. Gamble and others for purposes of scientific study.

Less than the usual number of additions was made to the library on account of the conserving of funds for the preparation of botanical plates being undertaken in Italy. There is a noticeable tendency on the part of research workers in India to use the facilities now afforded of having certain publications on loan.

4. **Publications.**—No purely garden publications were issued during the year but the work on Asiatic Palms left by Signor Beccari has been brought together by Professor Martelli and is now with the Press.

5. **Financial.**—Out of a total budget allotment of Rs. 54,919 for staff and permanent establishment Rs. 48,000 were spent leaving a saving of Rs. 6,919, which was mainly effected by a reduction in expenditure on the pay of the post of Curator of the Herbarium The temporary establishment allotment of Rs. 30,000 was practically all utilized and from Rs. 34,720 granted under other heads Rs. 725 were saved. The net saving under all heads for the year amounted to Rs. 7,645. Revenue, being sale proceeds of surplus plants, etc., amounted to Rs. 725.

6. **Staff.**—Lieutenant-Colonel A. T. Gage, C.I.E., I.M.S., who was on leave, retired from Government service on the 2nd May 1925, and the writer was confirmed in his officiating appointment from that date and held charge throughout the year The department suffered a severe blow in the death in June 1925 of Mr. P. M. Debbarman who, prior to taking leave, acted as Curator of the Herbarium. Mr. Debbarman's quiet and unobtrusive industry and his capacity to render himself generally helpful in the diverse duties of the post he held, makes his loss the greater to Government. Mr. V. Narayanaswami, Assistant for Systematic work in the Botanical Survey, who acted as Curator of the Herbarium during Mr. Debbarman's illness, continued so to act till the end of the year in addition to his own duties. Apart from short periods during which minor acting arrangements were made the following officers held charge of their respective posts throughout the year: Mr. W. V. North, Curator: Mr. S. N. Basu, Assistant Curator; Mr. Jones, Overseer, Royal Botanic Garden; Mr. N. Mitra, Assistant Curator; Mr. Quasem Ali, Overseer, Government Gardens, Calcutta. Mr. Cave was Curator of the Lloyd Botanic Garden, Darjeeling, till the 11th November 1925 when he proceeded on long leave prior to retirement, being relieved by Mr. Mitra who in turn gave over charge to Mr. Leslie. With Mr. Cave's retirement Government loses an officer of very exceptional ability and attainments. His knowledge of the flora of the Eastern Himalaya and his industry in making this knowledge of use to botanical and horticultural institutions gave the Curator of the Lloyd Botanic Garden something of a world-wide reputation. There is scarcely a botanical institution in the world interesting itself in matters that concern plant introduction that has not at one time or other benefited by Mr. Cave's services. Babu Santosh Kumar Mitra was head clerk till the 11th June 1925 when he was relieved by Babu Ashutosh Banerjee who acted till the end of the year. All officers and the clerical establishment have performed their duties satisfactorily.

CALCUTTA GARDENS.

Work in these gardens was mainly of a routine character and calls for no special comment. The display of annuals while somewhat late was up to the usual standard of excellence. A special rose garden was started and a number of fresh additions made to the permanent collections including species of *Mongnolia Cinamomum, Phyllanthus, Cassia, Croton* and *Dracaena*. The repair of roads in all the gardens entailed strict economy in the utilization of the grant made but the paths are now in a good state of repair and, as they are not called on to bear traffic similar to what the roads at Sibpur have to stand, they will not be making similar demands on the grant for some time to come. Out of a total allotment of Rs. 29,036, Rs. 25,829 were spent leaving the small saving of Rs. 3,207.

LLOYD BOTANIC GARDEN, DARJEELING.

The rainfall for the year was 124 inches being about normal and its distribution was, on the whole, favourable for garden operations. Snow which fell to a depth of a foot in January in the garden area did a certain amount of damage but nothing that expert pruning could not make good. In this storm it was noticed that the *Grevilleas, Eucalypts* and certain of the Oaks suffered most. The large number of Conifers in the permanent collections stood the storm well and only a few other plants had branches broken under weight of the snow.

The usual routine work of the garden was carried on during the year. Some seventy-six young trees and shrubs were planted out to replace casualties or as new species to the garden. One of the steeper paths was laid with stone paving and several roads repaired. The Curator went on a collecting expedition to Sikkim during May and the Lepcha collector went as far as the Nepal frontier in quest of the annual collections of Himalayan seeds. At other times collecting work has gone on more locally.

Some 4,038 plants, 2,178 dozen seedlings, 245 bulbs and tubers and 13,785 packets of seeds were distributed and the usual number of plants and seeds received.

Visitors to the gardens totalled about 45,000, a number which shows their popularity as a resort for educational or pleasureable pursuits.

Under Mr. Leslie's care the garden is maintaining its high standard of excellence and efforts are being made to carry on in skeleton form the valuable collection branch which formed a special feature of Mr. Cave's work. The full allotment for this garden was Rs. 23,118 against a total expenditure of Rs. 23,160. The excess which was adjusted by the Accountant-General was due to leave allowance of Mr. Cave.

Scheme.

1. The said endowment shall be administered by the Superintendent for the time being of the Medical College Hospital, Calcutta, and shall be called the "Joy Chandi Dutt Fund".

2. The income of the said Fund shall be paid by the said Treasurer of Charitable Endowments to the said Administrator when and as the said income shall accrue or at such intervals as the Administrator may arrange with the Treasurer and shall be applied by the Administrator as hereinafter appearing for securing increased comforts for the native indoor patients of the said hospital.

3. The selection of the indoor native patients to be the recipients of the benefits of the endowment shall be made by the said Administrator.

4. Save that the recipients shall be natives of India and indoor patients of the said hospital they shall be selected without any distinction as to caste religion sex or otherwise and in case at any time the amount of the said income shall not be sufficient to provide comforts for the whole number of suitable patients the said Administrator shall select the recipients having regard to the age state of health personal need and good conduct of the patients in their uncontrolled discretion.

5. The said Administrator may discontinue or suspend provision of benefits in the case of any patient at any time or for any period on account of misconduct or for any other cause which he may deem sufficient in his absolute discretion.

6. In the event of there being any surplus or unexpended income the Administrator may accumulate the same or may cause the same to be accumulated by the said Treasurer and any such accumulation when sufficient may be invested in the purchase of further 3½ per cent. Government Promissory Notes to be added to the original Fund or (at the discretion of the Administrator) may be kept as a Reserve Fund for the assistance of an increased number of indoor patients at a later date. Provided always that whenever such Reserve Fund in the hands of the Administrator shall have accumulated to the extent of Rs. 500 or more the Administrator shall remit at least Rs. 500 to the Treasurer for investment or for the credit of the Reserve Fund as the Administrator may think fit.

7. The said Administrator shall determine from time to time the nature of the increased comforts whether in the way of extra nourishment food clothing surgical or medical accessories or otherwise in their absolute discretion being guided only by the

needs of each individual case and it shall not be obligatory upon him to divide the income for the purpose of providing comforts equally between all the recipients.

8. In the event of the said Hospital not being carried on the Administrator shall apply to the Government of Bengal to settle a fresh scheme or to apply to the Court for the amendment or revision of the said scheme having due regard to the intentions of the testatrix and the cypres doctrine.

Secretary to the Government of Bengal.

PUBLIC HEALTH.

No. 1879P.H.—The 16th September 1926.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to make, in supersession of the rules published with notification No. 2324M., dated the 27th September 1915, the following rules subject to which the Commissioners of the Berhampore Municipality in the district of Murshidabad may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to premises within the municipality for domestic purposes only :—

Murshidabad

Rules for the supply of filtered water to premises in the Berhampore Municipality.

1. So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water supply, they may allow any owner or occupier of a holding paying a water rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding when such annual value is not less than Rs. 100, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions.

2. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water supply, must apply for the same on a printed form to be supplied free of cost at the municipal office.

3. A fee of Rs. 102 including Rs. 2 as inspection fee must be paid to the Commissioners by such owner or occupier for each holding connection before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

4. Each holding must have a separate connection, and extensions from the communication-pipe of one holding to another shall not be permitted.

5. The owner or occupier of the holding in respect of which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 8 and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water mains or pipes and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

6. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection, or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the municipal water-works or system of distribution or by the defective condition of the connection or any part thereof or by any other cause whatever.

7. (*i*) The work required may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the work is required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(*ii*) The work must be done under the supervision of an officer appointed by the Commissioners in this behalf and no connection must be made with the municipal water-main except at such time as may be appointed and in such position as may be selected by an authorised Municipal officer.

8. A holding connection shall comprise the following parts or fittings :—

(*a*) A brass or gun-metal ferrule inserted in the main supply pipe ;
(*b*) A galvanised iron communication-pipe from the ferrule to the meter ;
(*c*) A stop-cock and its surface box ;
(*d*) A meter ;
(*e*) Service pipes from the stop-cocks to the taps ; and
(*f*) Taps.

9. (*i*) All the fittings referred to in rule 8 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(*ii*) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(*iii*) If any owner or occupier shall desire to adopt any fittings of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and any fitting so presented may, if considered satisfactory by the Chairman, be stamped and samples thereof may be purchased and placed among the standard fittings.

10. The holding connection, when fitted in position, must be capable of standing a pressure of 100 feet, and no water shall be supplied until this test has been applied by the Commissioners.

11. The size of the ferrule and the diameter of the communication pipe referred to in clauses (*a*) and (*b*) of rule 8 and the number of taps should be fixed in accordance with the annual valuation of the holdings as follows :—

Annual valuation of holding.	Size of ferrule.	Diameter of communication pipe.	Number of taps
From Rs. 100 to Rs. 199	½	½"	2
„ 200 to „ 499	¾	¾"	3
„ 500 to „ 899	1	1"	4
„ 900 to „ 1,199	1½	1½"	5
„ 1,200 to „ 1,499	1½	1"	6
„ 1,500 to „ 1,999	1½	1"	7

From Rs. 2,000 and over an extra tap for every Rs. 500 or part thereof and when necessary a corresponding increase in the size of ferrule or the tee-piece on the municipal main and in the diameter of the connection pipe.

12. (*i*) On every communication pipe a brass or gun-metal stop-cock having the same water-way as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(*ii*) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked.

(*iii*) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

13. (*i*) The meter shall be placed as near as to the stop-cock as possible and in a position where it can be conveniently examined.

(*ii*) The meter must be fixed in a brick chamber covered over with a cast-iron surface box of approved pattern.

(*iii*) Subject to the provisions of rule 15 no meter must be touched or interfered with in any way except with the permission of the Chairman.

14. The Commissioners shall depute an authorised person to read every meter not less than once a quarter, and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

15. In the event of a meter ceasing to register the quantity of water consumed during the period the meter was stopped will be calculated on the average consumption of the holding for the last four quarters.

16. (1) Every owner or occupier of any holding in respect of which a connection has been made under these rules shall be entitled to a supply of—

(*a*) 2,500 gallons of water per quarter for each rupee, and

(*b*) a further proportionate number of gallons per quarter for every additional fraction of a rupee, paid by him quarterly as water rate in respect of such holding.

(*2*) For all water in excess of the amount allowed under sub-rule (*1*) such owner or occupier shall be charged quarterly as follows :—

	Per 1,000 gallons
	As.
(*a*) For any excess quantity of water not exceeding 3,000 gallons	8
(*b*) For any excess quantity of water exceeding 3,000 gallons	12

17. The Commissioners may cut off the connections between any water-works of the municipality and any holding to which water is supplied from such works or may turn off such supply in any of the following cases, namely :—

(*a*) if the holding is unoccupied ;

(*b*) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection authorized under this Act, or under any by-law or rule framed under this Act, or prevents such officer from making such examination or inspection ;

(*c*) if the owner or occupier or the holding touches or interferes with this meter in any way except with the permission of the Chairman, or wilfully or negligently injures or damages it ;

(*d*) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water supply in the neighbourhood ;

(*e*) if the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of one month after he has been served with a notice of demand for the same ;

(*f*) if the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservoirs, taps, pipes or any other works in connection with the water supply not authorised by these rules ;

(*g*) if the pipes, taps, ball-cocks, cisterns, or any other parts of the connection are, in the opinion of the Commissioners, in a leaking condition or a state of disrepair ;

Provided that such disconnection or turning off of water supply shall not relieve any person any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (*d*) an officer authorised by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

18. Every tap shall be of the same size as the pipe to which it is attached, and shall be of brass and of the pattern known as screwdown or push-cock. Every tap shall be at least three feet above the road level.

19. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of State on the 19th August, 1926 :—

No. 5 OF 1926.

A Bill further to amend the Indian Companies Act, 1913, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Companies Act, 1913, for the purpose hereinafter appearing ; it is hereby enacted as follows :— VII of 1913.

Short title

1. This Act may be called the Indian Companies (Amendment) Act, 1926.

Amendment of section 26, Act VII of 1913

2. In sub-section (*1*) of section 26 of the Indian Companies Act, 1913, after the word "science" the word "religion" shall be inserted. VII of 1913.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to enable associations formed for religious purposes to be registered under section 26 of the Indian Companies Act, 1913. It is doubtful whether such associations are covered by the section as now worded, and it is therefore proposed to insert the word "religion" between the words "science" and "charity" in that section, as in the corresponding section 20 of the Companies (Consolidated) Act, 1908.

Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 18th August 1926 :—

No. 39 OF 1926.

A Bill further to amend the Indian Factories Act 1911, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Factories Act, 1911, for the purpose hereinafter appearing; it is hereby enacted as follows :— XII of 1911.

Short title

1. This Act may be called the Indian Factories (Amendment) Act, 192 .

Amendment of section 9, Act XII of 1911

2. To section 9 of the Indian Factories Act, 1911 (hereinafter referred to as the said Act), after clause (*d*) the following clause shall be added, namely :— XII of 1911.

"(*e*) the temperature in any part in which any manufacturing process is being carried on shall not be such as to be injurious to the health of the persons employed therein."

Amendment of section 37, Act XII of 1911

3. In sub-section (*2*) of section 37 of the said Act, in clause (*g*) for the words "and artificial humidification" the words "artificial humidification and temperature" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The Indian Factories Amendment Bill as introduced in the Legislative Assembly in September, 1925, contained a clause providing for the insertion in the Indian Factories Act, 1911, of the following section :—

"9A. (*1*) In every factory a reasonable temperature shall be maintained.

(*2*) In the case of any factory in which, in the opinion of the inspector, a reasonable temperature is not maintained, the inspector may serve on the manager of the factory an order in writing, specifying the measures which he considers necessary to maintain a reasonable temperature, and requiring him to carry them out before a specified date."

The Select Committee appointed to consider the Bill decided by a majority to delete this clause on the ground that in present conditions it would impose a real burden on employers with only a problematical advantage to the operatives. When the Bill as amended by the Select Committee was being considered by the Legislative Assembly, Mr. Joshi moved an amendment for the re-insertion of the original clause, and although the amendment was defeated, it was clear from the discussion that a number of members considered that the Factories Act should contain some provision enabling control to be exercised over temperatures in factories. With this view, the Government of India, who recognised the force of the criticisms directed against the proposed section, are in accord and the present Bill represents another possible solution of the difficulty. Clause 2 provides that the temperature shall not be excessive in those parts of the factory where manufacturing processes are being carried on. In order to assist in the determination of what constitutes an excessive temperature, it is proposed in clause 3 that Local Governments should have the power to prescribe standards. This clause will also enable Local Governments to prescribe the methods to be adopted to secure observance of the standards fixed.

The 2nd August, 1926.

L. GRAHAM,

Secretary to the Government of India.

[As introduced in the Council of State.]

A Bill to provide that partitions and separations of interest among the members of Hindu undivided families and other transactions among persons governed by Hindu law shall, in certain cases, be effected by written and registered instruments.

WHEREAS it is expedient to provide that partitions and separations of interest among the members of Hindu undivided families and other transactions among persons governed by Hindu law shall, in certain cases, be effected by written and registered instruments; It is hereby enacted as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Hindu Family Transactions Act, 192 .

(*2*) It extends to the whole of British India, except to those districts or tracts of country which are excluded from the operation of the Indian Registration Act, 1908. XVI of 1908

(*3*) It shall come into force on the 1st day of January, 1929.

Certain transactions to be effected only by written instrument.

2. (*1*) After the commencement of this Act, no partition of the whole or any part of the immoveable property of any Hindu undivided family owning immoveable property which exceeds in value one thousand rupees, and no separation of interest by reason of which the members of any such family or any of them cease to be undivided, shall be effected otherwise than by a written and registered instrument.

(*2*) The following transactions among persons governed by the Hindu law, namely:—

(*a*) a surrender by a widow or other person having a limited interest in property of such property in favour of a reversioner,

(*b*) a release by a member of a Hindu undivided family of his undivided interest in the family property in favour of the other members,

(*c*) a family arrangement among the members of a Hindu undivided family as to the mode of enjoyment of the family property, and

(*d*) a grant of maintenance to any member of such family charged on any immoveable property,

shall not, where the property transferred or affected, as the case may be, by the surrender, release, arrangement or grant exceeds in value one hundred rupees, be effected otherwise than by a written and registered instrument.

(*3*) Nothing in this section shall apply to—

(*a*) any decree or order of a Court, or

(*b*) any award, or

(*c*) any instrument made by a Revenue Officer purporting or operating to effect a partition of any property of, or a separation among any of the members of, a Hindu undivided family, or

(*d*) any will.

Power to make rules for valuation of immoveable property

3. The Local Government may, by notification in the local official Gazette, make rules to provide for the manner in which the value of immoveable property shall be determined for the purposes of section 2.

Amendment of section 17, Act XVI of 1908

4. In section 17 of the Indian Registration Act, 1908 (hereinafter referred to as the said Act, for sub-section (*3*) the following sub-section shall be substituted, namely :— XVI of 1908

"(*3*) The following documents shall also be registered, namely :—

(*a*) authorities to adopt a son executed after the 1st day of January, 1872, and not conferred by a will ;

(*b*) instruments which purport or operate to effect—

(*i*) any separation of interest by reason of which the members of a Hindu undivided family or any of them would cease to be undivided, or

(*ii*) a family arrangement among the members of any such family as to the mode of enjoyment of the family property,

and to which the Hindu Family Transactions Act, 192 , applies ; and of 192

(*c*) instruments which acknowledge the receipt or payment of any consideration on account of any separation or family arrangement described in clause (*b*) ;

Provided that nothing in this sub-section shall apply to any decree or order of a Court, or any award, or to any instrument of partition made by a Revenue Officer."

Amendment of section 28, Act XVI of 1908.

5. In section 28 of the said Act, after the letters, word and brackets "(*c*) and (*d*)" the following shall be inserted, namely :—

"and sub-section (*3*), sub-clause (*ii*) of clause (*b*) and clause (*c*)."

Amendment of section 50, Act XVI of 1908

6. In sub-section (*1*) of section 50 of the said Act, for the words and figures "of section 17, sub-section (*1*)" the following shall be substituted, namely :—

"of sub-section (*1*), and sub-clause (*ii*) of clause (*b*) and clause (*c*) of section (*3*) of section 17."

STATEMENT OF OBJECTS AND REASONS.

The Bill gives effect to the following recommendations of the Civil Justice Committee :—

(1) that in the case of a joint Hindu family if the value of the immoveable property belonging to it exceeds Rs. 1,000—

(*a*) no separation of interest so as to make the members of the family or any of them cease to be undivided should be effected otherwise than by a registered instrument, whether any actual division of property be or be not made or agreed on in connection therewith ;

(*b*) no partition of the whole or any part of the immoveable property belonging to such family should be valid unless the same be made by registered instrument :

Exception from these requirements should be permitted in the case of any decree or order of a Court, and any instruments of partition made by a Revenue Officer ;

(2) that Local Governments should be empowered to prescribe rules for valuation for this purpose ; and

(3) that in the case of persons governed by the Hindu Law—

(*i*) surrenders by a widow,
(*ii*) release by a coparcener,
(*iii*) family settlements, and
(*iv*) grants for maintenance,

should be effected only by a registered instrument, if immoveable property of the value of more than Rs. 100 is affected thereby.

When these transactions are not effected by registered instruments, they are dependent for proof on oral evidence which necessarily takes up considerable time of the Courts. The object of these recommendations is to place the transactions, as far as possible, beyond doubt, and thus to obviate delay in the disposal of suits by the Courts. The Local Governments and High Courts were consulted in the matter, and the Committee's proposals have met with considerable support.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for August 1926.

I. **Character of the season.**—During the month the rainfall was markedly in excess of the normal in the West Bengal districts; elsewhere the precipitation was below the average except in Darjeeling, Bakarganj and Chittagong. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Transplantation of winter paddy seedlings continued under favourable conditions and a good progress was made except in the water logged tracts of West Bengal. Cutting, steeping and washing of jute continued in full swing. Reaping of autumn paddy was approaching completion in North and East Bengal. A fair crop is anticipated.

III. **State of standing crops.**—Standing crops were thriving well except in Howrah, Hooghly and Midnapore, where excessive rain and flood caused damage in the low-lying tracts.

IV. **Prospects and probable outturn.**—The prospects of winter rice, sugarcane and other standing crops were reported to be fair, on the whole.

V. **Damage to standing crops.**—Due to late monsoon, jute semi-looper and hairy caterpillar appeared in the Deshi districts and Tosha jute districts (Rajshahi, Bogra and Pabna) and did considerable damage, but subsequently subsided. Considerable damage over wide areas by excessive rain and flood was also reported from Midnapore and parts of Hooghly and Howrah.

VI. **Condition of agricultural stock.**—Cattle-disease was prevalent in several districts. Rinderpest in an epidemic form continued in Khulna and Chittagong.

VII. **Failure of pasturage and fodder.**—Fodder was adequate except in the flooded tracts of West Bengal.

VIII. **Prices of food-grains.**—During the second fortnight of the month the price of common rice of the cheapest quality rose in eleven districts, fell in six and remained stationary in the rest of the province.

IX. **Condition of agricultural population.**—The condition of agricultural population was fair, on the whole.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 15th September 1926.

Summary.—During the week rainfall was generally light and scattered. Transplantation of winter paddy seedlings is still proceeding in some districts, but more rain is needed for the operation. Harvesting of autumn paddy is almost over. Cutting, steeping and washing of jute are much advanced. Condition and prospects of standing crops are generally fair, except in the flooded tracts of Midnapore. The average price of common rice for the province has slightly fallen as compared with that of the previous week.

DEPARTMENT OF AGRICULTURE AND INDUSTRIES.

Agriculture.

CALCUTTA, THE 16TH SEPTEMBER 1926.

RESOLUTION—No. 4230Agri.

The Board of the Agricultural Department in Bengal, as last constituted under resolution No. 200Agri., dated the 5th April 1922, consisted of ten official and seven non-official members.

2. With the object of making the Board representative of the five divisions of the Presidency, the Governor in Council has now decided to increase the number of non-official members from seven to twelve. The Board is accordingly reconstituted with the following members with effect from the 1st July 1926 :—

(*a*) Official members—

(1) Director of Agriculture, Bengal, *President (ex officio)*.
(2) Assistant Director of Agriculture, Bengal.
(3) Deputy Directors of Agriculture and Deputy Director of Sericulture, Bengal.
(4) First Economic Botanist to the Government of Bengal.
(5) Second Economic Botanist to the Government of Bengal.
(6) Fibre Expert to the Government of Bengal.
(7) Agricultural Chemist to the Government of Bengal.

(*b*) Non-official members—

(1) Rai Abinash Chandra Banerji Bahadur, M.A., M.L.C., Birbhum.
(2) Kumar Sarat Kumar Roy, Dighapatia, Rajshahi.
(3) Rai Jadu Nath Mazumdar Bahadur, M.A., B.L., C.I.E., Jessore.
(4) Khan Bahadur Maulvi Muhammad Ershad Ali Khan Chaudhury, Natore, Rajshahi.
(5) Khan Bahadur Maulvi Hemayatuddin Ahmad, Chairman, District Board, Barisal.
(6) Mr. W. L. Travers, M.L.C.
(7) Rai Kumud Nath Mallik Bahadur, Ranaghat, Nadia.
(8) Khan Bahadur Maulvi Wasimuddin Ahmad, Pabna.
(9) Professor N. N. Ganguli of the Calcutta University.
(10) Lieut. Saiyid Muhammad Hussain, Chairman, Local Board, Tangail.
(11) Maulvi Syed Abdul Alam of Chowghoria, Burdwan.
(12) Maulvi Syed Abdul Jabbar Chaudhury, Comilla.

The non-official members will hold office for a period of two years.

3. The duties of the Board will be mainly advisory ; they will advise Government on matters referred to them for opinion, or on any other matter which the President may consider suitable for discussion. There will be regular quarterly meetings of the Board, to which visitors may be invited. The President is also empowered to convene meetings to be held at other times when he considers it necessary to do so.

4. There will also be an annual general meeting which will be held on such date and at such place as the President may decide. To it the Department of Industries and the Co-operative and Veterinary Departments will send representatives, and the Director of Agriculture is empowered to invite officials interested in agriculture, large landowners, representative agriculturists, representatives of allied trades, and others interested in rural development, selected in such a manner as to be representative of the agricultural interests of each district throughout the Presidency.

5. His Excellency the Governor takes this opportunity of expressing his thanks to the members of the last Board for the assistance and advice they have rendered to the Agricultural Department.

ORDER.—Ordered that the resolution be published in the *Calcutta Gazette* and that copies be forwarded to the members of the Board and to the Director of Agriculture, Bengal, the Director of Industries, Bengal, the Registrar of Co-operative Societies, Bengal, and the Veterinary Adviser to the Government of Bengal, for information.

By order of the Governor in Council,

G. S. DUTT,

Secretary to the Government of Bengal.

Bakarganj.

No. 1937P.H.—The 24th September 1926.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to make the following amendments in the rules published under notification No. 1738M, dated the 26th July 1915, subject to which the Commissioners of the Barisal Municipality may allow communication pipes to be laid from the service pipes of the Commissioners for the purpose of leading water to holdings within the municipality for domestic purposes only :—

Amendments.

(1) *For* rule 15 of the said rules *substitute* the following :—

"15. The Commissioners may cut off the connection between any water works of the municipality and any house to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely :—

(*a*) if the house is unoccupied ;

(*b*) if the occupier refuses to admit any officer duly empowered in that behalf into the house for the purpose of making any examination or inspection authorized under this Act, or under any by-law or rule framed under this Act, or prevents such officer from making such examination or inspection ;

(*c*) if the owner or occupier of the house touches or interferes with his meter in any way except with the permission of the Chairman, or wilfully or negligently injures or damages it ;

(*d*) if the owner or occupier of the house wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood ;

(*e*) if the owner or occupier of the house shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of 14 days after he has been served with a notice of demand for the same ;

(*f*) if the owner or occupier of the house constructs or fixes any cisterns, tanks, reservoirs, taps, pipes or any other works in connection with the water-supply not authorized by these rules ;

(*g*) if the pipes, taps, ball-cocks, cisterns, or any other parts of the connection are, in the opinion of the Commissioners, in a leaking condition or a state of disrepair :

Provided that such disconnection or turning off of water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (*d*) an officer authorized by the Commissioners in this behalf, by a general order, shall have the power to turn off the supply for a period not exceeding eight hours, on his previously recording his reason in writing."

(2) *After* rule 17 *insert* the following as rule 18 :—

"18. When a connection for the supply of water from the service pipes of the Commissioners to any house has been made, no person without the previous written sanction of the Commissioners shall make any addition to or alteration in the communication pipes or fittings within such house."

No. 6352Com.—The 25th September 1926.—It is hereby notified for general information that a license described as "The Howrah Electric License, 1926" as set forth below has been granted to the Calcutta Electric Supply Corporation, Limited :—

The Howrah Electric License, 1926.

License for the supply of energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

LICENSE is hereby granted to the Calcutta Electric Supply Corporation, Limited, a Company incorporated in England having its registered office at Nos. 3 and 4, Clement's Inn, Strand, in the County of London and a branch office at No. 6, Old Post Office Street, Calcutta, to supply electrical energy in the area, with the powers and upon the terms and conditions all specified below :—

Short Title.

1. This license may be cited as "The Howrah Electric License, 1926."

Interpretation.

2. The several words, terms and expressions to which by the Indian Electricity Act, 1910, or by the Rules thereunder meanings are assigned, shall have in this license the same respective meanings, provided that in this license--

(*a*) "The Act" shall mean the Indian Electricity Act, 1910.

(*b*) The expression "the Licensees" shall mean and include the said Calcutta Electric Supply Coporation, Limited, and their permitted assigns, and

(*c*) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with Government in pursuance of the Rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce Department and by the Agent and Chief Engineer of the applicants.

Security.

3. The Local Government are already satisfied that the licensees are in a position fully and efficiently to discharge the duties and obligations imposed upon them by this license throughout the area of supply. It shall not be necessary for the licensees to deposit any security under clause 1 (*b*) of the schedule to the Act.

Area of supply.

4. The area above referred to within which the supply of energy is authorized by this license (the area of supply under the Act) is the whole of the area bounded as follows :

Power to lay mains outside area of supply.

5. The licensees may lay down or place electric supply lines for the conveyance and transmission of energy from generating stations situated or to be situated at Cossipore and in the Docks Area of Calcutta (outside the area of supply) to the boundary of the area of supply.

The licensees shall be at liberty hereinafter to erect within the area of supply a generating station.

The licensees may use their existing electric supply lines within the said area for the conveyance and transmission of energy under this License.

Limits within which the supply of energy is to be compulsory.

6. (*1*) The works to be executed to the satisfaction of Government will be the construction and laying down of feeders distributors and mains sufficient to supply energy to those parts of the area of supply not at present reached by the existing installation of the licensees under their previous license, so as to provide a supply for the whole area.

(*2*) If the licensees fail to comply with the provisions of sub-clause (*1*) the license may be revoked.

Nature of the supply, and limits of price to be charged for the supply of energy.

7. (*1*) The nature of the supply to be given by the licensees under this license shall be—

(*a*) For domestic and general purposes—by direct current.

(*b*) For manufacturing purposes—up to and including 50 kilowatts, by Direct Current, and over 50 kilowatts, by Alternating Current.

(*c*) By special agreement with a consumer either Direct or Alternating Current whether for domestic, manufacturing or other purposes.

(*2*) The prices to be charged by the licensees for energy supplied by them shall not exceed the following maxima, namely :—

At the following rates per quarter :

For lighting purposes.

For any quantity up to 20 units, Rs. 20 only, and for each unit over 20 units, annas eight only.

For purposes other than lighting.

Annas four only per unit.

Breaking-up of Streets, Railways and Tramways.

8. The licensees are specially authorised to open and break up the soil and pavement of all streets within the area of supply which are not repairable by Government or by a Local Authority, and of all Railways and Tramways now within or hereafter to be constructed within the area of supply.

Purchase of undertaking.

9. (*1*) The option of purchase given by section 7 of the Act shall first be exercisable on the 20th day of October 1958 and on the expiration of every subsequent period of ten years during the subsistence of this license. No. 897T.-R.—The 21st September 1926.—The following modifications are made in the rules for the grant of leases of waste lands for the cultivation of tea in the districts of Jalpaiguri and Darjeeling, which were published under notification No. 639T.-R., dated the 10th June 1919, published at pages 950-964, Part I of the *Calcutta Gazette* of the 18th idem :—

Jalpaiguri. Darjeeling.

Substitute the following for clauses 12 and 13 of Form C of renewal lease :—

12. The lessee shall not sublet the said demised lands or any part thereof without the previous sanction in writing of the Deputy Commissioner and shall on any such sub-lease register the same in the office of the Deputy Commissioner.

13. (1) The rights conveyed by the lease are heritable and also transferable provided that prior sanction of the Deputy Commissioner be procured to the transfer of any portion of the grant less than the whole.

(2) Every transfer or succession by inheritance shall be registered in the Deputy Commissioner's office within two months of the date of transfer or succession. If the transferee or successor by inheritance fails to register the transfer or succession, the Deputy Commissioner may at his discretion impose such fine as may appear to him reasonable.

14. (1) The lessor may without prejudice to any other right or remedy hereunder forthwith determine this lease on breach of the provisions of clauses 2 and 12 hereof.

(2) On breach of the provisions of clause 3 hereof the lessee shall forthwith on demand pay to the Deputy Commissioner such sum as the Deputy Commissioner shall determine not exceeding Rs. 10 for every day during which such breach continues provided that such sum shall not exceed Rs. 500.

(3) On the breach of the provisions of clauses 5, 6, 10 and 11 hereof the lessee shall forthwith on demand pay to the Deputy Commissioner such sum as the Deputy Commissioner shall determine not exceeding the sum of Rs. 50 for every day during which such breach continues provided that such sum shall not exceed in the whole the sum of Rs. 1,500.

(4) If the breach of the conditions continues after the maximum penalty has been imposed, this lease will forthwith be determined.

And it is hereby agreed and declared that—

(1) the lessee shall be entitled to the renewal of this lease for a further period of thirty years and to renewals for similar periods in perpetuity, subject to the rules and the terms and conditions of this lease, and to such clauses as the Government may, from time to time, find it necessary to add on the renewal of a lease and subject further to such rent as may then be fixed provided that such additional clauses shall not be inconsistent with the law or the express conditions of the grant and shall not have retrospective effect.

(2) All arrears of rents, costs, penalties and other monies payable by the lessee hereunder and all expenses connected with inspections and measurements may be recovered under the law for the time being in force for the recovery of arrears of revenue or other public demands.

(3) The said demised lands or any part thereof which may at any time be required for a public purpose may be acquired by Government without payment of any compensation whatever on a proportionate reduction being made in the rent payable hereunder provided that the value of any existing improvement effected by the lessee or his predecessor in interest shall be assessed by the Deputy Commissioner and shall be paid to the lessee.

The Calcutta Gazette

THURSDAY, SEPTEMBER 30, 1926.

PART IA.

Orders and Notifications by the Government of India republished for general information.

FOREIGN AND POLITICAL DEPARTMENT.

NOTIFICATIONS.

Simla, the 13th September 1926.

No. 481-H.—The following Regulations respecting Foreign Orders and Medals, which have been recently revised by Command of His Majesty the King-Emperor of India, are published for general information. These Regulations supersede all those hitherto in force on the subject :—

A

Regulations respecting Foreign Orders and Medals applicable to Persons in the Service of the Crown.

Orders.

1. IT is the King's wish that no subject of His Majesty in the Service of the Crown shall accept and wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either :

(*a*) By Warrant under the Royal Sign-Manual, or

(*b*) By restricted permission conveyed through the Keeper of His Majesty's Privy Purse.

2. When permission is given by Warrant under the Royal Sign-Manual, the Insignia of the Foreign Order may be worn at all times and without any restriction.

When restricted permission is given the Insignia may only be worn on the occasions specified in the terms of the letter from the Keeper of His Majesty's Privy Purse conveying the Royal sanction.

3. Full and unrestricted permission by Warrant under the Royal Sign-Manual is contemplated in the following cases :—

For a Decoration conferred—

On an Officer in His Majesty's Naval, Military or Air Forces lent to a Foreign Government ; on an Officer in His Majesty's Naval, Military or Air Forces attached by His Majesty's Government to a Foreign Navy, Army or Air Force during hostilities ; or on any British Official lent to a Foreign Government and not in receipt of any emoluments from British public funds during the period of such loan.

Red Cross and kindred services will only be regarded as "valuable" for the purposes of these Regulations when they have been rendered in a war in which the Empire has itself been engaged, and when the Decoration for the wearing of which permission is sought has been conferred by an Allied State.

4. Restricted permission is particularly contemplated for Decorations which have been conferred in recognition of personal attention to the Head of a Foreign State, and which are therefore of a more or less complimentary character, but will also be granted for Decorations conferred on other exceptional occasions when in the public interest it is deemed expedient that they should be accepted.

5. Restricted permis ion will generally be given for Decorations conferred in the following cases, but, as indicated in the preceding paragraph, will not necessarily be limited to these cases :—

(1) On British Ambassadors or Ministers abroad when the King pays a State visit to the country to which they are accredited ;

(*Note.*—A State visit is defined as one on which the King is accompanied by a Minister or High Official in attendance.)

(2) On Members of Deputations of British Regiments to Foreign Heads of States.

(3) On Members of Special Missions when the King is represented at a Foreign Coronation, Wedding Funeral, or similar occasion ; or on any Diplomatic Representative when specially accredited to represent His Majesty on such occasions.

Restricted permission will *not* be given to—

(*a*) British Ambassadors or Ministers abroad when leaving ;
(*b*) British Officers attending Foreign Manœuvres ;
(*c*) Naval Officers of British Squadrons visiting Foreign Waters.

6. The desire of the Head of a Foreign State to confer upon a British subject in the Service of the Crown the Insignia of an Order must be notified to His Majesty's Principal Secretary of State for Foreign Affairs either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through his Diplomatic Representative at the Court of St. James.

7. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette," stating the service for which the Foreign Order has been conferred.

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10*s*.

8. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

9. A British subject in the Service of the Crown who has received the Royal permission, full or restricted, to accept and wear the Decoration of a Foreign Order, will, on application, receive permission to accept and wear the Decoration of a higher class of the same Order.

Medals.

10. Medals conferred by the Head or Government of a Foreign State for saving or attempting to save life at sea or on land may be accepted and worn without His Majesty's special permission.

11. Other Medals, with the exceptions specified below, are subject to the Regulations in the same manner as Orders, but permission is given by Letter and not by Royal Warrant.

12. In the case of medals for Red Cross services, permission will only be granted in the conditions laid down in Rule 3 above.

13. Applications for His Majesty's permission to wear Medals, other than Medals for saving life, conferred by Private Societies or Institutions and Commemorative Medals cannot be entertained.

14. The King's unrestricted permission to accept and wear a Foreign War Medal will only be given to (*1*) Members of His Majesty's Naval, Military or Air Forces if serving with a Foreign Army, Navy or Air Force with His Majesty's licence, and (*2*) Military, Naval or Air Attachés or Officers and other ranks and ratings officially attached to Foreign Armies, Navies or Air Forces during hostilities.

15. In exceptional cases, when for special reasons it is deemed expedient that the acceptance of the Medal should not be declined, His Majesty will grant restricted permission. Such cases will be judged on their merits, and the circumstances in which the Medal may be worn will be specified in the Letter conveying His Majesty's permission.

General.

16. The term "person in the Service of the Crown" includes persons in receipt of a salary from Public Funds, or holding a Royal Commission in any part of His Majesty's Dominions, Protectorates, or Possessions.

17. Ladies are subject to the Regulations in all respects in the same manner as men.

B

Regulations respecting Foreign Orders and Medals applicable to Persons NOT in the Service of the Crown.

Orders.

1. It is the King's wish that no subject of His Majesty shall wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either :

(*a*) By Warrant under the Royal Sign-Manual, or

(*b*) By restricted permission conveyed through the Keeper of His Majesty's Privy Purse.

2. When permission is given by Warrant under the Royal Sign-Manual, the Insignia of Foreign Order may be worn at all times and without any restriction.

When restricted permission is given the Insignia may only be worn on the occasions specified in the terms of the letter from the Keeper of His Majesty's Privy Purse conveying the Royal sanction.

3. The full and unrestricted permission by Warrant under the Royal Sign-Manual is designed to meet cases in which the Decoration has been earned by valuable service rendered to the Head of the State conferring it, or to the State itself. Such service must have been both of manifest and substantial value to the Head of the State or State concerned and not inconsistent with British interests ; and must have been rendered within the period of five years immediately preceding the notification of the Decoration to His Majesty's Government as prescribed under Rule 5.

4. Restricted permission is particularly contemplated for Decorations which have been conferred in recognition of personal attention to the Head of a Foreign State, and which are therefore of a more or a less complimentary character, but will also be granted for Decorations conferred on other exceptional occasions, when in the public interest it is deemed expedient that they should be accepted.

5. Both in the case of full and of restricted permission the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs, who shall be under no obligation to consider applications for permission unless the desire of the Head of a Foreign State to confer upon a British subject the Insignia of an order is notified to him before the Order is conferred, either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through the Diplomatic Representative of the latter at the Court of St. James.

6. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette," stating the service for which the Foreign Order has been conferred.

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10s.

7. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

8. A British subject who has received the Royal permission, full or restricted, to accept and wear the Decoration of a Foreign Order, will, on application, receive permission to accept the Decoration of a higher class of the same Order.

9. These Resolutions apply only to Orders of Chivalry. Decorations conferred by Private Societies and Decorations of a purely academic nature, and all Decorations not being Orders of Chivalry, may be accepted without His Majesty's permission, but must not be worn.

Exception is made in the case of a few Foreign Orders, which, though not in strictness Orders of Chivalry, yet are of such a high distinction that, for the purpose of these Regulations, they are to be considered and treated as Orders of Chivalry.

Medals.

10. Medals, with the exceptions specified below, are subject to the Regulations in the same manner as Orders, but permission to wear is given by Letter and not by Royal Warrant. No permission is needed to accept a Foreign Medal if it is not to be worn.

11. Medals for saving or attempting to save life at sea or on land conferred on behalf of the Head or Government of a Foreign State may be accepted and worn without His Majesty's special permission.

12. Applications for His Majesty's permission to wear Medals, other than Medals for saving life, conferred by Private Societies or Institutions and Commemorative Medals cannot be entertained.

13. His Majesty will not grant permission to wear any Foreign War Medal if the person on whom it is to be or has been conferred was during the war acting in contravention of the Foreign Enlistment Act.

General.

14. Ladies are subject to the Regulations in all respects in the same manner as men.

The 15th September 1926.

The Calcutta Gazette

THURSDAY, SEPTEMBER 30, 1926.

PART II.

Advertisements.

LAND SALE NOTICES.

FORM No. 27.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the H. K. Railway, in the district of Burdwan, will be put up to sale at 12 o'clock, on Friday, the 12th November 1926, corresponding with the 26th Kartick Bengali 1333 B.S. at the office of the Subdivisional Officer of Kalna.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free (or subject to an annual assessment which will be subject to revision at the next general settlement of the temporarily-settled estates of the district) to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of State on the 19th August, 1926 :—

NO. 8 OF 1926.

A Bill further to amend the Indian Limitation Act, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Indian Limitation Act, 1908, for certain purposes hereinafter appearing; It is hereby enacted as follows :— IX of 1908.

1. This Act may be called the Indian Limitation (Amendment) Act, 192 . Short title.

2. In the proviso to sub-section (*1*) of section 20 of the Indian Limitation Act, 1908 (hereinafter referred to as the said Act), the words " in the case of part payment of the principal of a debt " shall be omitted. IX of 1908. Amendment of section 20, Act IX of 1908

3. To section 21 of the said Act the following sub-section shall be added, namely :— Amendment of section 21, Act IX of 1908.

"(*3*) For the purposes of the said sections—

(*a*) an acknowledgment signed, or a payment made, in respect of any liability, by, or by the duly authorised agent of, any widow or other limited owner of property who is governed by the Hindu law shall be a valid acknowledgment or payment, as the case may be, as against a reversioner succeeding to such liability ; and

(*b*) where a liability has been incurred by, or on behalf of, a Hindu undivided family as such, an acknowledgment or payment made by, or by the duly authorised agent of, the manager of the family for the time being shall be deemed to have been made on behalf of the whole family."

Amendment of First Schedule to Act IX of 1908.

4. (*1*) In article No. 132 in the First Division of the First Schedule to the said Act, for the *Explanation* in the first column the following *Explanation* shall be substituted, namely :—

"*Explanation.*—For the purposes of this article—

(*a*) the allowance and fees respectively called *malikana* and *haqqs*, and

(*b*) the value of any agricultural or other produce the right to receive which is secured by a charge upon immoveable property,

shall be deemed to be money charged upon immoveable property".

(*2*) In article No. 166, in the Third Division of the same schedule, to the entry in the first column the following shall be added, namely:—

"including any such application by a judgment debtor."

STATEMENT OF OBJECTS AND REASONS.

In Chapter 41 of their Report the Civil Justice Committee made recommendations for a number of amendments in the Indian Limitation Act, 1908, and the Local Governments and High Courts were consulted in the matter. The consensus of opinion is in favour of the following recommendations :—

(1) that the proviso to sub-section (*1*) of section 20 should be amended so as to make the payment of interest also subject to the condition that the fact of payment should appear in the hand-writing of the person making the same ;
(2) that limited owners under the Hindu law, and the *Karta* or manager of a joint Hindu family should be enabled to make acknowledgments and payments under sections 19 and 20 ;
(3) that article 132 should be amended so as to make it clear that a suit to recover the value of paddy and such like produce charged on immoveable property comes within this article ;
(4) that article 166 should be amended so as to make it clear that it applies to a petition by a judgment debtor under section 47 of the Code of Civil Procedure, 1908.

The Bill gives effect to these proposals. The Committee's recommendation for the amendment of article 5 of the First Schedule to the Act was effected by Act XXX of 1925, and those for the amendment of articles 85, 133 and 134 are under separate consideration. The remaining recommendations, viz., those in paragraphs 3, 4, 8, 10, 11, 12 and 13 are not being pursued.

The 14th August, 1926.

DEPARTMENT OF AGRICULTURE, BENGAL.

First Forecast of the Winter Rice Crop of Bengal, 1926-27.

(NOTE.—On an average of the five years ending 1924-25, the area under winter rice in Bengal has represented some 18·7 per cent of the total area under rice in British India.)

Character of the season.—In the early part of the season in March, there was exceptionally heavy rain all over the province. This produced very favourable conditions for cultivation of land for deep-water paddy in Eastern and Northern Bengal. In early April favourable rainfall continued, especially in Eastern and Northern Bengal, and sowings of deep-water paddy were completed in these tracts. In West Bengal little sowing was done until May, during which month, and early June, there was prolonged drought and excessive heat all over the province. In parts of West Bengal prolonged drought affected paddy seed-beds, but subsequent abundant rain restored conditions and transplantation of winter paddy proceeded under favourable conditions until early August, when excessive rain with some flood occurred. The flood soon subsided in most places and little damage is expected except in Midnapore where large areas have been submerged. In East and North Bengal, want of timely rain was keenly felt in some places for transplanting operations in June and early July; but later conditions have been normal and good progress has been made in Eastern Bengal in this direction. The operations have further been accelerated by the good rainfall of August. In Northern Bengal there was drought in late August, delaying transplanting of paddy, but good rain in early September helped matters. A full area of paddy will be transplanted, although late reaped jute may encroach in some tracts. On the whole, the outlook is reported to be good except in the water-logged tracts of West Bengal.

Acreage.—According to the figures returned by the District Officers, the total area under winter rice sown and so far transplanted is 13,943,100 acres, as compared with 14,976,300 and 15,619,300 acres in the corresponding and final forecasts of last year.

Outturn.—From the summary of the district returns appended, it will be seen that Khulna reports more than a normal crop, six districts expect a normal crop, eleven districts 93 to 83, three districts 75 each, and the rest below 70 per cent. of the normal crop. According to the above estimates, the provincial outturn works up to 87 per cent. as against 86 and 92 per cent. of the normal estimated, respectively, in the first and the final forecasts of last year.

ROBERT S. FINLOW,
Director of Agriculture, Bengal.

24-Parganas ...	840,600	749,800	620,000	83	75	End of April to end of June. Late.	Middle of July to 1st week of August. Late.	The decrease in area is due to want of timely rain. The weather has not been favourable. Damage due to heavy rain is reported from all the subdivisions. Want of timely rain and damage by heavy rain have reduced the outturn.
Nadia	136,800	130,900	133,000	67	93	End of July. Late.	Beginning of August. Late.	Owing to late rains, the sowing and transplanting was rather late. With the advent of rains, however, the sowing time became favourable. The weather has been favourable but the outturn is anticipated to fall below the normal for late sowing and transplanting.
Murshidabad ...	351,400	278,200	262,600	83	67	June to end of July. Partly normal and the rest late.	End of July to August. Late.	The decrease in area is due to insufficient rain at the time of sowing and transplanting. The weather has not been favourable owing to occasional drought which had a bad effect on the cultivation and growth of the crop and caused some damage.
Jessore	658,800	474,900	399,200	72	68	April and beginning of May. Normal.	July. Normal ...	The decrease in area is due to extensive cultivation of jute. The weather has not been favourable. The outturn is anticipated to fall below the normal owing to insufficient rain.

Burdwan ...	731,100	693,200	721,400	75	100	Middle of June ...	Middle of July. Late.	The increase in area is due to sufficient rains. The weather has been favourable.
Birbhum ...	604,700	537,000	547,900	67	100	.....	Latter part of July. Rather late.	The weather has been good and congenial to the growth of the crop. Excessive heat of the year up to middle of July and sufficient rainfall after that period compensated the late transplantation.
Bankura ...	440,000	320,000	374,600	58	100	Normal	Middle of July. A little late.	The increase in area is due to sufficient rainfall. The weather has been favourable and its effects on the cultivation and growth of the crop have been favourable. A normal outturn is expected.
Midnapore ...	1,537,100	1,411,800	1,087,000	75	75	Middle of June. Late.	July. Late ...	The decrease in area is due to drought in June and subsequently heavy downpour in July. The weather has been unfavourable. The crop has been damaged in some parts by excessive rains.
Hooghly ...	353,100	142,000	197,800	67	88	Ditto ...	Middle of July. Late.	The increase in area is due to good rainfall. The weather has been favourable and its effects on the cultivation and growth of the crop have been good. The outturn is expected to fall below the normal owing to late rainfall and late transplantation.
Howrah ...	117,000	92,700	97,700	83	92	Beginning of July. Late.	Ditto ...	The weather changed for the worse by the end of July owing to excessive rain causing some damage to transplanted seedlings.
Rajshahi ...	822,700	925,400	439,800	83	67	April. Normal ...	July. Normal ...	The large decrease in area is due to more extensive cultivation of jute this year and to unfavourable weather on account of insufficient rainfall at the time of sowing and transplantation. As the transplantation is still in progress it is expected that the present area will increase by about 40 per cent.
Dinajpur ...	1,035,300	996,000	816,100	75	63	By the middle of May. Normal.	By the middle of June. Normal.	The decrease in area is due to want of rainfall. The weather has not been at all favourable and the outturn is anticipated to fall below the normal owing to deficient rainfall.

Darjeeling ...	30,500	26,900	24,900	100	92	May. Normal ...	July. Normal ...	The decrease in area is due to revision by the Subdivisional Officer of Siliguri. The weather has been fairly favourable.
Rangpur ...	692,000	589,000	581,000	115	90	Middle of May. Normal.	Middle of June. Normal.	The decrease in area is due to increase in area under jute. The weather has not been favourable. The outturn is expected to fall below the normal owing to dearth of rain.
Bogra	361,200	312,600	237,600	100	60	End of March. Normal.	End of July. Rather late.	The decrease in area is due partly to increase in area under jute and partly to high lands intended for winter paddy still lying unsown for want of sufficient rain. The weather has not been favourable for the cultivation and growth of the crop.
Pabna	404 200	412,800	393,200	100	100	May. Normal ...	July. Normal ...	The decrease in area is due to increase in area under jute. The weather has been favourable on the whole and the outturn is expected to be normal.
Malda	304,000	290,000	198,000	83	83	First part of June. Normal.	First part of August. Late.	The decrease in area is due to want of sufficient rainfall at sowing time. The weather has not been favourable and the growth of the crop not good.
Dacca	672,400	679,500	476,500	97	93	Middle of March and April. Normal.	July and August...	The decrease in area is due to increased cultivation of jute. The weather has been favourable except for the fact that want of rain delayed transplantation. The crop has been slightly damaged by drought in June and July and by water-hyacinth.
Mymensingh ...	1,455,500	1,364,500	1,246,400	100	75	First part of April. Normal.	July. Normal ...	The decrease in area is due to unfavourable weather at the time of sowing. The weather is favourable now.
Faridpur ...	759,900	730,500	611,500	105	93	End of March and April. Normal.	.....	The decrease in area is due to increase in area under jute. The weather has been favourable, but some damage has been done by drought.
Bakarganj ...	1,500,000	1,371,000	1,375,000	133	100	April to May. Normal.	July. Normal ...	The increase in area is expected on account of the high prices of common rice and to decrease in area under autumn crops. The weather was not favourable at sowing time for want of timely rain and subsequently unusual rise of flood water have caused some damage to the young seedlings and as such the transplanting is rather late this year.
Chittagong ...	436,000	429,000	429,300	100	92	June. Late ...	August. Late ...	Prolonged drought from April to June impeded the sowing of broadcast paddy. The cyclone and cattle-disease in May in Cox's Bazar also seriously affected the sowing. Hence the outturn is likely to be affected.
Tippera	787,000	820,600	795,000	92	92	Middle of March. Normal.	Middle of July. Normal.	The decrease in area is due to increased cultivation of jute. The weather has been favourable. Damage to the extent of two annas has been caused by water-hyacinth in Brahmanbaria.
Noakhali	705,000	643,300	580,600	92	83	First part of April. Normal.	August. Normal.	The decrease in area is due to cultivation of jute in a larger area. The weather was favourable at sowing time, but became unfavourable afterwards owing to excessive rain. The crop has been slightly damaged by insects in Feni. The outturn is anticipated to fall below the normal owing to transplantation being retarded for excessive rain.
Chittagong Hill Tracts.	50,000	42 500	45,000	67	67	Second week of June. Normal.	First week of August. Late.	The increase in area is due to opening of new lands for plough cultivation. Want of rain delayed the transplantation.

DEPARTMENT OF AGRICULTURE, BENGAL.

Preliminary forecast of the *Bhadoi* Crops of Bengal, 1926-27.

(NOTE.—On an average of the five years ending 1924-25, the area under autumn rice in Bengal has represented some 6·2 per cent. of the total area under rice in British India.)

Character of the season.—The rainfall in March was above the normal and the preparatory tillage and sowings commenced generally under favourable conditions. The drought in the next three months, however, was unfavourable to further sowings and growth of the crops. Subsequently, with the good rainfall in July, the crops improved, but the fall in August was excessive, with the result that some damage was done by flood in some districts, notably in parts of Murshidabad, Jessore, Midnapore, Hooghly, Howrah, Rajshahi, Malda, Faridpur, Bakarganj, Tippera and Noakhali. On the whole, the season has been an unfavourable one for the crops.

Acreage.—The total area sown with the different *bhadoi* crops this year is reported to be 5,713,900 acres, as against 5,864,200 acres and 5,903,400 acres, respectively, in the corresponding and final forecasts of last year. Of this the area under autumn rice is estimated at 4,960,600 acres, as against 5,134,200 acres and 5,139,200 acres, respectively, in the corresponding and final forecasts of last year. The decrease is mainly due to increased cultivation of jute in some districts and to drought at sowing time in others.

Outturn.—According to the District Officers' estimates, the outturn of the different *bhadoi* crops for the Presidency works out at 74 per cent. of the normal, as against 72 and 73 per cent. reported, respectively, in the corresponding and final forecasts of last year. The autumn rice yields an outturn of 74 per cent. of the normal for the province this year, as against 71 and 73 per cent. reported, respectively, in the corresponding and final forecasts of last year.

Nadia	*Bhadoi* paddy (autumn rice).	611,500	505,100	538,500	75	92	April Normal ..	The increase in area under *bhadoi* paddy compared with last year is due to favourable sowing season. Want of rain was felt in June and July in some parts. Subsequent rains, however, improved the state of the crops materially. But for the late rains the outturn could have reached the normal, if not more.

Pabna.	*Bhadoi* paddy (autumn rice).	230,300	322,900	314,700	100	67	April. Normal ...	The decrease in area was due to unfavourable weather condition at sowing time. At sowing time, the weather was not favourable owing to want of rain, but the conditions turned favourable after the sowing was over. The growth of the crop was retarded at the beginning, but it was normal from July. Damage by drought is reported from Sirajganj.

Bakarganj.	*Bhadoi* paddy (autumn rice).	310,000	242,000	237,000	50	50	April and May. Normal.	The decrease in area is due to extensive cultivation of jute. The weather was on the whole favourable at sowing time but subsequently heavy rains and unusual rise of flood water submerged the crop in most parts for days together thus causing premature harvesting. Hence the outturn is anticipated to fall much below the normal.

CALCUTTA, *the 24th September 1926*

REPORT ON THE ADMINISTRATION OF THE EXCISE DEPARTMENT, BENGAL, FOR THE YEAR 1925-26.

NOTIFICATION.

No. 4474Ex.—The 22nd September 1926.—The following extracts from the report of the Commissioner of Excise and Salt on the administration of the Excise Department in Bengal, during the year 1925-26, are published for general information.

G. S. DUTT,
Secretary to the Government of Bengal.

No. 1354E, dated Calcutta, the 31st July 1926.

From—RAI BAHADUR S. K. RAHA, Commissioner of Excise and Salt, Bengal (offg.),

To—The Secretary to the Government of Bengal, Department of Agriculture and Industries.

I have the honour to submit the following report on the Administration of the Excise Department in the Presidency of Bengal for the year 1925-26.

Mr. G. P. Hogg, I.C.S., held charge of the department throughout the year.

* * * *

4. **Administrative changes and reforms.**—(1) The duty on *ganja* was raised from Rs 21 to Rs. 22 per seer with effect from 1st May 1925 throughout the Presidency except in the districts of the 24-Parganas and Calcutta where it was enhanced to Rs. 22 per seer with effect from 1st and 13th June 1925, respectively. It was further enhanced to Rs. 32 per seer throughout the Presidency with effect from 1st April 1926, and the fixed retail price was raised correspondingly by Rs 10 per seer. (Government Notifications No. 1614 Exc., dated the 14th April 1925, No 3238 Exc., dated the 5th August 1925 and No. 1404 Exc, dated the 18th March 1926.)

(2) The duty on *charas* was raised from Rs. 30 to Rs. 50 per seer and the fixed retail price was raised by a corresponding amount (Government Notification No. 1410 Exc., dated the 18th March 1926)

(3) In the districts of the 24-Parganas, Calcutta, Howrah and Hooghly the treasury price, and the fixed retail price of Excise opium were raised to Rs 91 and Rs. 150 per seer respectively, with effect from 1st September 1925, the rates in the rest of the Presidency remaining unaltered. (Government Notifications Nos. 3248 and 3250 Exc., dated the 7th August 1925.)

The above three measures were taken to check the increase in consumption of *ganja* and *charas*, and the excessive rate of consumption of opium in the districts mentioned above.

(4) The privilege of free home-brew of *pachwai* in limited quantities both inside and outside the tea gardens in the district of Jalpaiguri was withdrawn, and the issue of home-brew licenses at a fee of rupee one per annum for manufacture and possession of *pachwai* for home consumption only was sanctioned. (Government Notifications No. 1137 T. A. I and No. 1134 T. A. I., dated the 14th October 1925.)

(5) In Jalpaiguri district weak liquor at a strength of 75° U. P., was permitted to be issued with a view to check, as far as possible, the use of illicit liquor among tea garden labourers. (Government Notifications Nos. 1136 T. A. I. and 1135 T A I, dated the 14th October 1925.)

Both the above measures were taken with a view to ensure licit consumption of *pachwai* and country spirit in tea garden areas in the district, as far as possible.

(6) Rules were framed and brought into force from 1st April 1926 towards further consolidation and improvement of the Regulations to tighten the control of manufacture, taxation and sale of *pachwai* in licensed premises. (Government Notification No. 92 Exc., dated the 6th January 1926.)

(7) Special restrictions were imposed regarding manufacture, possession and sale of medicinal *bhang* preparations, in view of the abuse of some preparations

like modananda madak, kameswar modak, etc., in certain parts of the Presidency. (Government Notification No. 5236 Exc., dated the 5th November 1925.)

(8) Licensed chemists were permitted to transmit Cocaine, Morphia drugs and intoxicating drugs to other places in India *by post*, under certain special conditions. (Notifications Nos. 1149 T. A. I., 1150 T. A. I. & 1151 T. A. I., dated the 16th October 1925.)

This was done with a view to obviate the difficulty experienced both by the licensed chemists and the public regarding prompt supply of legitimate demands.

* * * *

(11) In Calcutta the closing hours of drug premises were fixed at 6-30 P.M. from the 16th March to the 15th October and 5-30 P.M. from 16th October to 15th March, instead of at sunset. (Government Notifications Nos. 3450 and 3451 Exc., dated the 20th August 1925.)

* * * *

(17) With the approval of Government, considerable improvements were effected and stricter conditions were imposed regarding the manufacture of medicinal preparations by the manufacturing chemists and druggists.

* * * *

5. **Temperance teaching in schools.**—The existing text-books on Hygiene recommended for use in the middle and upper primary stages of high and middle English schools and in the upper two classes of middle vernacular schools in this Presidency contain lessons on temperance.

6. **Temperance movements.**—Reports of temperance movements during the year under review were received from the following districts :—

Chittagong :—The temperance movement organised at Cox's Bazar and Teknaff continued during the year. The result was that opium was consumed in moderation and the leading mughs of Teknaff continued their social boycott on people keeping *chandu* dens.

Dinajpur.—Christian missionary gentlemen and some social service workers devoted their attention to effect moderation in the indulgence of drink among the aboriginal tribes

Jalpaiguri.—The missionary gentlemen in charge of the Christian colony at Samuktola are reported to have worked towards a sort of prohibition in return for agricultural concessions.

Darjeeling.—The local Christian missionary gentlemen and the Temperance Association devoted their attention to the cause of temperance.

In *Calcutta* the various temperance organisations, and the Calcutta Temperance Federation specially, evinced their keen interest in the problem of temperance.

It does not appear that there was any sustained temperance movement in any of the mufassal districts, though in individual centres interest was shown in the problem by individual workers.

7. **Excise Licensing Boards.**—The Calcutta Licensing Board held 7 meetings during the year. The new procedure introduced from December 1924 for the conduct of the business of the Licensing Board, Calcutta, worked satisfactorily on the whole. Steps indicated below were taken by the Board during the year :

(*a*) The following licensed shops were abolished with effect from 1st April 1926 :—

3 Country spirit,
1 *Tari*,
3 *Ganja*,
1 *Charas*,
4 *Siddhi*,
2 Opium,
1 Foreign Liquor " off ".

(*b*) Transfer of sites was approved in the following cases :—

5 Country spirit,
5 *Tari*,
4 *Ganja*,
3 Opium,
1 *Siddhi*,
5 Foreign liquor " off ",
6 Foreign liquor combined,
1 Restaurant.

(*c*) Objections against existing sites were rejected in the following cases :—

4 Country spirit,
2 *Tari*,
1 *Ganja*,
1 Restaurant.

(*d*) Sites proposed by licensees were disapproved by the Board in several cases and several new applications for licenses were rejected by them.

The Licensing Boards for the Municipalities of Howrah and Bally held two meetings respectively during the year. The Howrah Board directed a change of site of one country spirit shop.

8. **Excise Advisory Committees.**—In areas outside the Calcutta district, local Excise Advisory Committees were convened to advise the Collectors as regards the number and location of the excise and opium shops. All their recommendations were carefully considered, and most of them were accepted. Two country spirit, 9 *tari*, 3 opium and 1 *bhang* shops were abolished; the sites of 13 country spirit, 9 *tari*, 8 *pachwai*, 10 *ganja*, 6 opium, 1 *charas* and 3 *bhang* shops were changed and 4 country spirit, 1 foreign liquor, 2 *tari*, 7 *ganja*, 3 *bhang*, 3 opium shops were opened in accordance with their recommendations.

While most of the Advisory Committees showed due discretion and appreciation of existing conditions in their recommendations, a few recommended either total abolition or total removal of all Excise and opium shops from their jurisdictions. The Advisory Committee of the Meherpur Municipality recommended the total abolition of the excise shops. The Chairman of the Patuakhali Municipality expressed the opinion that no excisable articles except opium should be allowed to be sold within the municipal area. At a meeting held by the Barisal rate-payers the President wanted to remove all excise shops from the municipal area The Noakhali Local Board was in favour of the total abolition of all country spirit and *ganja* shops. These recommendations could not be accepted.

9. **Total revenue and charges** * * * * * —The Excise revenue and charges of the Presidency for the last five years are shown below :—

Period.	Revenue.	Charges debited to Excise.	Net revenue.	Percentage of charges
	Rs.	Rs.	Rs.	
1921-22 .	1,83,50 896	14,52,129	1,68,98,767	7 91
1922-23	2,01,17,080	14,84,307	1,86,32 683	7 13
1923-24 ..	2,09,66,085	12,33,838	1,97,32 247	5 88
1924-25 ..	2,15,53,448	12,20,728	2,03,32,720	5 66
1925-26 ..	2,28,44,009	26,12,151	2,02 31,858	11 43
Difference of the past two years.	+12,90,566	+13,91,428	−1,00,862	+5 77

The increase in revenue as well as charges was mainly due to the inclusion of cost price of opium under Government order No. 64 T. A I., dated the 27th April 1925.

* * * * *

10. **Actual receipts.**—Deducting the advance collections (Rs. 98,813) for 1926-27 and adding the revenue (Rs. 89,322), which was collected in advance in 1924-25 for the year 1925-26 the actual receipts on account of 1925-26 were Rs. 2,28,34,518 against Rs. 2,15,32,634 (after similar adjustment) of the preceding year.

Deducting cost price of opium the actual receipts stood at Rs 2,17,09,142.

11. **Excise Charges** * * * * .—The total expenditure of the Excise and Salt Department, excluding refunds, shows an increase of Rs. 14,22,539 This apparent increase is due to the fact that in this year under Government of Bengal, Agriculture and Industries Department, order No. 64-T. A. I., dated the 27th April 1925, as finally approved by the Government of India, Finance Department, No. 313-E. O/25, dated the 8th May 1925, the "Cost of opium supplied to the Excise Department", the "Compensation paid annually to the Bhutan Durbar and the Cooch-Behar State" for certain excise arrangements with the British Government and the "Contribution payable by the Government of Bengal towards the cost of the combined Customs and Excise Testing station in Calcutta", have been included in the return of Excise charges whilst in previous years these charges were not shown in it. The charges on account of the items mentioned above amounted Rs. 14,32,785.

Deducting this amount for the sake of comparison, the total expenditure excluding refunds was Rs. 13,35,405 against Rs. 13,45,651 in the previous year, showing a decrease in expenditure of Rs. 10,246.

The decrease occurred under the heads "Salaries and Establishment", "Rewards" and "other charges". The decrease under the first head was mainly due to the abolition of the posts of 1 Inspector, 5 Sub-Inspectors, 40 menials and four lady preventive officers owing to the reduction made by the Legislative Council in the demand in the Excise budget for the year under report. The decrease under the second head was due to grant

of smaller amounts in rewards in some of the mufassal districts. The decrease under the last head was due to the transfer from this head of the expenditure incurred on account of "Law charges". It is now shown under head "Contingencies and Special charges".

12. **Revenue under different heads** * * * .— The increase in revenue by Rs. 13,99,674 under "Sale proceeds of Excise opium" has been explained above In *tari* there was an increase of Rs. 1,72,281 followed by duty on *ganja* (Rs. 1,66,346). "Receipts from Commercial spirits" showed an increase of Rs. 13,321. The largest decrease (Rs. 1,77,760) occurred under the head "*Pachwai*" followed by "Duty on locally manufactured foreign liquor" (Rs. 1,03,035) and "License fees for sale of Opium" (Rs. 74,844).

13. **Demand and Collection** * * * * .—Of the gross demand of Rs. 2,28,57,744 a sum of Rs. 2,28,44,009 or 99·9 per cent. was realised.

Rupees 2,098 was remitted as irrecoverable.

Taking the population of the Presidency of Bengal, according to the census of 1921, to be 46,522,293, the incidence of excise revenue (exclusive of revenue derived from issues of excisable articles to other provinces, Native States and foreign countries) was 7 annas 9 pies against 7 annas 4 pies in the previous year.

SECTION II.—Country Liquor.

* * * *

COUNTRY SPIRIT.

15. **Systems of supply and sale.**—There were no changes in the systems of supply and sale.

16. **Retail licenses.**—The number of licenses for the sale of country spirit was 948 against 962 in 1924-25 showing a decrease of 14.

17. **Consumption.**—The total consumption of country spirit in the Presidency amounted to 632,351 L. P. gallons as compared with 609,653 L. P. gallons in the preceding year, showing an increase by 22,698 L. P. gallons. Consumption increased in 22 districts and decreased in 5 districts. A large increase of 19,507 L. P. gallons or 74·2 per cent. occurred in the district of Jalpaiguri, while Calcutta showed an appreciable decrease of 14,576 L. P. gallons or 7·3 per cent.

The increase in Jalpaiguri was mainly the result of measures undertaken to combat the consumption of cheap illicit liquor by tea-garden labourers, and did not indicate any real increase in drink among the population. The measures undertaken were a large number of raids among the tea-garden labourers for illicit distillation and possession of illicit liquor and their prosecution, introduction of a cheap weak liquor (75° U. P.) and increase in the number of licensed premises for supply of this liquor.

The decrease in Calcutta was mainly due to trade depression, and partly also to the abolition of certain licensed premises under orders of the Licensing Board.

There was general increase of consumption in most of the districts in North and East Bengal. High price of jute and consequent increased activity in most of the jute centres, increased operations on the Eastern Bengal Railway in North Bengal, and on roads in Darjeeling district, and stricter supervision over licensed premises, led to this increase in consumption. Figures are being watched and, if the increase be maintained, measures will be recommended to control it.

18. **Total Revenue from country spirit.**—The total revenue (license and distillery fees and duty) from country spirit was Rs. 96,26,480 against Rs. 96,61,079—a decrease of Rs. 34,599. The revenue derived from duty and distillery fees decreased by Rs. 29,964 and that from license fees decreased by by Rs. 4,635.

19. **Convictions for drunkenness and action taken against licensees for permitting it.**— * In Calcutta 3,968 persons were convicted of drunkenness as compared with 4,246 persons in the previous year, but no statistics were taken to show what proportions of these cases were due to country spirit, *tari* and foreign liquor respectively. The Commissioner of Police, Calcutta, attributes the decrease principally to the poverty amongst the lower class people.

20. **Distilleries and Warehouses.**—There was no change in the number of

distillers, and the same rates of cost price of country spirit as were being levied from the 15th August 1924 continued up to 30th June 1926. The system of calculation of the cost price of country spirit for the distillers, which was introduced under Government orders in 1921-22, was examined and the defects therein were eliminated. A more satisfactory system of calculation and fixation of the cost price of country spirit was evolved during the year.

* * * * *

The spirit warehouse at Godagari was abolished from 1st August 1925.

On several occasions during the year the supplies from the distilleries to the bonded warehouses fell short of the prescribed minimum, but the issues to the retail shops did not suffer in any way.

TARI.

21. **General.**—During the year under review licenses for the retail sale of fermented *tari* were settled by auction. Preliminary arrangements were made during the year for the introduction of the tree-tax system in Calcutta and in a portion of the district of the 24-Parganas covering an area of 961 square miles, and with the approval of Government the system was introduced from 1st April 1926.

22. **The tree-tax system in Hooghly and Howrah.**—The system worked satisfactorily on the whole in both the districts. The number of tree-tapping licenses for domestic consumption showed appreciable increase both in Hooghly and Howrah, and this indicates that domestic consumers are beginning to realize the advantage of paying a small sum for the privilege of private tapping, to illicit tapping.

The increase in revenue in both the districts was principally due to the above reason.

23. **Statistics.**—The total receipts under head "*Tari*" increased from Rs. 7,12,611 to Rs. 8,84,892. The number of retail licenses decreased from 554 to 543. There was a decrease of 1 license in each of the districts of the 24-Parganas, Burdwan, Birbhum, Murshidabad and Rajshahi, while Malda and Howrah showed a decrease of 2 and 5 licenses respectively. The bulk of the *tari* revenue was derived as in previous years from the Burdwan and Presidency Divisions and the district of Malda, which altogether contributed Rs. 8,48,723 out of the total revenue under this head of Rs. 8,84,892. The increase in revenue was mainly due to advance collection for tree-tax in the 24-Parganas and Calcutta and also to comparatively increased fees at which the shops were settled for 1926-27.

PACHWAI.

24. **Licenses.**—The total number of licenses issued for retail sale, home-brew (annual), and manufacture of *pachwai* on special occasions was 37,326 as compared with 34,930 in 1924-25.

	Number of licenses issued in—	
	1924-25.	1925-26.
Retail sale	1,206	1,203
Home-brew (annual) ..	32,844	34,365
Manufacture on special occasions.	880	1,758

25. The principal administrative measures taken related to further tightening up of the control over manufacture and sale of the article in licensed premises, and the introduction of a system of control of *bakhar* already referred to in the report of 1924-25.

As regards the former, the measures introduced with effect from 1st April 1926 consisted of (1) the fixation of a minimum strength of diluted *pachwai* sold in shops, (2) revision of the prescribed measures of dilution, and (3) proper arrangements for frequent tests of the strength of diluted *pachwai*.

As reported last year, *bakhar*, the fermenting agent used for manufacture of both licit and illicit *pachwai* and for manufacture of illicit spirit in the Presidency, was brought under partial Excise control. The number of licenses issued during the year were as follows :—

District.	Number of licenses issued for—	
	Manufacture and sale.	Sale only.
Burdwan	8	31
Birbhum	90	24
Bankura	10	8
Midnapore	46	..
Hooghly	..	3
Murshidabad	3	4

The number of licenses issued in Birbhum has been considerably curtailed during the current year.

The bulk of the *bakhar* required by the licensed vendors of *pachwai* in the districts in West Bengal except Midnapore is supplied by a few principal manufacturers in Birbhum and Burdwan. As natural, there were considerable opposition and obstruction on the part of the principal manufacturers in Birbhum and Burdwan to the introduction of any system of licensing and control, and at one time it was reported by the Collectors of Birbhum and Bankura that all the principal manufacturers would go on strike and hold up the working of all *pachwai* shops in West Bengal. Their grievances and objections were, however, duly enquired into, and after elimination of a few objectionable conditions in the licenses, and on a temporary permission being given to use one *kuchila* in every seer of *bakhar*, the manufacturers took out the licenses prescribed and began to work under the conditions imposed.

The present restrictions are mainly intended to bring under as much control as possible, the manufacture and supply of *bakhar* required for licensed *pachwai* shops.

Experiments are, however, now being conducted by the Superintendent of Excise, Birbhum, Mr. D. N. Mukherjee, with a view to improve the system of manufacture of *bakhar*, and it is expected that when these experiments are completed it will be possible to take further steps regarding control of *bakhar*. I should mention in this connection, that control of *bakhar*, gradually and systematically introduced, would go a long way to check illicit manufacture either of country spirit or *pachwai* in the Presidency, as well as to prevent poisoning cases occurring in licensed *pachwai* shops.

With the help and co-operation of the managers of tea gardens in Jalpaiguri, the privilege of free home-brew was entirely abolished in the district, and licenses were introduced in course of the year under report. It is anticipated that not only will the illicit manufacture of *pachwai* in the tea gardens diminish appreciably, but there will also be a gradual expansion in the revenue.

26. **Revenue.**—The revenue from retail license fees decreased from Rs. 13,90,993 to Rs. 12,14,396. *Pachwai* occupies the first place in respect of excise revenue in the districts of Burdwan and Birbhum. The decrease was marked in Burdwan (Rs. 1,63,429), Bankura (Rs. 14,448) and Darjeeling (Rs. 6,120). The large decrease in Burdwan was principally due to the fall in the consumption on account of the slump in the coal trade, as well as the prevailing higher rate of the price of rice. In Bankura, although the consumption did not decrease, the revenue was less on account of the higher rate of the price of rice.

The revenue from home-brew licenses decreased from Rs. 59,033 to Rs. 57,870.

27. **Consumption.**—The consumption in the districts of Burdwan, Birbhum, Bankura and Hooghly, where the Bengal Fixed fee system was in operation and accurate figures of consumption were available, amounted to 205,064 maunds of rice.

* * * *

SECTION III—Foreign Liquor.

I. POTABLE LIQUORS.

* * * *

30. **Import from foreign countries and clearances.**—The following statistics show clearances of foreign liquor on payment of duty from the Custom Houses in Calcutta and Chittagong :—

	1924-25.		1925-26.

The Collector of Customs, Calcutta, has commented on the statistics for the Port of Calcutta in 1925-26 as follows :—

"*Ale, beer and porter.*—Thanks to a reduction of about 12 per cent. in price British beers have advanced at the expense of German and Japanese brands, imports from the United Kingdom having increased from 434,100 to 463,189

gallons. There has also been a steady increase in arrivals from the Netherlands.

Whisky.—The maturing of post-war whiskies has now reached a stage at which they can be offered to, and confidently accepted by, the public, and as a result prices have become distinctly easier.

Wines.—With the fall in the franc prices of most wines have been a little less and the fall in imports has occurred chiefly in the case of vermouth, of which there were heavy stocks in bond at the beginning of the year.

Methylated spirit.– There has been a large increase in imports of rum (*arrack*) denatured prior to clearance. The low price and greater strength have made it more acceptable than country spirit to manufacturers of shellac ".

31. The following statistics show imports and issues of spirits in L. P. gallons at the Calcutta Custom House:

32. **Import and Manufacture of Indian-made Brandy, Whisky, Gin and Rum.**—The figures below show the total quantity of spirit used in the manufacture of brandy, whisky, gin and rum in Bengal, as well as the import thereof from other provinces:—

Distillery from which issued.	Manufactured in the distilleries themselves.	Bengal made spirit issued from distilleries to compounders and blenders on payment of full duty.	Total

Total ..	6,660	26,807	33,467

Besides the above 77·9 gallons of rum were imported from the Dyer Distillery of Lucknow by the Military authorities.

Manufacture of Beer.—The Victoria Brewery at Sonada, which was licensed, had an outturn of 22,936 gallons of beer during the year, of which 19,181 gallons were sold to the Military authorities and 2,182 gallons to the public, the remaining quantity being issued to the provinces outside Bengal.

Duty on locally made potable foreign liquors and beers.—The receipts from "duty" on potable spirits and beer manufactured in India amounted to Rs. 7,53,882 against Rs. 8,53,342 in the previous year. The decrease in duty was mainly due to the preference shown to *cheap imported "brandy"* and *"whisky"* by consumers who are habituated to drink this sort of liquors.

33. **Licenses and fees.**—The total number of licenses issued for wholesale and retail vend was 1,623 against 1,404 in the preceding year. The increase occurred under heads Retail off (6), Railway Refreshment Rooms (2), Dining Cars (1), and Late closing (275).

The total receipts from license fees were as follows:—

	Rs.
1922-23	2,42,667
1923-24	2,74,698
1924-25	3,05,907
1925-26	2,95,784

MEDICATED WINES.

34. **Licenses and Revenue.**—The number of licenses for the retail sale of medicated wines was 175 as compared with 145 in the previous year. The revenue from license fees was Rs. 7,075 against Rs. 7,725 in the preceding year.

II. INDUSTRIAL SPIRITS.

* * * *

35. **Manufacture and issue of rectified spirit.**—Rectified spirits were manufactured in the distilleries at Asansol, Konnagore, Russa and Bahir-Mirzapur Road, Calcutta.

The following quantities of rectified spirits were issued during the year for medicinal, industrial and scientific pur-

poses, from distilleries and Excise Warehouses in Bengal :—

Place of manufacture.	Duty free issues to Government Departments, Colleges, etc	For manufacture of tinctures and other medicinal preparations	
		In Bonded Laboratories.	By permit holders
1	2	3	4
	L P gals	L. P gals	L. P gals
Asansol ..	13,879	76,829	9,766
Konnagore ..	209	7,749	7,965
Rusa ..	106	14,909	2,261
Bahir-Mirsapur ..	400	9,881	896
Total ..	14,594	117,333	20,888

Besides the above, 11,249 L. P. gallons of rectified spirit were issued from Asansol distillery under bond to Messrs. Carew & Co. at Rosa, U. P. and 73 gallons to Bombay on payment of duty.

Duty-free issues (column 2) of rectified spirit were made to the following institutions :—

(1) The Superintendent, Ammunition Factory, Kirkee,

(2) The Medical Store-keeper,

(3) The Zoological Surveyor of India,

(4) The Botanical Surveyor of India,

(5) The officer in charge, Mathematical Instrument Office,

(6) The School of Tropical medicine and hygiene.

(7) The Chemical Examiner to the Government of Bengal,

(8) The Controller of Printing, Stationery and Stamps,

(9) The Agricultural Chemist to the Government of Bengal, Dacca,

(10) The Deputy Commissioner of Naga Hills,

(11) The Calcutta Corporation,

(12) The Science College, Calcutta,

(13) The University College, Calcutta,

(14) The Dacca University College,

(15) The Patna Medical College,

(16) The Principals, Presidency College and Bethune College, Calcutta,

(17) Various hospitals and laboratories attached thereto.

Besides the above 16·6 L. P. gallons of rectified spirit manufactured under an improved method were issued duty-free to Messrs. Carew & Co. for distribution to their customers of rectified spirit as samples.

36. **Manufacture of tinctures and medicines.**—Five bonded laboratories in Calcutta and one in Konnagore continued to manufacture tinctures, medicines, etc., during the year under report. A new bonded laboratory was opened from 3rd September 1925 by Messrs. Bathgate & Co., Calcutta. Duty was paid on 54,107 L. P. gallons of spirit contained in tinctures and medicinal preparations issued from the seven laboratories, while medicinal preparations containing 14,717 proof gallons of spirit and 6,540 proof gallon of rectified spirit were issued duty-free to the charitable dispensaries and hospitals in the various provinces. The duty realized on tinctures issued from bonded laboratories at Rs. 5 per L. P. gallon on the spirit contents, was Rs. 2,70,535 against Rs. 2,46,550 last year.

Permit-holders (column 4) took issue of 20,888 L. P. gallons and paid duty amounting, at the special rate, to Rs. 1,04,440. The total duty realized from the bonded laboratories and permit-holders together amounted to Rs 3,91,663. This industry has very rapidly increased since the year 1922-23, when the duty on the spirit contents in medicines was reduced to Rs. 5 per L. P. gallon by the Government of Bengal.

During the year, the regulations imposed under the orders of Government in the preceding year, to raise the standard of all medicinal preparations manufactured in Bengal, were consolidated, and constant checks by the Chemical Examiner and by the department effected considerable improvements in this direction.

37. **Issues of rectified spirit and absolute alcohol from bonded laboratories for medicinal, industrial and other purposes on payment of full duty.**—Five thousand nine hundred and fifty-three L. P. gallons of rectified spirit and absolute alcohol were sold on payment of full duty from the bonded laboratories to licensed retail vendors of rectified spirit and to chemists and druggists, for medicinal, industrial and other purposes.

GANJA.

44. **Retail licenses.**—The total number of licenses issued in the Presidency for the retail sale of *ganja* was 1,215 against 1,201 in 1924-25. The following new shops were opened during the year with the approval of the local Excise Advisory Committees to meet legitimate local demand:—

Birbhum	.. 3	Bankura	.. 1
Burdwan	.. 5	24-Parganas	.. 1
Khulna	.. 4	Faridpur	.. 1
Dacca	.. 2	Chittagong	.. 1

Four shops were abolished as being unnecessary:—

Tippera	2 ..	Mymensingh	.. 1
		Noakhali	.. 1

45. **Consumption.**—The total quantity of *ganja* consumed in the Presidency amounted to 1,786 maunds 33 seers as compared with 1,726 maunds 39 seers in 1924-25—an increase of 59 maunds 34 seers. Consumption increased in 24 districts and decreased in 3. The increase was shared by all the Divisions except the Presidency. It was due to better economic conditions of *ganja* consumers on account of better price of jute in all jute centres, and good harvest of paddy in many areas in the Presidency. In some districts, too, the increase was due to change in the personnel of vendors, and closer supervision over licensed premises.

With a view to check the increasing tendency in the consumption during the last two years, a substantial increase has been made by the Government in the retail selling price with effect from 1st April 1926.

46. **Total Revenue.**—The receipts for the year amounted to Rs. 43,60,085 against Rs. 42,78,822 in the previous year, the net increase being Rs. 81,263. The revenue from license fees decreased by Rs. 85,083 and that from duty increased by Rs. 1,66,346. The decrease in license fees in spite of the increase in consumption is principally due to the fact that in the previous year 1924-25 a large amount was realized as "Advance fees" owing to revision in the rules regarding such fees.

47. **Incidence of taxation.**—The incidence of license fee per seer of *ganja* consumed was Rs. 36·7 and that of duty Rs. 22·0. The total taxation was Rs. 58·7 per seer as compared with Rs. 60·3 in the previous year.

* * * *

50. **Cultivation and outturn of ganja at Naogaon in Rajshahi.**—The following figures indicate the position regarding the operations of *ganja* cultivation in Naogaon in Rajshahi district during the last 5 years:—

	Number of cultivators licensed.	Area licensed.	Total outturn	Average outturn per bigha.	Total exports from Naogaon.
		Bighas.	Mds.	Mds. Srs.	Mds.
1921-22 ..	2,858	2,799	5,339	1 13	4,885
1922-23 ..	3,033	2,899	4,761	1 25	4,723
1923-24 ..	3,681	2,899	8,641	2 38	3,935
1924-25 ..	3,310	2,002	6,689	3 13	4,252
1925-26 ..	3,099	1,761	4,598	2 24	4,961
1926-27 ..	3,056	1,800	..	..	..

Barring a Government monopoly of the cultivation and manufacture of *ganja*, the formation of a co-operative society of cultivators in the year 1917-18 was the only other alternative preliminary step to bring about more adequate control over the cultivation, manufacture and wholesale sale of *ganja* at Naogaon. Since the introduction of a better method of calculation of the price of the article, both for the Society and for the cultivators. * * * the department has aimed at a diminution of the area of cultivation to prevent, as far as possible, the production of an excess crop which has ultimately to be destroyed. Efforts have been made by the department during the last two years not only to induce cultivators to increase the production per bigha, but also to introduce more improved methods in the processes of manufacture These efforts were rendered possible only in consequence of more satisfactory arrangements having been made for the fixation of prices.

Ganja is a sensitive plant, and the quantity of outturn as well as the quality depend as much on the individual exertion and care of each individual cultivator, as on climatic and other extraneous conditions. Unless unfortunate climatic conditions intervene, it is expected that the average outturn per bigha will continue to improve, and with the restriction in the area of cultivation it will be possible to prevent an undue excess in the total production and to set free a cer-

tain quantity of land for food crops. The steps taken during the last two years has already achieved this to an appreciable extent. Assurance of a proper price for their outturn is the main reason of the increasing interest of individual cultivators to get as good an outturn as possible.

The area actually under cultivation was 1,755 bighas, 17 cottahs and 13 chittaks.

The prospect of the crop during the year was not bright from the beginning. There had been dearth of seedlings at the beginning owing to excessive rain. Then there was absence of rain and the cultivators had to irrigate their lands with much difficulty. Red spiders appeared in a considerable number of fields and did much damage to the crop. The average outturn, in spite of these unfavourable circumstances, was very fair.

BHANG.

55. **Licenses and Revenue.**—There were 318 retail licenses for the sale of *bhang* in the year under review against 311 in the previous year. Three new licenses were granted in the 24-Parganas and 2 each in the districts of Birbhum and Murshidabad, with the approval of the Excise Advisory Committees to meet ascertained local demand. The total number of druggists' permits issued was 470 as compared with 430 in the preceding year. The total revenue from license fees and duty amounted to Rs. 2,12,745 as compared with Rs. 2,22,082 in 1924-25—a decrease of Rs. 9,326 with a decrease in consumption by 8 maunds.

56. **Consumption.**—The principal demand for *bhang*, as in the previous years, was confined to most of the West Bengal districts. In most of the districts of East Bengal the demand for its use as an intoxicant is very small. The total consumption in the Presidency amounted to 436 maunds and 27 seers as compared with 444 maunds 27 seers in the previous year, a decrease of 8 maunds. The only noticeable fluctuation was a decrease of 4 maunds 9 seers in Calcutta. There has been a marked fall in consumption in this district since the year 1922-23, when the retail price was enhanced from Rs. 7-8 to Rs. 20 per seer.

57. **Exports.**—Three maunds and thirty seers of duty-paid *bhang* was exported from Hooghly to French Chandernagore, while Tippera supplied 25 seers of duty-paid *bhang* to the adjacent state of Tripura.

58. **Abuse.**—In para. 4 (7) I have referred to the steps taken by the Government to prevent the growing abuse of certain medicinal preparations prepared with *bhang*. Restrictions regarding the use of *bhang* for such preparations are gradually being tightened, and it is expected that the abuse will soon be brought under effective control.

CHARAS.

59. **Licenses and Revenue.**—The total number of retail licenses was 35 against 31 in the previous year, 1 shop being opened in each of the districts of Burdwan, Birbhum, Midnapore and Murshidabad with the approval of the Excise Advisory Committees to meet a local demand. Besides two wholesale licenses, 1 in Birbhum and 1 in Calcutta, an additional license was sanctioned in Calcutta during the year. The total receipts amounted to Rs. 2,66,007 as compared with Rs. 2,51,132 in 1924-25, an increase of Rs. 14,875. The revenue from license fees increased by Rs. 10,097 and that from duty by Rs. 4,778.

60. **Imports, exports and consumption.**—The total quantity of *charas* imported into the Presidency was 69 maunds 17 seers against 65 maunds 3 seers in the preceding year. The wholesale dealers of Calcutta and Birbhum, as usual, imported the drug direct from the Punjab and supplied the retail vendors in the other districts. Actually the wholesale dealers of Calcutta meet the major portion of the demand in the Presidency. The total issues to retail shops in the Presidency amounted to 68 maunds 31 seers as compared with 62 maunds 9 seers in the previous year. The consumption in Calcutta amounted to 45 maunds 21 seers. The increase in consumption is reported to have been due to the influx of more Punjabi and Peshwari motor-drivers, mechanics, etc., into Calcutta and other centres, and also to a tendency of *ganja* consumers in some places to take to this drug. As a restrictive measure against the increased consumption of *charas*, Government have raised the duty

from Rs. 30 to Rs. 50 per seer and the retail price from Rs. 120 to Rs. 140 per seer with effect from the 1st April 1926.

SECTION V.—Opium.

* * * * *

61. **Restricted supply of opium.**—There was no change in the system of restricted supply of opium to shops for sale to the public in several of the districts in the Presidency.

62. **Consumption.**—In view of the attention which the consumption of opium has attracted in consequence of the deliberations and decisions of the League of Nations, the question of the consumption of the drug in Bengal underwent very close examination by the department during the year under report. On the recommendation of the department. Government have, since the close of the year, approved of a scheme for the introduction of a method of registration of opium consumers in two districts in the Presidency with a view to obtain as accurate data as possible regarding the proportion of the drug used purely for medicinal purposes and the proportion used for intoxicating purposes. The results of the scheme will be valuable and will enable Government to decide finally as to the line of action to be taken and the measures to be adopted regarding future control of the consumption of the drug in the Presidency, treating the use of the drug for medicinal purposes as absolutely distinct from its use for intoxicating purposes.

In view of the excessive rate of consumption in the districts of Calcutta, 24-Parganas, Hooghly and Howrah when compared to the stantard of the League of Nations both the taxation and the fixed retail price were enhanced in these districts as an immediate check, with effect from 1st September 1925. The increased taxation has had some effect, and the consumption in these districts decreased by 935 seers or a little over 4 per cent.

The total consumption in the Burdwan and Presidency Divisions decreased by 611 seers, while the consumption in the other three divisions showed an increase of 419 seers. The increase in the Dacca, Chittagong and Rajshahi Divisions was generally due to better economic conditions. The net decrease in the Presidency was 192 seers.

Government have also decided to introduce measures for registration of *chandu* and *madak* smokers and to introduce further legislation to eradicate the evil.

I think a few figures of comparative consumption of opium in the Presidency will be interesting in this connection. The issues of treasury opium in Calcutta and in Bengal were as follows:—

	Calcutta.	Bengal.
	Srs.	Srs.
1907-08	27,798	71,394
1914-15	20,380	62,171
1921-22	12,885	40,458
1925-26	11,545	39,945

The above figures would indicate that Government have steadily kept in view the main question of diminution of the consumption of the drug in the Presidency, and the efforts of the department have so far been successful. The main reasons for this decrease in issues have been the stoppage of leakage of opium from licensed shops, and the increase in taxation that has been given effect to from time to time. With the introduction of the "Bengal Fixed Fee system" and an improvement in the personnel in many of the shops in Calcutta, and in some places in the mufassal the leakage of opium from licensed shops has practically disappeared.

63. **Licenses for retail sale.**—The total number of licenses issued for the retail sale of excise opium was 861 as compared with 846 in the previous year. Seventeen new shops were opened, *viz.*, 5 in Birbhum, 4 in Tippera, 2 each in Chittagong and Noakhali and 1 each in Nadia, Faridpur, and Bakarganj. One new shop was sanctioned by the Licensing Board of Calcutta within the Cossipore-Chitpore area. Two shops were abolished in the district of the 24-Parganas during the year under report. All the new shops were opened with the approval of the Excise Advisory Committees concerned to meet genuine local demand.

64. **Permits and licenses under the Opium and Morphia Rules.**—The total number of permits and licenses issued was 1,430 as compared with 1,308 in the previous year. The number includes 35

licenses issued to manufacturing chemists, 543 to dispensing chemists, 60 to *kabirajes* and *hakims* and 36 permits to permit-holders (total 674 for intoxicating drugs), and 57 licenses issued to dealers, 562 to chemists, 41 to persons approved under rules 21 (*1*) and 21 (*2*) of the Morphia Rules and 96 to persons authorised under rule 22 of the same rules (total 756 for morphia drugs).

The increase in the number of licenses is due to increase in the number of chemists and druggists in many districts in the Presidency.

65. **Revenue.**—The total receipts amounted to Rs. 46,29,635 as compared with Rs. 33,04,805 in 1924-25, showing an increase of Rs. 13,24,830. The increase was nominal, as it represented the cost price of opium payable to the Government of India and which was formerly excluded from the Provincial Receipt Budget.

66. **Morphia and opium pills.**—The use of morphia as a substitute for opium does not appear to have been prevalent in any district. The question of administration of opium to children engaged the attention of the department during the year and Government have since decided that education, health propaganda, and the activities of child-welfare organisations are alone likely to prove effective to check such consumption wherever it exists.

* * * *

SECTION VI—Cocaine.

* * * * *

69. **Licenses and revenue.**—Three hundred and ninety-one licenses were issued during the year to chemists and druggists for the sale of cocaine as compared with 357 in 1924-25. Seventy-one permits for the possession of cocaine were issued free to managers of hospitals or dispensaries not under Government supervision. Forty-six permits were issued to qualified medical practitioners and dentists.

70. **Preventive operations and illicit transactions** in cocaine have been dealt with in paragraph 77, section VII of the report.

* * * * *

SECTION VII—Offences against the Excise and Opium Laws.

* * * *

72. The number of prosecutions and convictions during the year did not show any noticeable fluctuations as the figures below would indicate:—

	1924-25.	1925-26.
Number of persons—		
Arrested	6,198	6,282
Convicted	5,816	5,889

*

There was, however, improvement in detection work in Calcutta, Chittagong, Dacca, Burdwan, Hooghly and Darjeeling.

73. Excise offences have not, however, increased anywhere owing to the higher price of licit liquor and drugs, or the increasingly strict restrictions imposed on the conduct of the licit business in these articles. This may be regarded as satisfactory.

74. In this Presidency, the only Excise offence which is, at present, a matter of concern is the illicit traffic in cocaine in Calcutta as well as through Calcutta, and I shall deal with this in a subsequent paragraph.

The other Excise offences in the Presidency are (1) illicit manufacture of country spirit and *pachwai* by particular sections of the people in certain well-defined areas, (2) illicit manufacture, consumption and sale of *tari* in a similarly well-defined tract in the Presidency where palmyra trees exist in abundance. Besides the above, there is a considerable amount of smuggling of crude opium from up-country, which passes principally through Calcutta and also through Chittagong and Noakhali to Burma, Straits Settlements and other countries. This smuggling does not affect Bengal so far as the local consumption of opium is concerned except to such small extent only as becomes necessary to supplement the stocks of those who carry on *chandu* and *madak* dens in Calcutta and other industrial centres like Barrackpore and Serampore. But it affects Calcutta and Chittagong indirectly in the sense that these are seats of organised gangs of smugglers connected with groups of smugglers up-country, who defy the law

and carry on the trade in spite of the activities of the Government officers busily engaged to suppress it, and the cumulative effect is harmful. I shall revert to this later on I would only mention here that the offence was dealt with by the department as adequately as possible during the year under report.

75. Illicit manufacture of country spirit in the Presidency is practically confined to certain aboriginal tribes like Santals, Bauries, Bagdis in the jungle areas of Bankura and Midnapore districts and in a few thanas of Hooghly and Burdwan, and to particular sections of the hill tribes and the labour population in the tea gardens in the districts of Jalpaiguri and Darjeeling in North Bengal. Illicit manufacture of *pachwai* is also practically confined in the above areas and also among the aboriginal settlers in other districts in the Presidency. Isolated cases of illicit manufacture of country spirit do occur in other districts, but such cases are limited and do not in any way reflect on the total licit consumption. In the special areas referred to above issue of cheap liquor at a weak strength, provision of *pachwai* shops, and the constant efforts of Excise officers to suppress the evil, counteract to an appreciable extent the inherent tendency of the people to break the law and distil their own spirit or brew their own *pachwai*. In the tea gardens in Jalpaiguri, issue of cheap liquor at a weak strength and revision of the rules regarding *pachwai* home-brew mentioned in a preceding paragraph, will, it is expected, effect considerable improvement so far as illicit distillation and illicit home-brew in Jalpaiguri district are concerned, and bring down the evil to the narrowest limits. It can well be said that the offences referred to above are well under control on account of the administrative measures which Government have adopted from time to time and the executive action of local Government officers. Further measures to bring these under more adequate control are under contemplation.

76. The illicit consumption of *tari* in areas where palmyra trees abound also engaged adequate attention of the department during the year and preliminary steps have been taken to bring it under more adequate control by the introduction of the Tree-Tax System

77. The question of the illicit import and sale of cocaine in Calcutta and its distribution therefrom to other cities in Bengal as well as in Upper India, as well as of the large volume of illicit opium that passes through Calcutta, is the more serious problem that the department has to tackle so far as offences against the Excise laws are concerned.

The department is thankful for the co-operation and help it obtained during the year from officials in the Police Department as well as in the Customs Department in this matter. The detection of illicit cocaine in the ships and on the jetties was principally looked after by the detective officers of the Customs Department, while the traffic in the city was looked after principally by the officers of this department in co-operation with the police.

The matter of illicit import and sale of cocaine engaged considerable attention both of the Government and of Mr. Hogg during the year and various steps were taken by this department as well as by the Police Department towards improvement in the methods of suppression. More accurate lists and maps were prepared of the activities of smugglers in the city and for a short period within the year under report, effective patrol was placed in particular localities in Calcutta by the Police and Excise staffs with satisfactory results. The efforts of Excise officers engaged on detection work met with a fair amount of success, and besides various important detections two principal men engaged in the trade were successfully tracked within the year; (1) *Golam Jellani*, and (2) *Umar Buksh*, another Batasia having been arrested in February 1925.

Detection of the principal men engaged in the illicit trade in cocaine and opium and their successful prosecution in Court are difficult and demand continuous and patient efforts on the part of the officers of the department. The department has been trying to tackle such men successfully as far as possible, and trust that with the co-operation of the Police officials, the evil will be brought under more adequate control before long. Much has been done towards this during the last few years, and the special steps which were taken during the year under report were particularly useful. The principal men engaged in the trade are rich, prepared to spend any amount of money for the sake of the trade, pay their

associates and dependents handsomely and employ all sorts of devices to try the integrity of the detective officers of the department as well as to intimidate them whenever it suits their purpose. Many of them are themselves desperadoes, and also keep under their employment a number of desperadoes who are prepared to do anything for the sake of their masters. I would mention here that several of them have recently been dealt with by the Commissioner of Police, Calcutta, under the Calcutta Emergency Act and I think with very satisfactory results.

78. The total seizures during the year were as follows :—

	1924-25.	1925-26.
	Ozs. grs.	Ozs. grs.
Cocaine	1,432 112	2,023 27
	Mds. Srs.	Mds. Srs.
Opium	31 17	44 8

Of the total quantity of cocaine 1,500 ounces were seized by the Customs officers, 492 ounces by Excise officers in Calcutta, Howrah and Dacca, and 20 ounces were seized by Police officers in Calcutta. Excise officers in Burdwan, Hooghly, Mymensingh and Darjeeling seized approximately 4 ounces.

Of the total quantity of opium seized, the Excise officers in Calcutta and on the Railway Excise staff seized 23 maunds 30 seers, the Chittagong staff 4 maunds 7 seers, while the Excise and the Police staff in Hooghly 4 maunds 33 seers. The Police and the Customs officers in Calcutta seized 3 maunds 4 seers, while the Railway staff in Bandel was responsible for an excellent seizure of 6 maunds of opium in a railway wagon concealed in bags of white *peas*.

GOVERNMENT OF BENGAL.

EDUCATION DEPARTMENT.

Education.

RESOLUTION—No. 3222 Edn.

CALCUTTA, THE 25TH SEPTEMBER 1926.

The question of Primary Education has of recent years attracted increased public attention as being a problem the satisfactory solution of which is of the utmost importance to the future of the province, and Government consider it desirable now to focus public interest on definite constructive proposals to find this solution. It is unnecessary to enlarge on the need for a general advance in Primary Education as this is a matter on which there is common agreement. Primary schools in Bengal are insufficient in number, the attendance of children is very low considering the population, and the method of imparting this branch of education is still largely at fault as is evidenced by the fact that many who pass through the primary schools relapse into illiteracy. In the year 1924-25 the expenditure of the State and of local authorities in Bengal was thus distributed :—

	Rs.
University	37,28,000
Secondary education	24,58,000
Primary education	30,99,000

The average expenditure from taxation per student was Rs. 121-10 for University students, Rs. 6-13 for students at Secondary schools and Rs. 1-14 for students, at Primary schools. In the census of 1921 only 9·1 per cent. of the population of Bengal was shown as "literate", a term which implies something very far short of "educated", and in 1924 only 12·5 per cent. of the children of school-going age were attending school, the percentage for boys being 20 and that for girls being 4·9. If development is to be of any value it must include not only an increase in the number of primary schools but also a radical alteration of the system involving large expenditure on the training of the teachers and on providing better stipends which will attract teachers of higher qualification than those now employed and which, incidentally, will afford some relief to the pressing problem of middle class unemployment in Bengal.

2. The Education Department of the Bengal Government have recently been engaged in the preparation of proposals for such an advance and these proposals formed the subject of discussion in January last at Divisional Conferences held at Howrah, Krishnagar, Jalpaiguri, Dacca and Chittagong. As was to be expected, the discussions elicited a considerable amount of objection to that increased taxation which is an essential condition of fulfilment of the object in view, but they did also disclose a very genuine desire for a real advance, a realisation of the fact that large expenditure was an essential condition, and a very considerable body of opinion in favour of extra taxation to secure a real advance.

The final conclusions of Government will eventually be embodied in a Bill, which will be placed before the Legislative Council in due course. The proposals at present under consideration relate in the first instance to rural areas and not to municipal towns. The need of the former is far greater, while the latter have ample powers to take the steps necessary for the extension of Primary Education within their jurisdiction, if they so desire.

3. **Taxation.**—No advance is possible unless adequate funds can be made available. So far Bengal has had to be content with odd contributions here and there, meeting minor needs, in no way making any real advance, but merely touching the fringe of the problem. In Bengal's present financial position it is impossible to find the funds that are needed

to put Primary Education on a proper footing, far less to provide for a scheme of general free compulsory Primary Education. It has been calculated that a scheme of free compulsory education will cost a sum in the neighbourhood of two crores, and it will be realized that it is impossible to meet this expenditure from the existing revenues of Bengal. If any real advance is to be made, additional funds will have to be provided, and the first main element therefore in the proposals of Government is the imposition of new taxation.

Government have given very careful consideration to the best method by which the necessary funds can be raised, and, after considering various suggestions, have come to the conclusion that the simplest (both as to assessment and collection) and most equitable arrangement would be to levy an education cess on the lines of the cess imposed by the Cess Act of 1880. The provisions of that Act with regard to valuation, assessment, payment and recovery of the roads and public works cesses would apply to the education cess as far as possible, and these three cesses would be payable to and recoverable by the Collector together. The total financial demand for the scheme would necessitate the imposition of a cess of five pice in the rupee of the annual value of lands and on the net profits of mines, quarries, etc., and it is proposed that the cultivating raiyat shall pay four out of these five pice. As such a cess would leave untouched the non-agricultural classes, power will be given to the District Magistrate to make an assessment on such persons and to have the sum assessed, realised through Union Boards or chaukidari panchayats. The proceeds of these taxes would form the nucleus of a District Primary Education fund, into which would also be credited all sums granted for, or expended by Government on Primary Education, including grants-in-aid, scholarships and stipends, and the total income so derived would be at the disposal of the District Educational Authority to be expended on primary schools within its jurisdiction. It will be understood that Government grants will not be disturbed by this arrangement and that contributions from provincial revenues for primary education will continue as hitherto. Moreover, it is inevitable that the adequate training of teachers will involve large additional expenditure, and in view of the comparative figures of existing State expenditure on University, Secondary and Primary Education, there will certainly be an insistent demand for increased expenditure from general revenues on this object.

4. **District School Board.**—It will be observed that a district educational authority is contemplated. The problem of Primary Education is so large and bristling with important details, which vary in all sorts of ways from district to district, as to call for decentralisation in administration. It is proposed therefore to constitute for each district an authority whose sole duty would be the administration and supervision of Primary Education within the district. District Boards are not constituted for nor would they have the time to undertake, the immense amount of new and intensive work that will be involved, firstly, in surveying the needs of every district, and, secondly, in seeing that schemes are pushed through in the most economical and efficient manner, and it is proposed therefore to have a purely *ad hoc* body for the purpose. The personnel for this new body, which might be called the District School Board, would include—

(*a*) The District Magistrate.
(*b*) The District Inspector of Schools.
(*c*) The Subdivisional Officers of the subdivisions of the district.
(*d*) Three persons—members of the District Board—to be elected by the District Board.
(*e*) From each subdivision three persons—members of Union Boards or chaukidari panchayats—chosen by the Local Government to represent the Unions of each subdivision.

This, it will be observed, is essentially a non-official body with an official element to secure the administrative experience so necessary to ensure that these bodies shall make a good start and develop on right lines. In due course it is hoped it will be possible to revise the constitution in favour of a purely local body consisting of non-officials only, if so desired.

The President of this body would naturally be the District Magistrate, nominated by the Local Government, but there will also be a Vice-President elected by the Board. The Board would be a body corporate with perpetual

succession and a common seal and would have general powers of supervision and control over Primary Education throughout the district. It would be its duty to maintain all public primary schools within the district, to open additional primary schools, and provide for the expansion of existing schools in so far as funds permit, to appoint teachers to all such schools, to make grants-in-aid to schools under private management, and, where free and compulsory education has been introduced, to take the necessary measures to enforce attendance. In the exercise of its powers the Board will have to work in co-operation with minor local authorities, Union Boards or chaukidari panchayats, and it is proposed that in respect of the schools within the area of each minor authority that authority shall act as the agent of the District School Board in the matter of local supervision, erection and equipment of school houses, and in securing attendance in compulsory areas. This arrangement will tend to simplicity in finance, accounts and audit, and generally to economy in expenditure.

It will be the first duty of the District School Board to survey the needs of the district and thereafter provide, by the expansion of existing schools, by the establishment of new schools, and by the entertainment of teachers, facilities by which all children of school-going age can receive primary education. When by these means adequate provision of teachers and sufficient schools for all children within a union have been obtained, the Local Government will have power, in consultation with the District School Board, to introduce free and compulsory education within that area. Without such power it will be impossible to make sure that children will attend school long enough to get proper education. Provision will, of course, be made to secure exemption for all those who, on account of some reasonable cause, are unable to attend school. Attendance committees or some similar agency will be formed with powers to enforce attendance.

5. These are the main ideas on which Government propose to base their legislation. One other point may be noticed. In response to the often expressed desire that there should be some form of religious instruction in primary schools, it is proposed to give facilities within school hours for religious instruction, special arrangements being made for the distinctive doctrine or creeds of the guardians of the children at school.

6. As it will take time to survey the educational needs of a district, to prepare schemes for the provision of the necessary schools, to obtain the requisite number of satisfactory teachers, powers must be retained by the Local Government to introduce the Act in whole or in part into districts or parts of districts. For example, the Boards might first be formed to make surveys and prepare schemes. Secondly, when the schemes are ready, the imposition of the cess could be enforced. Lastly, when the system had been launched, a start could be made with compulsion. As progress may no necessarily be equal in all districts, it will also be necessary to be able to put one part of the Act in force in one district without affecting the others.

7. These issues are of far-reaching importance and the Governor in Council will be glad to have the opinions or criticisms of all interested, including local authorities.

ORDER.—Ordered that the Resolution be published in the *Calcutta Gazette* for general information.

By order of the Governor in Council,

J. H. LINDSAY,

Secretary to the Government of Bengal.
